**RESOLUTION NO. 20170413-025**

**WHEREAS**, the loss of affordable housing for low- and moderate-income families and residents is one of the biggest challenges facing Austin today; and

**WHEREAS**, the City has a strong financial and social interest in preserving as much existing affordable housing as possible; and

**WHEREAS**, the Imagine Austin Comprehensive Plan states as one of its key challenges for the future “encouraging the preservation of affordable housing in neighborhoods across the city and in activity centers and corridors”; and

**WHEREAS**, various past efforts have directed the City Manager to assess existing affordable housing and to identify strategies for its preservation, including Resolutions No. 20130509-031, 20141016-034, and 20170126-038 and reports such as the City’s 2008 Affordable Housing Preservation Study and HousingWorks’s 2014, “Taking Action: Preservation of Affordable Housing in the City of Austin”; and

**WHEREAS**, these efforts adopted goals for affordable housing preservation and identified strategies such as the creation of an Affordable Housing Preservation Strike Fund and zero- or low-interest loan programs for housing acquisition and rehabilitation; and

**WHEREAS**, if the City Council approves the Austin Strategic Housing Plan, it would be the first comprehensive effort to align resources to create and preserve affordable housing; and

**WHEREAS**, the Strategic Housing Plan proposes that 25 percent of new

and preserved affordable housing units be located within ¼ mile of high-frequency transit; and

**WHEREAS**, a recent presentation by HousingWorks to the CodeNEXT Advisory Group showed that the vast majority of Austin's existing affordable housing – 65,000 units – is unsubsidized older housing, compared to 21,500 subsidized units; and

**WHEREAS**, Resolution 20160818-074 authorizing the special election for \$700 million in mobility bonds directed the City Manager to include recommendations that preserve existing affordable housing and local businesses and exploring opportunities for new affordable housing along the corridors in the "Corridor Construction Program"; and

**WHEREAS**, past corridor plans developed without affordable housing goals or strategies for preservation in place ahead of time resulted in significant loss of existing affordable housing; and

**WHEREAS**, federal transportation funding competitions reward cities that are actively working to preserve access to transit corridors for low-income residents, and the City's Housing-Jobs-Transit Action team is working to coordinate activities and align goals; and

**WHEREAS**, The University of Texas, along with assistance from researchers from Fregonese Associates and Cornell University, have developed a Corridor Housing Preservation Tool within Envision Tomorrow which aggregates various datasets to help local and regional governments understand existing affordable housing conditions along transit corridors and to assess the scale of displacement that could occur; and

**WHEREAS**, the Corridor Housing Preservation Tool allows cities to proactively address and identify preservation strategies to prevent the displacement of low-income renters who live in market rate affordable units and are transit-dependent; and

**WHEREAS**, the Corridor Housing Preservation Tool currently provides data on how eight Austin corridors area (Burnet, Crestview, Manor, North Campus, Riverside, South Congress, South Lamar, and West Austin) compare in terms of the job access they provide to low-wage workers via transit, the existing stock of affordable housing vulnerable to loss through redevelopment or expiring subsidies, and the intensity of current market pressure; and

**WHEREAS**, efforts have begun to implement a privately managed affordable housing strike fund (Strike Fund) which could purchase market affordable properties at risk of demolition or redevelopment; and

**WHEREAS**, the Corridor Housing Preservation Tool could help guide financial investments and other public interventions to the properties along corridors most at risk for becoming less affordable, and in doing so, help work toward ensuring that Austin stays as affordable as possible for low wage workers such as bus drivers, musicians, service industry workers, daycare providers, and the many other individuals who are vital to our community's continued success;  
**NOW, THEREFORE,**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Manager is directed to consider using the Corridor Housing Preservation Tool to help assess current conditions and set corridor-specific numeric goals for the creation and preservation of affordable housing for corridors

throughout Austin, beginning with those corridors that will receive funding through the 2016 Mobility Bond.

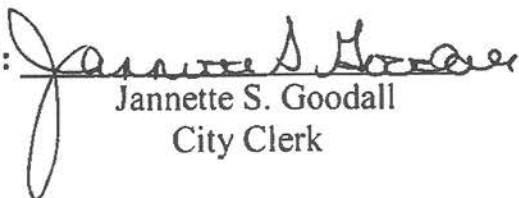

**BE IT FURTHER RESOLVED:**

Using the Strategic Housing Plan and other preservation reports and plans as the foundation, the City Manager is directed to identify any additional resources or strategies for leveraging transportation and infrastructure investments and coordinating with the Strike Fund to retain and create affordable housing along Austin's corridors.

