Office Of The City Auditor, Investigative Complaint

July 2017

Office of the City Auditor's complaint against Stefan Sasko

Allegation

In June 2016, the Office of the City Auditor received an allegation that Stefan Sasko, a former Austin Energy employee, had a conflict of interest with an Austin Energy contractor while working for Austin Energy.

Background

The mission of Austin Energy (AE) is "is to safely deliver clean, affordable, reliable energy and excellent customer service." The purpose of Austin Energy Distribution Services activity is to "provide construction, operations, and maintenance of the Distribution System in Austin Energy's service territory."

Stefan Sasko was hired by AE in 2001. He most recently worked as a Distribution Electrician Supervisor in Distribution Services from November 2007 until he retired in January 2017. The official job description for the position indicates that a Distribution Electrician Supervisor "supervises and coordinates the daily activities of electricians involved in construction, repair, installation, maintenance, or removal of electric utility systems and equipment."

Pike Electric is an Austin Energy contractor that entered into a contract with the City in January 2016 to provide "transmission/distribution services and maintenance" including installing utility poles and transformers. Stefan Sasko is listed as "Project Manager" in this contract. [Exhibit B]

Investigation Results

We found evidence indicating that Stefan Sasko, retired Distribution Electrician Supervisor, electronically approved more than 1,900 documents for work performed under an AE contract by Pike Electric, which concurrently employed two of Sasko's brothers. These approvals, occurring from March 2016 to January 2017, while Sasko was a City employee, ultimately led to payments to Pike Electric of more than \$8 million. We conducted limited due diligence and did not find evidence indicating these transactions were inappropriately approved.

We were unable to find evidence indicating that Sasko formally disclosed his potential for a conflict of interest to his supervisor in writing, as required by City Code. We heard testimony from several AE employees that it was general knowledge that Sasko's brothers worked for Pike Electric.

When interviewed:

- Sasko stated that he had been previously removed from a bid evaluation panel because his brother worked for one of the bidders, and stated it was because he "had a conflict of interest."
- Sasko stated that it was common knowledge in the office, including up to AE senior management, that some of his brothers worked for Pike Electric.
- Sasko stated that he did not consider his role in approving Pike Electric worksheets to be a conflict of interest because the scope of work and pay rates are defined in the contract.
- Sasko's supervisor stated that they did not see Sasko's role over the contract as problematic, even though Sasko had brothers working there.

Exhibit A

Conflict of Interest & Substantial Interest of Relative

City Code §2-7-65(C)

"A [...] City employee may not participate in a vote or decision affecting a substantial interest of a person to whom the official or employee is related in the first or second degree of consanguinity or affinity."

City Code §2-7-2(2)

"CITY EMPLOYEE" or "EMPLOYEE" means any person employed by the City [...]"

Stefan Sasko was employed by Austin Energy, a City of Austin department, from December 2001 to January 2017, and for that reason appears to be a City employee during this period.

According to City Code, Sasko is prohibited from participating in a decision affecting a substantial interest of a relative within the first or second degree of consanguinity. Per Texas Government Code 573.023, a brother is considered a relative in the second degree of consanguinity. [Appendix A]

We found evidence that AE Contractor Pike Electric employed two of Sasko's brothers during the time period January 2015-January 2017. [Exhibit D] We also found evidence suggesting that his brothers were associated with work Pike Electric did for AE. Payroll data provided to our office by Pike Electric indicates the following: [Exhibit D]

Gross salary from Pike Electric	Brother 1	Brother 2
CY 2015	\$76,304	\$57,374
CY 2016	\$80,435	\$61,324

City Code §2-7-65(D)(2)

"A [...] City employee may not participate in a vote or decision affecting a substantial interest of a person to whom the official or employee is related in the first or second degree of consanguinity or affinity."

For Sasko's brothers to have a "substantial interest" in Pike Electric, as defined by City Code, their gross salaries from Pike Electric in the "previous year" must be greater than 10% of their total gross income, individually. In an interview with our office, Sasko stated that both brothers do not have employment other than their jobs with Pike Electric. We conducted limited due diligence and did not find evidence that the brothers have employment other than with Pike Electric. Therefore, it appears reasonably likely that Sasko's brothers have a "substantial interest" in Pike Electric.

