County shall not be liable for any claims, damages and attorney fees arising from the negligent or illegal acts of City employees in relation to the operation of the Central Booking Facility or arising from any condition or operation of the Central Booking Facility that result from City facilities, policies, practices or operations.

County and Sheriff have the right to reverse the acceptance of any City Prisoner who is serving time in confinement in lieu of paying a monetary fine after conviction and commitment by a City court if a magistrate has not conducted a hearing on the issue of the indigency of that person and found that person to be

financially able to pay the fine. Nothing contained in this Agreement shall be construed to require the Sheriff to hold any person in custody contrary to (1) the Constitution and laws of the State of Texas, or (2) the Constitution and laws of the United States.

7.6 The City Officer who presents a City Prisoner at the Central Booking Facility will provide complete and accurate information necessary to complete forms required by County for all City Prisoners brought to the Central Booking Facility. County will fingerprint and photograph all Prisoners; provided, however, that County shall not be required to fingerprint and photograph persons who are being booked on misdemeanor charges only and who were fingerprinted and photographed within the preceding one-year period. City will process and file all photographs. City shall classify and file all fingerprints and mug shots. For these purposes the terms "prints" and "photographs" shall include all media, including electronic and digitized media as may be appropriate to maintain optimum efficiency, and as agreed upon by City and County. County will be responsible for providing for its use printers ink, rollers, ink pads, and scanner wipes for the Live Scan System. City will provide fingerprint and palm print cards.

7.7 City and County will maintain a network connectivity link. Except as may be provided in a separate written agreement between the parties, the cost of maintaining the connectivity link and the equipment purchased for that system shall be borne by the party that incurred the expense. County will operate and maintain an identification system that provides electronic images of fingerprints. City shall continue to provide County use of and access to City's digitized mug shot system via a network connection link. City shall provide the equipment necessary to capture, process and transmit digitized mug shot images to the City's database. City shall continue to allow County access to its digitized mug shot database. 7.8 City and County shall share information among themselves to facilitate modifications to their reporting requirements, data entry forms, software and hardware of the Central Booking Facility. City and County shall also consult with each other prior to modifying their respective software and hardware, form design, or reporting requirements when these modifications may impact the other's software, hardware, form development or reporting requirements. During design and before final approval of any modification of any form design of shared forms, data elements, reporting requirements, software or hardware used in the Central Booking Facility operations, the party proposing the modifications shall notify the other party in writing of the details of the proposed modifications and allow the other party a reasonable time, considering the size and complexity of the proposed modifications, to review the modifications, evaluate all aspects of the impact of the proposed modifications on that party, and develop suggestions about how to eliminate or minimize any adverse impact and advise the proposing party of the results of the review and evaluation and the suggestions developed. City and County shall cooperate in both reaching the goals of the proposing party's modifications and minimizing the adverse impact on the other party.

7.9 County agrees to provide City Officers access to all Prisoners consistent with their rights guaranteed by the Constitution of the United States of America and the Constitution and laws of the State of Texas. County agrees to release Prisoners for investigative purposes to City Officers within limitations imposed by courts and necessary routine Central Booking Facility procedures.

The Austin Police Department shall provide the AP ID Number to County at the same time the name and fingerprint confirmation are provided. County shall maintain the state mandated Incident Tracking Number (TRN\TRS) and the AP ID Number in the booking record.

7.11 Medical Care. With regard to each person that City officers present for booking, City Officers shall notify Central Booking Facility staff of (1) any known or suspected injuries to the person, (2) any known or suspected illnesses of the person, (3) any health complaints made by the person, and (4) any medical treatment given to the person. The Sheriff may refuse to accept a person for booking into the County Jail when, in the judgment of the Sheriff, medical attention is necessary before the person's confinement. If the Sheriff refuses to accept a City Prisoner because the City Prisoner is in need of medical attention prior to confinement, City shall transport the prisoner for hospitalization and/or medical treatment before again presenting the City Prisoner for booking. After a City Prisoner has been accepted by the Sheriff for confinement and booked into the County Jail, County shall provide routine medical attention within the reasonable capabilities of County medical staff on duty in the Central Booking Facility. If a City Prisoner requires hospitalization and/or medical treatment beyond that available from the Central Booking Facility staff, City shall be responsible to pay for such hospitalization and/or treatment, and should any such expense be incurred by County, City shall reimburse County upon request. This Agreement does not create any City liability to third parties for payment of treatment costs of persons taken to a hospital or other treatment provider. Upon request of City, the Sheriff may assign a Sheriff's officer to guard a City Prisoner who has been transported to a hospital by City Officers for medical treatment prior to booking. County shall not be responsible for any costs associated with the hospitalization and/or treatment of any such City Prisoner kept under guard by Sheriff's officers, and should any such expense be incurred by County, City shall reimburse County upon request. City shall not be responsible for any expenses arising from the negligent or illegal acts of County employees.