**BE IT FURTHER RESOLVED:**

The City Manager is further directed to report at least twice per year on the provisions contained within the resolution so that Council can be apprised of where development is occurring along corridors and what progress the City is making toward meeting its goals for affordable housing in those areas.

**RESOLUTION NO. 20170817-053**

**WHEREAS**, the City of Austin needs to address displacement caused by gentrification in a comprehensive, broad, and systematic, intentional manner; and

**WHEREAS**, individuals, residents, families and business owners have unique stories regarding displacement resulting in gentrification; and

**WHEREAS**, the recently approved City of Austin Strategic Housing Blueprint provides a commitment to preserve goals for affordable housing in each City Council district to ensure there is income accessible affordable housing throughout the City; and

**WHEREAS**, Austin residents have long advocated for a comprehensive plan to address mass displacement with clear strategies to prevent further displacement; and

**WHEREAS**, a focus of the Mayor's Task Force on Institutional Racism and Systemic Inequities holds past public policy actions and inactions accountable for racially discriminatory practices and policies resulting in housing segregation and displacement driven by gentrification and recommends several policies to remedy the resulting inequitable status quo; and

**WHEREAS**, the City Council has passed multiple resolutions and initiated work related to affordable housing preservation and other anti-gentrification efforts; and

**WHEREAS**, strategies to limit displacement require community participation, policy expertise and an allocation of resources and/or legislative actions for each strategy; **NOW, THEREFORE**,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Council creates a task force to review and recommend the specific strategies in five categories of action, which include (1) preserving and expanding the supply of affordable housing; (2) controlling land for community development; (3) preserving and growing small businesses and cultural assets; (4) income and asset creation by providing needed services – childcare, transportation, a basic retail sector, access to health care, and employment opportunities – as a precondition for success; and (5) financing strategies to provide community-specific ways to fund the other four categories of action. The task force will commit to a 10-month process that will culminate in identifying sources of information that will reveal the depth of the problem in our communities, set metrics and goals, and give preliminary recommendations for displacement prevention. The task force will be referred to as “Anti-Displacement Task Force”.

The task force will consist of 17 members. The Mayor and each Council Member will appoint one member to the task force and the Mayor will appoint 6 additional members as stipulated in Chapter 2-1 (*City Boards*). The members appointed by the Mayor and City Council will consist of a racially, demographically, and geographically diverse body of:

- Housing and tenant advocates – one appointee
- Non-profit housing development – one appointee
- Representatives of the development industry – one appointee
- Affected persons who have experienced or are experiencing displacement – six appointees

- Urban Studies and Planning expertise and experience in displacement and gentrification and implementing equitable inclusive development strategies – one appointee
- Housing Finance expertise and experience in rental housing finance and homeownership and affordable and subsidized housing – one appointee
- Land Use expertise and experience in historic preservation and landmarks, zoning, and development rights – one appointee
- Neighborhood conditions expertise and experience in economic development, health, racial/ethnic segregation, schools and education and crime – one appointee

The additional 4 task force members appointed by the Mayor will consist of members who have not been appointed representing the various fields and competencies, seniors, persons with disabilities, and local government policy expertise and experience in regulatory policy concerning development and housing.

The task force will be subject to Chapter 2-1 (*City Boards*); will meet at least once a month for ten months; and be charged with assessing the growing loss of rental and owned units, quantifying the problem, and then reporting back to the Council with a set of recommendations for consideration and possible adoption in August of 2018. The task force will submit an in-progress report back to the community and Council after three months and submit a preliminary report to the Council after six months. The task force will expire upon the completion of its assigned task(s).

**BE IT FURTHER RESOLVED:**

The Council finds that the task force will need assistance from the City Manager. To assist the task force with its work, the Council requests the City Manager provide resources to compile data for the task force that includes housing losses due to demolition, condominium conversion, speculative sale, abandonment, increased home prices and rents, and provide other indicators of housing loss and/or displacement drawing from available data; and to provide information to the task force about previously adopted Council Resolutions with the related responses from the City Manager, including those recommended in the Mayor's Task Force on Institutional Racism and Systemic Inequities. A partial list of previously adopted Council Resolutions is attached to this Resolution as Exhibit A.