Assuming that Sasko's brothers have a substantial interest in Pike Electric, an AE contractor, Sasko would then have a conflict of interest; and City Code prohibits him from participating in a decision that would affect Pike Electric.

Participating in a decision

City Code §2-7-65(C)

"A [...] City employee may not participate in a vote or decision affecting a substantial interest of a person to whom the official or employee is related in the first or second degree of consanguinity or affinity."

City Code §2-7-2-1

"A decision of a City employee means any action in which the employee exercises discretionary authority, including but not limited to the [...] imposition or collection of fines or fees, [and] authorizations for expenditures [...]"

Exhibit A

According to the contract between AE and Pike Electric, Sasko is identified as the "Project Manager." The contract language states that the Project Manager "[has] responsibility for this Contract, and will act as the contact point between the City and the Contractor on day-to-day operational related issues during the term of the Contract. All other representatives of Austin Energy shall coordinate work under this Contract with the Project Manager." Sasko's responsibilities as "Project Manager" also included the following, some of which pertain to specific examples of a "decision" in the City Code definition above:

- approving Pike Electric's use of a subcontractor for special projects;
- deciding whether late penalties should be applied to invoices;
- reviewing the Pike Electric's work daily for compliance reporting, and;
- hearing appeals from Pike Electric regarding determinations of whether work performed should be billed at an hourly rate or lump sum. [Exhibit B]

We found that Sasko's "Project Manager" responsibilities were partially manifested in his role as second-level reviewer for worksheets¹ submitted by Pike Electric relating to work performed under the contract. (See Figure A.) Sasko was a "Supervisor" level user in the computer application system that Pike Electric used to submit worksheets to AE. [Exhibit C] Sasko supervised employees who were the first-level reviewers for worksheets. Sasko stated that his review was the "final approval" and that he occasionally rejected worksheets submitted by Pike Electric because they contained errors. We also found evidence that Sasko provided input in resolving disputes with Pike Electric over billing. [Exhibit G]

City Code §2-7-2-1

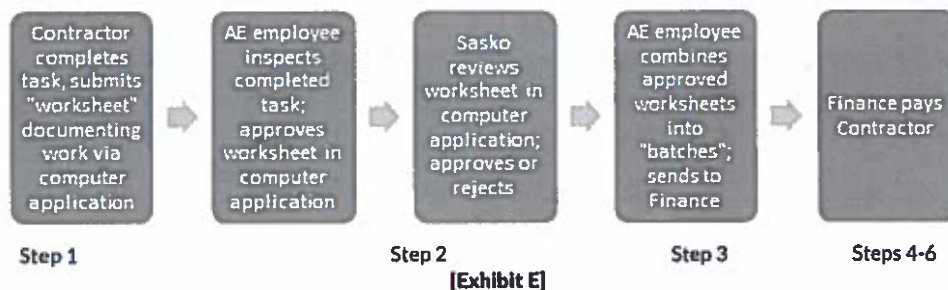

"AFFECTED means reasonably likely to be subject to a direct economic effect or consequence, either positive or negative, as a result of the [...] decision in question."

After Sasko approved worksheets, they went to other employees for further processing and payment. According to Austin Energy employees, Sasko's approval was a necessary step in the process to pay Pike Electric for their work. We found evidence that during the period of March 2016 to January 2017, Sasko approved at least 1,939 worksheets associated with payments of over \$8 million to Pike Electric. [Exhibit F]

FIGURE A

Approval process for work performed by Pike Electric

SOURCE: AE employee interviews; Subject interview; review of computer application system data

¹ A "worksheet" is similar to an invoice and refers to a document submitted electronically by Pike to AE with information about time and materials used to complete a task. Worksheets undergo an approval process and serve as supporting documentation for payments to Pike Electric. [See Exhibit E for an example]

Exhibit A

When interviewed, Sasko confirmed that he had a role in the approval and "billing" process, and that his approval of "thousands" of worksheets submitted by Pike Electric resulted in payment. Sasko also stated that his managers assigned him the role of "Project Manager" over the contract. Sasko's most recent supervisor stated that they believed a former Superintendent at AE assigned Sasko the role; other AE employees corroborated this statement. Sasko stated that he did not consider his role in approving Pike Electric worksheets to be a conflict of interest because the scope of work and pay rates are defined in the contract. The view that Sasko's role and participation was not problematic was shared by Sasko's most recent supervisor (who was his supervisor during the entire period March 2016-January 2017) and other AE employees we spoke with during our investigation.

