EXPERIENCE

Austin/Travis County Health Department
Medical Director/Health Authority/Assistant Director for Disease
Prevention and Health Promotion 2008-Present

Serve as Local Health Authority for the City of Austin and Travis County, and Assistant Director/Medical Director for the City of Austin's Disease Prevention Health Promotion Division. Responsible for management and oversight of 131 FTE's and a \$18.4 million budget. Responsible for vision, leadership, strategic direction, administration, planning, oversight and overall effectiveness and operations over Division Programs. Over the time period these have included: communicable disease control, emergency and bioterrorism preparedness, epidemiology and surveillance, immunizations, and chronic disease and injury prevention and control programs.

Texas Department of State Health Services (Reorganized from the Texas
Department of Health in 2004), Austin, Texas
Medical Director, Chronic Disease Prevention 2004-2008

Texas Department of Health, Austin Texas
Chief, Bureau of Chronic Disease and Tobacco Prevention 1992-2004

Provided overall vision, leadership and strategic direction to the Bureau of Chronic Disease and Tobacco Prevention, and served as the principal medical resource and principal subject matter expert for the Health Promotion Unit and Chronic Disease Branch. Responsible for management and oversight of 120+ staff and a \$24+ million budget. Programs in the Bureau, included over the course of

the time period, the Texas Diabetes Council/Program, The Tobacco Prevention and Control Program, the Texas Cancer Registry, The Behavioral Risk Factor Surveillance System, the Adult Health Program, the Putting Prevention into Practice program, the Breast and Cervical Cancer Control program, the Kidney Health program, the Alzheimer's Disease program, the Comprehensive Cancer program, and the Cardiovascular Health and Wellness program.

Centers for Disease Control and Prevention, Atlanta, Georgia	
Epidemic Intelligence Service (EIS) Officer	1990-1992

Assigned to the Illinois Department of Public Health. Served as primary epidemiologic investigator for communicable disease outbreaks, including outbreaks of TB, Salmonella, and the first U.S. Outbreak of Cyclospora. Also conducted non-infectious disease epidemiologic studies, including investigations of cancer clusters, retinopathy of prematurity and adverse pregnancy outcomes. Provided medical leadership and CDC presence for monitoring and responding to potential disease outbreaks. Provided consultation for local health departments and the public regarding public health practice, policy and regulations. Presented findings at scientific meetings. Published findings in scientific journals.

Harvard Center for Health Communication, Boston, Massachusetts	
Work/Study Intern	1989-1990

Researched health topics to be addressed by the Harvard Center for Health Communication. Prepared presentations as needed.