**BE IT FURTHER RESOLVED:**

The City Auditor is directed to review all City work to date involving policy and program recommendations related to displacement and gentrification and determine their implementation status. The City Auditor will submit their findings to the task force within 90 days.

**BE IT FURTHER RESOLVED:**

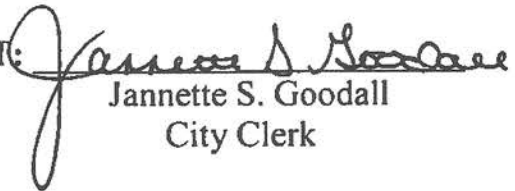

The City Manager is directed to solicit proposals from outside expertise to inform the task force with technical expertise. The consultant should be able to research, develop, or otherwise provide technical expertise with displacement and gentrification strategies, and to facilitate research concerning displacement. The consultant shall regularly communicate with the task force to allow each to inform the work of the other. The consultant shall provide the task force with a tool box of

policies and programs where efficacy of anti-displacement tools have been proven and research of key issues affecting displacement and gentrification.

Special Report

# City Efforts to Address Displacement and Gentrification

January 2018

We identified 541 recommendations and resolutions issued between 2000 and August 2017 related to displacement and gentrification. After compiling this inventory, we determined that 133 of these recommendations and resolutions have a direct effect on displacement and gentrification and are actionable. As of January 2018, 56 of these 133 recommendations and resolutions are presumed implemented or reported as implemented. Four were reported as not implemented. The status of the remaining 73 direct and actionable recommendations and resolutions is unknown at this time.

As we completed this special request, we noted two themes related to the development and tracking of recommendations. Specifically, some recommendations contain language that makes it difficult to implement the recommendation as they are not specific, measurable, and actionable. In addition, many recommendations are not currently tracked.

## Objective

The objective of this project was to determine the status of City policy and recommendations related to displacement and gentrification in the City.

## Background

Recent City Council discussions and media reports indicate there is concern that the City of Austin is facing a sharp population growth and rapidly rising home values, especially in areas historically occupied by low-income families. In addition, many moderately and lower priced homes in the City have been demolished and are being replaced by more expensive properties and developments. Pressures from rising housing prices and decreasing affordable housing options may be contributing to the displacement of long-time residents and small businesses, particularly in east Austin.

The observed conditions have been characterized as gentrification and involuntary displacement. Gentrification occurs when higher income residents displace lower income residents of a neighborhood, changing the character and culture of that area. Involuntary displacement happens when a resident can no longer afford to stay in his or her home. It also happens when a business closes because it is either “priced out” of an area or its customer base is involuntarily displaced.

Over the years, a significant number of resolutions have been passed and numerous recommendations aimed at minimizing the impact of gentrification and displacement in Austin were made. In August 2017, Council directed the City Auditor and City Manager to review City work involving policy and recommendations related to gentrification and displacement. Council further directed the City Auditor and City Manager to determine the recommendation and resolution implementation status, and provide the results to the Anti-Displacement Task Force.

Further, City Council charged the Anti-Displacement Task Force with reviewing these resolutions and recommendations, and recommending specific strategies to address gentrification and involuntary displacement in five categories of action. These categories are:

1. preserving and expanding the supply of affordable housing;
2. controlling land for community development;

3. preserving and growing small businesses and cultural assets;
4. assisting income and asset creation by providing needed services; and
5. financing strategies to fund the other four categories of action.

## What We Learned

In total, we found 541 recommendations and resolutions related to displacement and gentrification. The sources of these recommendations are summarized in Exhibit 1. (See Appendix A for recommendations from task forces, Appendix B for recommendations from community reports, Appendix C for recommendations from commissions, Appendix D for recommendations from the Office of the City Auditor, and Appendix E for the Council resolutions).

We categorized our results using the five categories of action described in the Background section. Because we identified 209 recommendations that did not fit in these five original categories, we added three additional categories: recommendations for planning and approach, recommendations for process improvements, and recommendations for monitoring City activities related to gentrification and displacement. See Exhibit 2.

