---

Cara,

Please see the email below from Steven Tomlinson of the Aldridge Place LHD. Sorry for the delay in getting this information to you, but the LHD just completed its review of our restoration plan.

Will you recommend approval of the application at Monday's meeting?

Bill Bojorquez

This message is from Steven Tomlinson. [REDACTED]

Dear Mr. Sadowsky:

The Aldridge Place LHD has reviewed the application for certificate of appropriateness for Bill Bojorquez to remodel the house at 501 West 33rd Street. The applicants met with the committee and nearby neighbors. Our principle concern was that he not paint the bricks, although this is not expressly prohibited in our design guidelines. Because he has (at our suggestion) agreed to work with James Roppolo to match mortar on the masonry repair, we are confident that he will get a result that he likes well enough to avoid painting over the bricks.

We have voted to APPROVE his application and grant a certificate of appropriateness. I am in London away from my home e-mail. Please call me if you have questions [REDACTED]. If you'll mail me at [REDACTED] I can resend this note and copy all the committee members.

Yours,  
Steven Tomlinson  
Chair, Aldridge Place LHD Board
