**H-1 C15-2017-0058 Robbie Moseley
2801 Down Cove**

The applicant has requested a variance(s) from Section 25-2-899 (D) and (E) (*Fences as Accessory Uses*) to increase the fence height permitted from an average of 6 feet, maximum height of 7 feet (required, permitted) to 9 feet 1 inch (requested) in order to maintain a recently constructed solid privacy fence on a corner lot in an “SF-2”, Family Residence zoning district.

Note: there is a grade change of at least two feet between the street and this property that would permit an 8 foot solid fence, however because this is a corner lot the adjacent City of Austin owner signature could not be obtained as required. However, the grade change and adjacent owner signatures would only permit maximum of 8 feet height, not the additional 1 foot requested.

**H-2 C15-2017-0059 Lisa Laughlin Boyd
1806 Lakeshore Drive**

The applicant has requested variance(s) to Section 25-2-492 (D) (Site Development Standards) to decrease the front yard from 40 feet (required) to 20 feet (requested, 25 feet existing) in order to add a 290 square foot additional one car garage and storage structure in a “SF-2”, Family Residence zoning district. (Lake Austin Overlay)

Note: in 2012 when the original house and one car garage building permit plan was reviewed and permit issued the zoning of the property was SF-2 and front setback was 25 feet. However, in 2014 the Lake Austin Overlay, Section 25-2-647, was established the property now must meet LA front setback of 40 feet.