We further categorized the recommendations and resolutions by whether they had a direct or indirect effect on gentrification and displacement. See Exhibit 3. We defined a recommendation or resolution as having a “direct effect” if it clearly and immediately impacts the population experiencing gentrification and displacement. For example, the creation of affordable housing units would be a direct effect. A recommendation with an indirect effect, on the other hand, would be something that is designed to support direct efforts. An example of an indirect recommendation might be increasing funding for City staff assigned to a particular program or a recommendation designed to affect a broad population (such as all Austinites).

**Exhibit 3: Recommendations and Resolutions by Effect Category**

SOURCE: OCA analysis of recommendations and resolutions relating to displacement and gentrification, January 2018.

We also observed that 12 of these direct effect recommendations are related to homelessness and removed these from our inventory of recommendations and resolutions because these will likely be addressed by the recently established City Homelessness Task Force.

Finally, we reviewed the 154 recommendations and resolutions categorized as having a direct effect, and further divided them into two subgroups: those that were immediately actionable and those that are not actionable. We defined not actionable as recommendations that do not appear to be legal, are not implementable as worded, or would require significant additional clarification to be acted upon. Most recommendations were identified as “actionable” following this analysis with only 9 categorized as “not actionable” (see Exhibit 4). Examples of recommendations that appeared to have a direct effect on gentrification or displacement, but are not actionable are:

- *“The City should maximize tax incentives for preservation”.* This is too broad as worded.
- *“We recommend a mandatory linkage fee to fund creating and preserving substantial affordable housing, based on the Denver model. Based on current projections and 2015 data, if Austin were to implement a linkage fee of \$2 per square foot, it could raise \$60 million annually for the fund, which could create 400 housing units at \$150,000 each.”* This cannot be implemented because State legislation passed in 2017 prohibited municipalities from instituting linkage fees.

### Implementation Status

As of January 10, 2018, 56 of the 133 direct and actionable recommendations and resolutions are presumed implemented<sup>1</sup>, or reported as implemented or partially implemented. Four of the 133 actionable recommendations and resolutions were reported as not implemented. The status of the remaining direct and actionable recommendations and resolutions (which total 73) is unknown at this time. See Exhibit 5. We will update the status of these as soon as information is available.

#### Exhibit 5: Recommendations and Resolutions Implementation Status as of 01/10/2018

A complete inventory of the 541 recommendations and resolutions related to gentrification and displacement assembled for this special request, along with the categorization and implementation status of each can be found on the [City's open data portal](#).

<sup>1</sup> These are resolutions worded in a manner that the passing of the resolution itself (many of which are approving bonds or financing strategies) constitutes implementation.

## Themes

We identified two themes related to development and tracking of recommendations. Specifically, some recommendations contained language that makes it difficult for the recommendation to be implemented as they are not specific, measurable, and actionable. In addition, many recommendations are not currently tracked.

### Development of Recommendations

Some of the recommendations were classified as non-actionable because their language was extremely vague or broad, to the point where it was unclear what next steps should be taken. The Anti-Displacement Task Force may want to consider re-writing or re-phrasing these recommendations so that they can be acted upon in the future. According to best practices, effective recommendations should be constructive, measurable, specific, practical, and actionable. Recommendations should also be directed to individuals who have both the responsibility and authority to implement them.

### Many Recommendations Are Not Currently Tracked

A significant portion of the recommendations we found were addressed to the City Council. For example, 99% of the recommendations from City task forces and commissions were directed to Council. It is possible that some of the Council resolutions we identified were in response to these recommendations. However, based on conversations with City management, staff, and other stakeholders, it appears that there is not a system in place to make this determination or to otherwise track the status of recommendations directed to City Council.

Additionally, while City Council resolutions are easy to locate and review online, the City has not historically shared the actions that have been taken in response to City Council resolutions in an easy to access, public format. Without information on City efforts to address Council resolutions, task forces and other bodies may repeat analysis and recommendations for action that have already been requested of City management.