Sasko's role in the approving work conducted by Pike Electric, which employed two of Sasko's brothers, appears to constitute participation in a decision affecting an entity in which Sasko may have a substantial interest, which would be a violation of the following criteria:

- City Code §2-7-65(C)

Failure to disclose substantial interest

City Code §2-7-64(C)

"A City employee shall notify in writing his supervisor of any substantial interest he may have in an entity which would be affected by an exercise of discretionary authority by the City employee and a supervisor shall reassign the matter."

In an interview with our office, Sasko stated that he did not believe there was a conflict of interest in his approving work done by Pike Electric. Sasko stated that it was common knowledge in the office that some of his brothers worked for Pike Electric; Sasko's most recent supervisor and other AE employees confirmed this.

We heard testimony, including from Sasko, indicating that he did not submit any disclosure in writing to his most recent supervisor regarding his possible substantial interest in Pike Electric. However, as indicated elsewhere in this complaint, it appeared to be common knowledge that Sasko's brothers worked for Pike Electric.

City Code requires that a supervisor reassign the matter following a written disclosure of a substantial interest. We did not find evidence that Sasko disclosed in writing his possible substantial interest in Pike Electric, and therefore we could not establish whether Sasko's former supervisor violated City Code by not reassigning Sasko's responsibilities.

Sasko's failure to provide a written disclosure of a potential conflict of interest he had, stemming from his brothers' employment with Pike Electric, coupled with the fact that Sasko exercised discretionary authority affecting Pike Electric appears to constitute a violation of the following criteria:

- City Code §2-7-64(C)

Investigation Criteria

Conflict of Interest

City Code §2-7-65(C) – SUBSTANTIAL INTEREST OF RELATIVE

A City official or a City employee may not participate in a vote or decision affecting a substantial interest of a person to whom the official or employee is related in the first or second degree of consanguinity or affinity. This subsection does not apply to a substantial interest of a relative based on the relative's employment by a governmental body.

City Code §2-7-65(D) – SUBSTANTIAL INTEREST OF RELATIVE

For the purposes of Subsection (C): A relative other than a spouse has a substantial interest if:

- (2) funds received by the person from the entity exceed 10 percent of the person's gross income for the previous year

City Code §2-7-64(C) – DISCLOSURE OF CONFLICT OF INTEREST

To comply with this section, a City employee shall notify in writing his supervisor of any substantial interest he may have in a natural person, entity or property which would be affected by an exercise of discretionary authority by the City employee and a supervisor shall reassign the matter.

City Code §2-7-2 – Definitions

(1) **AFFECTED** means in the case [an] entity, means reasonably likely to be subject to a direct economic effect or consequence, either positive or negative, as a result of the vote or decision in question. [...] In determining whether a person, entity or property is or was "affected by" a vote or decision, it shall not be necessary to prove the actual existence or occurrence of an economic effect or consequence if such effect or consequence would be reasonably expected to exist or occur.

(2) **CITY EMPLOYEE or EMPLOYEE** means any person employed by the City but does not include independent contractors hired by the City

(4) **DECISION** [...] A decision of a City employee means any action in which the employee exercises discretionary authority, including but not limited to the issuance of permits, imposition or collection of fines or fees, authorizations for expenditures, and other non-ministerial acts.

Computation of Degree of Consanguinity

TEXAS GOVERNMENT CODE 573.023

(C) An individual's relatives within the third degree by consanguinity are the individual's:

[...]

(2) brother, sister, grandparent, or grandchild (relatives in the second degree)

Methodology

To accomplish our investigative objectives, we performed the following steps:

- reviewed applicable City Code and policy;
- conducted background research;
- conducted a forensic analysis of City computer data;
- conducted interviews with seven City employees;
- conducted analysis of contract documents;
- conducted analysis of contract and financial system data;
- obtained information from a City contractor pursuant to the Right to Audit clause;
- obtained documents regarding the subject's employment with the City of Austin; and
- interviewed the subject.

