The Waterline On-Call Services Indefinite Delivery/Indefinite Quantity contract was approved by City Council on November 20, 2014 with an initial amount of \$2,000,000 for the first one-year term with two 12-month extension options in an amount of \$2,000,000 per extension, for a total contract amount of \$6,000,000 over a three year period.

Due to recent unanticipated costly emergency repairs, additional funding is required to make available for future emergency repair works. In addition, extension of contract time is required for completing the remaining works and to provide future emergency repair services after the expiration of the third term of this Indefinite Delivery/Indefinite Quantity contract on December 5, 2017. A new Indefinite Delivery/Indefinite Quantity contract is in development however is not expected to be awarded until March 2018. This request adds funding and time to the current contract which will allow construction services to continue, uninterrupted until a new contract can be executed.