## Recommendations Relating to Gentrification and Displacement From Task Force Reports

Report	Summary of Recommendations
1. Mayor's Task Force on Institutional Racism and Systematic Inequities Report (March 2017)	<p>This report focuses on ending institutional racism and systemic inequities in the Austin area. The recommendations are divided into five sectors: education, health, real estate and housing, civil and criminal justice, as well as finance, banking, and industry. We identified five direct, actionable recommendations in the report that address topics such as:</p> <ul style="list-style-type: none"> <li>▪ Homeowner tax payment assistance;</li> <li>▪ Adjustments to property taxes for seniors;</li> <li>▪ Increasing the range of housing types allowed by the land development code; and</li> <li>▪ Continuing and improving the City's home repair programs.</li> </ul>
2. Low-Income Consumer Advisory Task Force Report (March 2015)	<p>This recommendation requested the City Auditor to perform a citywide audit relating to affordable housing and low-income energy programs. Specifically, "the City Auditor should survey City resources applied to affordable housing, energy, and water efficiency, and solar programs; and determine whether there is a need for standardization of the programs, and needed changes and if they are being managed efficiently."</p>
3. Affordable Housing Incentives Task Force Report (February 2007)	<p>This report recommends strategies for enhancements to City's policies aimed at creating affordable housing. Specific recommendations included:</p> <ul style="list-style-type: none"> <li>▪ Expediting the development review and approval process for S.M.A.R.T. Housing projects (both for single and multi-family projects);</li> <li>▪ Implementing affordable housing incentives;</li> <li>▪ Implementing structured "upzoning" for MF-zoned sites specifically in exchange for 10% of rental units reserved for low-income residents;</li> <li>▪ Establishing alternative development standards available to all S.M.A.R.T. Housing developments such as allowing small lot standards on conventional single-family tracts and for housing developments that exceed targets by providing 20 year affordability to families below 60% median family income, establishing more flexible development standards; and</li> <li>▪ Expanding income standards in order to enhance the flexibility of the S.M.A.R.T. Housing program.</li> </ul>
4. Staff Task Force on Gentrification in East Austin (March 2003)	<p>This report determined that gentrification seemed to be occurring in East Austin in 2003. However, the pace of gentrification was not rapid and the spatial manifestation was not widespread. Recommendations included:</p> <ul style="list-style-type: none"> <li>▪ Adopt the 12 steps in the Brookings Institution Framework;</li> <li>▪ Strengthen the relationship between S.M.A.R.T. Housing and Smart Growth policies;</li> <li>▪ Promote S.M.A.R.T. Housing development;</li> <li>▪ Continue to identify surplus city, school district, and state property for S.M.A.R.T. Housing developments;</li> <li>▪ Increase rehabilitation funding for low-income historic homeowners;</li> <li>▪ Encourage the development of S.M.A.R.T. Housing rental units on non-residentially zoned property;</li> <li>▪ Develop and promote alternate methods of compliance for land development;</li> <li>▪ Educate residents about legal rights regarding homeownership;</li> <li>▪ Continue to evaluate City policies and ordinances for impact on housing affordability;</li> <li>▪ Creation of a virtual historic zoning tax appraisal "Neighborhood" (non-geographically based) at the Travis Central Appraisal District (TCAD);</li> <li>▪ Expand Tax Appraisal District public outreach;</li> <li>▪ Increase rehabilitation funding for low-income historic homeowners; and</li> <li>▪ Increase historic preservation tools and incentives.</li> </ul>
5. Gentrification Implications of Historic Zoning in East Austin Task Force (October 2002)	<p>This report determined that gentrification was occurring in East Austin and that historically zoned properties contribute to and mitigate the impact of gentrification. Recommendations included:</p> <ul style="list-style-type: none"> <li>▪ Adopt the 10 steps in the Brookings Institution Framework and the Community Development Commission's February 2000 recommendations for balanced growth;</li> <li>▪ Revisit the idea of tax increment financing needs in light of the 9/7/2000 Council resolution to promote S.M.A.R.T. Housing;</li> <li>▪ Evaluate the idea of a Community Land Trust in light of the state laws expanding the school district and State of Texas' ability to make surplus property available for low-income residents;</li> <li>▪ Develop a policy concerning proposed zoning changes and neighborhood plans that promote equitable development;</li> <li>▪ Seek removal of historically zoned properties from the tax evaluation methodology process;</li> <li>▪ Provide tax incentives and tax freezes for local historic districts and landmarks;</li> <li>▪ Provide outreach services to ensure that residents take advantage of tax benefits;</li> </ul>