Investigative Standards

Investigations by the Office of the City Auditor are considered non-audit projects under the Government Auditing Standards and are conducted in accordance with the ethics and general standards (Chapters 1-3), procedures recommended by the Association of Certified Fraud Examiners (ACFE), and the ACFE Fraud Examiner's Manual. Investigations conducted also adhere to quality standards established by the Council of the Inspectors General on Integrity and Efficiency (CIGIE), Quality Standards for Investigations, and City Code.

The Office of the City Auditor, per City Code, may conduct investigations into fraud, abuse, or illegality that may be occurring. If the City Auditor, through the Integrity Unit, finds that there is sufficient evidence to indicate that a material violation of a matter within the office's jurisdiction may have occurred, the City Auditor will issue an investigative report and provide a copy to the appropriate authority.

CONTRACTOR shall be responsible for the quality, accuracy, timeliness, and cost control of all subcontractor services. Such services shall be requested directly by OWNER's Project Manager. With OWNER approval, CONTRACTOR may elect to fulfill certain tasks and assignments through use of a subcontractor, or directly with its own forces. (Ref. Lump Sum quotes should not include taxes, since the Owner is tax exempt. MBE/WBE requirements shall be met by the Contractor for all subcontracted Additional Services.

3. DETERMINATION OF SOIL CLASSIFICATION (DIRT OR ROCK):

**CITY OF AUSTIN
PURCHASING OFFICE
SCOPE OF WORK
SOLICITATION NO. RFP LAG0105
TRANSMISSION & DISTRIBUTION ELECTRICAL SERVICES**

A. Soil Classification Rule:

Classification Rule: Soil classification will generally be considered as being rock West of Interstate Highway 35, and will be considered as being dirt East of Interstate Highway 35.

However, these soil conditions assumptions will not hold true in all cases. The classification of "dirt" or "rock" are assigned to many of the unit prices and rates in *Rate Sheet*, and will influence the proposals on these items. Normally, when work is accomplished, the invoice price will follow the above Classification Rule. However, if the actual soil condition is **substantially** different from that designated by the Classification Rule, either the CONTRACTOR or the OWNER may request a change in classification to more appropriately reflect actual conditions.

B. Request for Change in Soil Classification:

A request for change in classification must be submitted in writing to OWNER's Contract Manager, or his designee, with the signatures of the CONTRACTOR and the OWNER's Field Inspector. Alternatively, the CONTRACTOR or OWNER may submit other evidence, such as photos, to demonstrate that a change in classification is warranted. In general, the Classification Rule results in fair and equitable invoicing of the work over time. The provision for changing soil classification is intended to be used for large projects in which an erroneous soil classification would result in a substantial difference in the invoice (\$1,000 or more).

C. Trench Excavations and Drilled Holes:

For trenches or drilled holes, it is sometimes the case that some of the work is in dirt and some is in rock. Provided the work is significantly large to warrant a change in classification, the work may be reclassified based on the observed percentage of rock and dirt, and the invoicing rate adjusted accordingly.

4. STANDARD AND NON STANDARD WORK REQUESTS:

Determination as to whether the work is Standard or Non-Standard will be made by the OWNER's designee prior to assigning the project to the CONTRACTOR. If significant unforeseen work scope changes are required by the OWNER after a Standard Work Project has been assigned, OWNER's designee will re-evaluate the project classification and may change it to Non-Standard. If the CONTRACTOR does not agree with the final project classification, the CONTRACTOR may appeal the determination by contacting the Project Manager and the Contract Administrator, for review for Contract compliance. The appeal must be in writing prior to starting the work, or if changes are made after work has begun, after the work request is complete.

A. Standard vs. Non-Standard Work - How it is Determined

- i. **Reason for Standard and Non- Standard:** Standard work is work performed strictly according to specification for the purpose of standard job pricing as defined in the Rate Sheet, **Sections 3.00 through 26.00**. In those instances where work cannot be performed strictly according to specification, only the specific task within the project will be considered "Non-Standard" and will be performed on an hourly basis as defined in the Rate Sheet, Sections 1.00 and 2.00
- ii. The basis for determining work to be non-standard is to protect the CONTRACTOR from being damaged because (1) the assigned work does not fall within a specified bid unit (2) there is a change to the work caused by OWNER which substantially impacts CONTRACTOR's cost or time for completion. In determining non-standard charges caused by owner, non-standard work will be predetermined and agreed upon before commencing work. However, determining work

**CITY OF AUSTIN
PURCHASING OFFICE
SCOPE OF WORK
SOLICITATION NO. RFP LAG0105
TRANSMISSION & DISTRIBUTION ELECTRICAL SERVICES**

Note: If the majority of a project scope is Standard Work, but a discreet segment of the scope is work for which there is no applicable unit pricing, the OWNER may elect to assign the former portion of the project scope as a Standard Work Project, and have the latter portion of the scope performed on an Hourly Rate Basis or subcontracted.

