We would be happy to sit down and review these findings if the City has any additional questions and we look forward to getting these matters resolved as soon as possible so the BOA proceedings can move forward. Please confirm again, the City's position after these findings have been fully reviewed/considered?

Kindest Regards,

R

Mr. Raspberry,

Travis Central Appraisal District show the building improvements on the property to have been completed in 1968. The Aerials on file are very blurry but appear to show the rock bulkhead and deck to exist. We have no Stop Work Orders from any previous lake inspectors in our system for this address. From the information we are finding on this property we are not incline to issue a Stop Work Order at this site. If you have any information that would support and assist with clarifying the issuance of a Stop Work Order please feel free to send it to me.

Happy Holidays.

David H. Chapman

Environmental Compliance Supervisor
One Texas Center, 3rd floor

Scheduled Meeting Disclosure Information:

In accordance with City of Austin Ordinance 20160922-005, responsibility of written disclosure is required by visitors when attending a scheduled meeting with a City Official regarding a municipal question as defined within City Code 4-8-2 for compensation on behalf of another person. Development Services Department has elected to implement an electronic survey as the methodology to provide the opportunity to record information as required of the department under Section 4-8-8 (E) of the City Code. Individuals scheduling or accepting a meeting invitation with a City Official are requested to provide responses to the questions included in the department survey available at the following link: [DSD Survey](#). Please note that all information provided is subject to public disclosure via DSD's open data portal.