Report	Summary of Recommendations
	<ul style="list-style-type: none"> <li>▪ Recognize historic figures for any presently (or future) designated properties;</li> <li>▪ Minimize displacement of low-income residents and small business owners in areas that receive City assistance;</li> <li>▪ Create and promote historical surveys; and</li> <li>▪ Continue funding the City's rehabilitation fund to mitigate increased rehabilitation costs.</li> </ul>
6. Updated Gentrification and Neighborhood Planning Report (June 2001)	<p>This study looked at gentrification in the City of Austin. Recommendations included:</p> <ul style="list-style-type: none"> <li>▪ Adopt the 10 strategies in the Brookings Institution Framework;</li> <li>▪ Prioritize low-income owners and renters for public investment when attempting to mitigate the potential impacts of gentrification;</li> <li>▪ Adopt "Equitable Development" as a goal for the City's neighborhood revitalization efforts; and</li> <li>▪ Examine comparative data from the 1990 census and 2000 census when determining whether gentrification is likely to occur or is actually occurring.</li> </ul>

## Appendix B

### Recommendations Relating to Gentrification and Displacement from Community Reports

Report	Summary of Recommendations
1. Analysis of Impediments to Fair Housing Choice - City of Austin (May 2015)	<p>This report recommended modifications to the Austin Independent School District's allocation of funds that are weighted towards student needs rather than enrollment numbers. Specific recommendations included:</p> <ul style="list-style-type: none"> <li>▪ Creating a district-wide foundation and endowment fund for low-equity schools;</li> <li>▪ Creating school partnerships and supporting fundraising in low-equity schools; and</li> <li>▪ Creating public/private partnerships to support low-equity schools.</li> </ul>
2. Finding the Balance: Low-Wage Jobs and Affordable Housing in the City of Austin (September 2014)	<p>This report explores the relationship between low-wage workers and housing that is affordable to those workers across the entire City of Austin. The study recommended that in order to address areas of mismatch and to better link low- and moderate-wage workers with housing that is affordable to them, the City should consider the following policies:</p> <ul style="list-style-type: none"> <li>▪ Adopt and Implement Homestead Preservation Districts and Tax Increment Financing;</li> <li>▪ Invest in areas that increase geographic dispersion of affordable housing;</li> <li>▪ Consider Commercial Linkage Fees;</li> <li>▪ Facilitate a Pilot Employer-Assisted Housing Program; and</li> <li>▪ Integrate jobs-housing data into the central Texas opportunity map.</li> </ul>
3. Homestead Preservation District: Council resolution No. 20140213-044 (December 2014)	<p>This report contains information relating to a program plan and funding strategies for viable Homestead Preservation Districts (HPD) in the context of the overall affordable housing financing strategy. This report specifically recommended five eligibility criteria for establishing an HPD and various financing strategies which included:</p> <ul style="list-style-type: none"> <li>▪ Identify projects throughout the Tax Increment Financing Zone (TIRZ) to invest in both affordable housing and infrastructure;</li> <li>▪ Identify specific target areas to encourage development within potential districts to jointly collaborate and apply to the City to invest in infrastructure using TIF mechanisms that can generate additional opportunities for the inclusion of affordable housing units in their projects;</li> <li>▪ For all future TIRZs created in any HPD-eligible area, dedicate a portion of the revenue for affordable housing;</li> <li>▪ Amend the Housing Trust Fund by increasing the % of property tax revenue generated by properties in any HPD-eligible area that convert from publically-owned to privately-owned, from 40% to 60%, and dedicating all 60% to be spent within the HPD area the property resides in; and</li> <li>▪ Increase the annual general fund budget for affordable housing above current baseline.</li> </ul>
4. Permanent Supportive Housing (PSH) in Austin, Texas: Successes, Challenges and Future Implications for the City's 2010 Permanent Supportive Housing Strategy	<p>This study analyzed the permanent supportive housing in the City and made recommendations relating to output target goal and funding. Specifically, this study recommended the City continue to support Permanent Supportive Housing (PSH) as the primary intervention to end chronic homelessness. In order to do so, the City should set a new target of 400 PSH units, with a minimum of 200 dedicated to Housing First PSH. These units should be, in part, funded by general obligation bond funds, the Housing Trust Fund, and general revenue to support capital development, rental subsidies, and support services.</p> <p>This report also made several other recommendations in the areas of: strategy modifications to ensure that housing is accessible to users; coordinated assessments and PSH prioritization; fostering partnership relationships; and ongoing program evaluation.</p>
5. Update Report to Council on Permanent Supportive Housing (August 2014)	<p>This report is an update to the report entitled <i>Permanent Supportive Housing (PSH) in Austin, Texas: Successes, Challenges and Future Implications for the City's 2010 Permanent Supportive Housing Strategy</i>. It set forth the same recommendations as those originally published.</p>
6. Housing the Hardest to Serve: Using Permanent Supportive Housing to Address Chronic Homelessness in	<p>This study explores the housing challenges facing chronically homeless residents and recommends strategies for housing the hardest to serve which included:</p> <ul style="list-style-type: none"> <li>▪ Clearly defining and distinguishing PSH and Housing First PSH;</li> <li>▪ Identifying frequent users; dedicating a percentage of general obligation bond funds explicitly for Housing First PSH;</li> <li>▪ Exploring Creative Housing First PSH funding partnerships;</li> <li>▪ Making RHDA funding contingent upon provision of basic PSH;</li> </ul>

