

**HISTORIC LANDMARK COMMISSION
FEBRUARY 26, 2018
PERMITS IN NATIONAL REGISTER HISTORIC DISTRICTS
NRD-2017-0089
1406 W. 9TH STREET
WEST LINE HISTORIC DISTRICT**

PROPOSAL

Demolish a ca. 1958 duplex.

ARCHITECTURE

One-story, rectangular-plan, side-gabled frame duplex with each section reading as a section of the house; the rear unit is connected to the front unit, but has a front-gabled entry with a partial-width inset porch; fenestration includes 1:1, and 8:8. It appears that many of the materials used in the construction of the duplex were salvaged from earlier buildings that were demolished; the re-use of building materials is noted on the building permit for this address.

RESEARCH

The duplex was constructed as rental property by Francis Becker, who lived at 1410 W. 9th Street for many years. There appears to be a relatively high turnover of tenants over the years; tenants have included an office secretary, an insurance agent, students, and a butcher.

STAFF COMMENTS

The duplex is non-contributing to the historic district.

STAFF RECOMMENDATION

Release the permit upon completion of a City of Austin Documentation Package, consisting of photographs of all elevations, a dimensioned sketch plan, and a narrative history, for archiving at the Austin History Center, and upon the Commission's review of plans for new construction on the site.