C. Non Standard Work

The following guidelines are for **Non Standard Work**:

- i. Work does not fall under applicable unit pricing
- ii. The terrain at the work site is such that it cannot be easily negotiated by road vehicles, such as a pickup truck, and will substantially hinder Contractor's productivity.
- iii. The Contractor is required to move or remove fixed property (such as sheds, fences, etc.) which are in the right of way and are included as part of the project scope.
- iv. If the Work is not on the front property line and it is not reasonably accessed by Contractor's equipment.
- v. The CONTRACTOR is required to move or remove fixed property (such as sheds, fences, large or numerous shrubbery or plantings, etc.) in the right of way in order to complete the project.
- vi. There is a change to the work after the work has been started or issued by OWNER, which substantially impacts CONTRACTOR's cost or time for completion.
- vii. There is unusual interference or difficulty or delays caused by a customer.

Note: If CONTRACTOR fails to provide OWNER's Customer(s) the required advance notification (ref. *To Supplemental Purchase Provisions, Section 0400, Article 30, paragraph 30.4, Notification*), then the OWNER shall not be responsible for any resulting delays due to Customer interference.

D. Daily Time / Field Unit Sheet Submission for all Standard / Non Standard Work

CONTRACTOR is required on a daily basis to provide OWNER's Inspector with a daily time / field unit sheet indicating all hours / units worked by CONTRACTOR's personnel and equipment, including a brief description of work performed for each work release in progress.

Work Crew Status and Routing

Contractor shall provide daily, on a form approved by OWNER, their work crew(s) status and work location(s). POST-AWARD INSTRUCTIONS

(See Appendix C)

Confirmation Letters

All Bidders are required to include copies of the confirmation letters received from subcontractors, confirming the Subcontractors' willingness to provide services should the contract be awarded.

Changes to the *Compliance Plan* including additions, deletions, contract changes, or substitutions of subcontractors are permitted only after contract execution and only with prior written approval of SMBR. Request for changes to the *Compliance Plan* must be submitted on the *Request for Change of Compliance Plan Form* for all levels of subcontracting and must be approved by the SMBR Director prior to adding, deleting, changing or substituting any subcontractor.

Post-Award Monitoring

The City will monitor post-award compliance information regarding the use of certified MBE/WBE Firm(s) listed on the *Compliance Plan*. The Bidder will be required to submit post award reports detailing the utilization of all subcontractors. The reports and other information regarding post-award compliance will be discussed with the successful Bidder. The following information on Payment Verification, Change Order/Contract Amendments, and Progressive Sanctions provides an overview of some of the post-award monitoring process.

▪ **Payment Verification**

Bidders are advised that the contract resulting from this solicitation includes a subcontractor payments clause. This clause requires all subcontractors to be paid within ten (10) calendar days from the date that the Bidder has been paid by the City for invoices submitted by subcontractors.

The Bidder shall submit a *Subcontractor/Supplier Awards and Expenditures Report* to the project manager and/or contract administrator at the time specified by the managing department. The report shall be in the format required by the City and shall include all awards and payments to subcontractors for goods and services provided under the contract during the previous month. The Bidder and/or any subcontractor whose subcontracts are being counted toward the MBE/WBE requirements shall allow the City access to records relating to the contract, including but not limited to, subcontracts, payroll records, tax information, and accounting records, for the purpose of determining whether the MBEs/WBEs are performing the scheduled subcontract work.

Be sure to ask the employer to file Form W-2c, Corrected Wage and Tax Statement, with the Social Security Administration (SSA) to correct any name, SSN, or money amount error reported to the SSA on Form W-2. Be sure to get your copies of Form W-2c from your employer for all corrections made so you may file them with your tax return. If your name and SSN are correct but are not the same as shown on your social security card, you should ask for a new card that displays your correct name at any SSA office or by calling 1-800-772-1213. You also may visit the SSA at www.socialsecurity.gov.