Report	Summary of Recommendations
the City of Austin (August 2014)	<ul style="list-style-type: none"> <li>▪ Developing consistent and reasonable policies regarding tenant criminal histories;</li> <li>▪ Developing consistent and reasonable policies regarding tenant credit/rental histories;</li> <li>▪ Creating a good landlord program;</li> <li>▪ Creating/funding a full-time equivalent (FTE) dedicated to landlord relations;</li> <li>▪ Exploring the possibility of a risk mitigation pool;</li> <li>▪ Working with Texas Department of Housing and Community Affairs (TDHCA) to clarify its supportive housing definitions; and</li> <li>▪ Work with the City and Austin Energy to fully resource Austin Energy's Discount and Plus 1 programs.</li> </ul>
7. Taking Action: Preservation of Affordable Housing in the City of Austin (July 2014)	<p>This study looked at ways to preserve affordable housing. It included the following recommendations:</p> <ul style="list-style-type: none"> <li>▪ Adopt homestead preservation districts and homestead preservation district Tax Increment Finance (TIFs);</li> <li>▪ Maximize tax incentives for preservation;</li> <li>▪ Develop a preservation strike fund with a goal of preserving a significant number of units in the next 20 years; and</li> <li>▪ Reconvene stakeholder group.</li> </ul>
8. City of Austin Comprehensive Housing Market Study (July 2014)	<p>This report provides an assessment of the City's housing market. The recommendations made include:</p> <ul style="list-style-type: none"> <li>▪ Adopt quick fixes for regulatory barriers to create opportunities to produce affordable units. Quick fixes included modifications to accessory dwelling unit (ADU) regulations and making improvements to the development process.</li> <li>▪ Expand public-private partnerships in affordable housing creation.</li> <li>▪ Utilize public land, particularly that which is underutilized and ready for development.</li> <li>▪ Others include: Explore additional property tax relief for low-income owners; consider preservation initiatives; set a citywide affordable housing goal; and encourage a broader use of neighborhood infill and design tools in neighborhood plans.</li> </ul>
9. Final Tenant Relocation Policy Recommendations (May 2013)	<p>This report looked at tenant relocation standards and the feasibility of, and mechanisms for, implementing these standards in zoning and demolition permit applications. Recommendations address areas including: eligibility, tenant notification, and tenant relocation assistance:</p> <ul style="list-style-type: none"> <li>▪ <u>Eligibility</u> – Tenant relocation policy to apply to all demolition or renovation of developments that will result in the displacement of its residents.</li> <li>▪ <u>Notification</u> – Developer to provide at least a six months' notice of the final move-out date to affected tenants.</li> <li>▪ <u>Relocation assistance</u> – Developer in some instances should provide relocation and moving stipends; City to create an internal case management/realtor assistance program; developer should allow flexible move-out dates to tenants who chose to move out after notice is given.</li> </ul>
10. Comprehensive Financing Recommendations for 350-Unit Permanent Supportive Housing (PSH) Goal (April 2012)	<p>This review was sanctioned by Council to look at the PSH Strategy and recommended a comprehensive public-private financing strategy for creating the 350 units. Recommendations covered the following:</p> <ul style="list-style-type: none"> <li>▪ <u>Financing strategy/Service funding strategy</u> - PSH units funded via the bond initiative be restricted to providers implementing a Housing First approach; implement collaborative funding process with local partners.</li> <li>▪ <u>PSH Rental Subsidy</u> - local public housing authorities commit 164 Housing Choice Vouchers to PSH, and that 75 Veterans Affairs Supportive Housing (VASH) vouchers be utilized for chronically homeless veterans.</li> <li>▪ <u>Process</u> - New funding committed to the initiative should require that recipients directly identify the populations and subpopulations expected to be served and actually placed in housing; track not only total unit count toward the 350 unit goal, but also the progress toward meeting the subpopulation goals.</li> </ul>
11. Ending Community Homelessness Coalition (ECHO) Housing Committee Permanent Supportive Housing Services Work Group (August 2010)	<p>This report contains several recommendations mainly aimed at process improvements including, for example:</p> <ul style="list-style-type: none"> <li>▪ Creating an integrated services approach that incorporates as much client choice as possible;</li> <li>▪ Co-locating services to make them accessible;</li> <li>▪ Utilizing a common vulnerability and cost measurement tool;</li> <li>▪ Implementing better performance measures;</li> <li>▪ Performing program outreach; and</li> <li>▪ Exploring a central intake approach.</li> </ul> <p>Other recommendations addressed areas such as: case management, behavioral health, physical health, and income stability.</p>

