

## MAYOR PRO TEM TOVO MOTION SHEET

I move to amend the **Metrics** for homelessness under the **ECONOMIC OPPORTUNITY & AFFORDABILITY** portion of the draft Austin Strategic Direction Plan 2023 to read as follows:

### **E. Homelessness**

1. Number of persons experiencing homelessness (~~point in time count~~) (Point in Time Count and the annual count of sheltered homeless persons in the Homelessness Management Information System (HMIS)).
2. Number and percentage of persons who successfully exit from homelessness.
3. ~~Number of new people experiencing homelessness~~ Number of persons who have not been served by the community's homeless system in the two years prior to entry into the homeless system.
4. Number and percentage of people receiving homelessness services through COA contracts and DACC case management who move into housing.
5. Number of new permanent supportive housing units constructed.
6. Number of persons served by Homeless Outreach Street Team and estimated dollars of resulting avoided system costs related to those individuals.

---

I move to amend the **Metrics** for homelessness under the **ECONOMIC OPPORTUNITY & AFFORDABILITY** portion of the draft Austin Strategic Direction Plan 2023 to *add* new metrics and a footnote to read:

### **E. Homelessness**

- ~~7. Number of Housing First (HF) Permanent Supportive Housing units (PSH) units dedicated to persons experiencing chronic homelessness.~~
8. Number of people who return to homelessness after moving into housing.

Footnote for E. Homelessness: Data for these metrics can be obtained by accessing the Continuum of Care's System Performance Measures, which are currently tracked within the community-wide Homelessness Management Information System (HMIS).