Cost of employer-sponsored health coverage (if such cost is provided by the employer). The reporting in box 12, using code DD, of the cost of employer-sponsored health coverage is for your information only. The amount reported with code DD is not taxable.

Notice to Employee

Do you have to file? Refer to the Form 1040 instructions to determine if you are required to file a tax return. Even if you do not have to file a tax return, you may be eligible for a refund if box 2 shows an amount or if you are eligible for any credit.

Earned income credit (EIC). You may be able to take the EIC for 2016 if your adjusted gross income (AGI) is less than a certain amount. The amount of the credit is based on income and family size. Workers without children could qualify for a smaller credit. You and any qualifying children must have valid social security numbers (SSNs). You cannot take the EIC if your investment income is more than the specified amount for 2016 or if income is earned for services provided while you were an inmate at a penal institution. For 2016 income limits and more information, visit www.irs.gov/eitc. Also see Pub. 596, Earned Income Credit. **Any EIC that is more than your tax liability is refunded to you, but only if you file a tax return.**

Clergy and religious workers. If you are not subject to social security and Medicare taxes, see Pub. 517, Social Security and Other Information for Members of the Clergy and Religious Workers.

Verification Code. If this field is populated, enter this code when it is requested by your tax return preparation software. It is possible your software or preparer will not request the code. The code is not entered on paper-filed returns.

Instructions for Employee

Box 1. Enter this amount on the wages line of your tax return.

Box 2. Enter this amount on the federal income tax withheld line of your tax return.

Box 5. You may be required to report this amount on Form 8959, Additional Medicare Tax. See Form 1040 instructions to determine if you are required to complete Form 8959.

Box 6. This amount includes the 1.45% Medicare Tax withheld on all Medicare wages and tips shown in box 5, as well as the 0.9% Additional Medicare Tax on any of those Medicare wages and tips above \$200,000.

Box 8. This amount is **not** included in boxes 1, 3, 5, or 7. For information on how to report tips on your tax return, see your Form 1040 instructions.

You must file Form 4137, Social Security and Medicare Tax on Unreported Tip Income, with your income tax return to report at least the allocated tip amount unless you can prove that you received a smaller amount. If you have records that show the actual amount of tips you received, report that amount even if it is more or less than the allocated tips. On Form 4137 you will calculate the social security and Medicare tax owed on the allocated tips shown on your Form(s) W-2 that you must report as income and on other tips you did not report to your employer. By filing Form 4137, your social security tips will be credited to your social security record (used to figure your benefits).

Corrections. If your name, SSN, or address is incorrect, correct Copies B, C, and 2 and ask your employer to correct your employment record. Be sure to ask the employer to file Form W-2c, Corrected Wage and Tax Statement, with the Social Security Administration (SSA) to correct any name, SSN, or money amount error reported to the SSA on Form W-2. Be sure to get your copies of Form W-2c from your employer for all corrections made so you may file them with your tax return. If your name and SSN are correct but are not the same as shown on your social security card, you should ask for a new card that displays your correct name at any SSA office or by calling 1-800-772-1213. You also may visit the SSA at www.socialsecurity.gov.

Cost of employer-sponsored health coverage (if such cost is provided by the employer). The reporting in box 12, using code DD, of the cost of employer-sponsored health coverage is for your information only. **The amount reported with code DD is not taxable.**

Credit for excess taxes. If you had more than one employer in 2016 and more than \$7,347 in social security and/or Tier 1 railroad retirement (RRTA) taxes were withheld, you may be able to claim a credit for the excess against your federal income tax. If you had more than one railroad employer and more than \$4,321.80 in Tier 2 RRTA tax was withheld, you also may be able to claim a credit. See your Form 1040 or Form 1040A Instructions and Pub. 505, Tax Withholding and Estimated Tax.

Box 10. This amount includes the total dependent care benefits that your employer paid to you or incurred on your behalf (including amounts from a section 125 (cafeteria) plan). Any amount over \$5,000 is also included in box 1. Complete Form 2441, Child and Dependent Care Expenses, to compute any taxable and nontaxable amounts.