7.12 On any occasions that City Officers who are peace officers want to take custody of a Prisoner for lawful purposes, they shall be permitted to do so if they comply with routine Central Booking Facility procedures. These procedures will necessarily involve a formal assumption of responsibility and liability for the Prisoner.

7.13 The County will conduct investigations concerning all grievances and/or complaints filed by Prisoners according to County policy. The County ensures that all incidents of death or serious bodily injury involving Prisoners in the Central Booking Facility are appropriately investigated in accordance with state law. The County will cooperate with the City to facilitate joint investigations or separate investigations by the City when it is reasonably likely that City personnel or City interests are involved.

7.14 This Agreement shall not limit the power of County or the Sheriff to perform booking or detention services for other governmental entities.

7.15 If parking is not available within the sallyport for a City officer delivering a City Prisoner to be booked, County officers shall escort the City Prisoner from the sallyport into the Central Booking Facility while the City officer parks his or her vehicle outside the sallyport. As soon as the City officer has parked his or her vehicle, the City officer shall retake custody of the City Prisoner to continue the booking process. The County officer's escort of a City Prisoner from the sallyport as described herein shall not be deemed

acceptance of the City Prisoner by the County for the purpose of booking and confinement and County shall retain the right not to accept the City Prisoner as otherwise provided in this Agreement or by law. The purpose of this section is to expedite the Prisoner's entry into the facility, and to prevent Prisoners from being walked into the facility from areas outside the enclosed sallyport.

7.16 County will not hold a City prisoner longer than 48 hours if the prisoner has met the requirements for release as provided in the Code of Criminal Procedure.

8.1 Judicial Administration

8.2 It is agreed that the City shall provide magistration required at the Central Booking Facility in accordance with all state and federal law. City and County shall require all persons who perform magistration services to record the exact time at which magistration for each Prisoner is completed. It is also agreed that the City shall provide all support services for the City's magistration duties, including, but not limited to, interpreter services. Notwithstanding the foregoing, both parties to this Agreement acknowledge that the Justices of the Peace and other judges and certain other officials retain the powers of their respective offices to provide magistration in the event these services are needed in lieu of magistration by City's Municipal Court Judges. City's magistrates may arraign City Prisoners, and collect fines and costs in appropriate cases for offenses within the jurisdiction of the City of Austin Municipal Court.

8.3 City magistrates shall provide magistration services at the Central Booking Facility 24 hours a day, seven days a week, except for one (1) hour break period for each daily shift during which a magistrate will not be available. Courtroom activities shall be given priority by magistrates.

This schedule is designed to coincide with the current days and hours of operation of the Downtown Austin Community Court. If the operating days and/or hours of the Downtown Austin Community Court change, the Parties may change the schedule by mutual agreement without the necessity of formal written amendment of this Agreement. City expressly acknowledges and agrees that the detention of City DACC arrestees pending transport by City officers to the Downtown Austin Community Court is pursuant to City

policy and City shall be responsible for any liability that results from the policy, unless the liability arises from separate acts, apart from this policy, constituting negligent or illegal acts of County employees. The Parties expressly acknowledge and agree that the Sheriff retains the right to manage the inmate population at the Central Booking Facility at all times, which includes the right to release City DACC arrestees to appear at the Downtown Austin Community Court as conditions warrant.

8.6 Sheriff staff will collect fines and fees associated with cases within the jurisdiction of the City of Austin Municipal Court for City Prisoners booked into the Central Booking Facility. A Sheriff's staff member and a Municipal Court clerk will reconcile the collections daily. City is responsible for transportation of funds and documentation from the Central Booking Facility to the Municipal Court.

8.7 City and County agree to cooperate in a procedure for the filing of criminal cases into the appropriate court having jurisdiction of the offense. City and County acknowledge that the Municipal Court and its Clerk will not maintain custody of documents filed in cases that are higher than Class C Misdemeanors.

The Austin Police Department (APD) and the Travis County Sheriff's Office (TCSO) bringing arrestees to the Central Booking Facility during these hours may utilize the contracted phlebotomy services. Other arresting agencies bringing arrestees to the Central Booking Facility may utilize the contracted phlebotomy services under separate MOU's with the City of Austin. However, the APD and TCSO