Box 11. This amount is (a) reported in box 1 if it is a distribution made to you from a nonqualified deferred compensation or nongovernmental section 457(b) plan or (b) included in box 3 and/or 5 if it is a prior year deferral under a nonqualified or section 457(b) plan that became taxable for social security and Medicare taxes this year because there is no longer a substantial risk of forfeiture of your right to the deferred amount. This box should not be used if you had a deferral and a distribution in the same calendar year. If you made a deferral and received a distribution in the same calendar year, and you are or will be age 62 by the end of the calendar year, your employer should file Form SSA-131, Employer Report of Special Wage Payments, with the Social Security Administration and give you a copy.

Elective deferrals (codes D, E, F, and S) and designated Roth contributions (codes AA, BB, and EE) under all plans are generally limited to a total of \$18,000 (\$12,500 if you only have SIMPLE plans; \$21,000 for section 403(b) plans if you qualify for the 15-year rule explained in Pub. 571). Deferrals under code G are limited to \$18,000. Deferrals under code H are limited to \$7,000.

Subject: RE: WR # 145223 - 906 W. Lynn Austin, TX - Dispute

All, Work Point #3 to S10 is 20', which calls for para 500 CU MCM wire from 3) 167 KVA 208V Bank to metering point being 8) 20' runs totaling 160' of 500 CU MCM service conductor. Item No. 17.01 for Installing the 500 Para Conductor will total: \$274.79 for this service wire being installation. Example: If this work point would have called for 2) para 4/0 Quadraplex of 2) 20' runs totaling 40' of 4/0 QUAD service conductor. Item No. 17.08 for installing Para Multiplex Conductor would have totaled: \$79.10. I believe that the stringing of each individual service conductor is a substantial amount for this type of service since it does not come in the twist configuration. Let me know on the decision on thoughts. I Concur as leaving it as is. Thanks.

Could one of you email me a copy of the workbook, so I can see the amount of work we are talking about? I want to figure out the best way to charge for this instance, but I also want to see if we need to add a new unit going forward.

Thanks,
Mike

Subject: WR #145223 - 906 W. Lynn Austin, TX - Dispute
Importance: High

Michael & Ron,

We have performed service for AE on WR #145223 (906 W. Lynn, Austin, TX). Upon completion of those service our crew leader completed the workbook and submitted it for the payment process. Stefan reviewed the workbook, contacted my Area Supervisor, Ed Moore, and informed him that he was rejecting the workbook based on the fact that the services performed had no appropriate units. Ed and Stefan discussed this further and could not agree on exactly how to submit the actual performed unit. Stefan suggested that we send the dispute to you for clarification.

The scope of work (SOW) that the crew performed was to install a new 3-phase parallel service, install 3 pot bank, transfer primary dead-end, transfer guys, remove 3 pot bank, remove dead-end arm and remove old 3-phase parallel service. The dispute comes in the 3-phase parallel service installation.

This installation of service is considered secondary work. Our existing units allow for conductor at a per foot price plus the dead-ends. The secondary's in question are 2 runs (4 wires each) of open wire that had to dead-end on both the building and the pole. The other option was to put our SOW under twist which also includes the termination, but the issue with that unit is that this was not multiplex but was open/bare. Everyone agrees that we want to be fair to both AE and Pike, but if we use our current units, conductor, dead-end or twist then one of the two parties is going to be either over charged or shorted. None of the units by their definitions mention the word service, only secondary's and we need clarification on what units to use.

Would it be in both AE's and Pike's best interest that AE establish an additional unit, which would address this type of work (open wire service) that was requested and has been performed, so that can Pike price that unit based on its definition, or should we just use one of the existing units previously discussed? If we should use an existing one, please advise on which you prefer we use. We are all in agreement to resolve this issue, but establishing a new unit falls under your scope of authority so this issue is being presented to you for review, comment and resolution. We are all confident that this will not be the only instance of this SOW being requested again, it is merely the first time we have encountered it thus far since the new contract.

We look forward to working with you on an equitable resolution for all as quickly as possible. I further trust that the notification of this dispute will negate the time limit requirements of the contract for submission of payment for this particular WR until resolution can be obtained.

Thank you for your time and consideration in this matter,

Mr. Stacey D. Nobles, PMP, APMC