Report	Summary of Recommendations
<p>12. Permanent Supportive Housing Program and Financial Model for Austin/Travis County, Texas – February 2010</p>	<p>This report makes recommendations aimed at moving supportive housing production forward in Austin/Travis County. Recommendations include:</p> <ul style="list-style-type: none"> <li>▪ <u>Target Goal</u> - Set a four year (2010-2013) target goal of houses at 350 units with priority given to those with mental illness and co-occurring disorders.</li> <li>▪ <u>Revenue and resource allocation</u>: <ul style="list-style-type: none"> <li>○ Target affordable housing general obligation bonds and other City resources for PSH;</li> <li>○ Provide project-based PSH rental subsidies;</li> <li>○ Provide new funding for priority populations;</li> <li>○ Develop partnerships; and</li> <li>○ Advocate for state policies to award additional points to PSH developments in the state low-income housing tax credit application.</li> </ul> </li> <li>▪ <u>Process Improvements and Systems Change</u>: <ul style="list-style-type: none"> <li>○ Increase capacity of developers and service providers; improve data gathering efforts.</li> <li>○ Operationalize funding priorities and quality standards in the continuum of care process; establish PSH as a policy approach; track progress and coordinate efforts among the various stakeholders.</li> </ul> </li> </ul>

### Recommendations Relating to Gentrification and Displacement from City Commissions

Commission	Summary of Recommendations
<b>African American Resource Advisory Commission</b>	Made four recommendations to Council related to providing financial support to attract, nurture, and maintain local African American-owned businesses. The Commission additionally recommended that the sale of any City-owned Properties within the African American Cultural Heritage District (AACHD) "critical zone," should first require a review of the proposed purchase by the African American Resource Advisory Commission to determine if the intended use of the property aligns with its location and significance within the AACHD.
<b>Asian American Quality of Life Advisory Commission</b>	Made one recommendation to Council to develop budget policies and initiatives that address institutional racism and systematic inequality that works to exclude and/or discriminate against Asian Americans.
<b>Austin Human Rights Commission</b>	<p>Made seven recommendations to Council related to addressing: standard of life for African-Americans, gentrification, homelessness, housing discrimination issues, and financing strategies for affordable housing. Specifically, this Commission recommended that Council:</p> <ul style="list-style-type: none"> <li>▪ Identify financial investment opportunities of at least \$15 million in the FY 2014-2015 budget to address and improve the standard of life for African-Americans.</li> <li>▪ Address the gentrification crisis affecting residents, devote priority attention to tackle the effects of gentrification, and affirm gentrification as a human rights issue.</li> <li>▪ Allocate funds and explore all available means to create short, medium, and long-term solutions for homeless women in Austin.</li> <li>▪ Endorse the United for Homes Campaign to fund the National Housing Trust Fund to build, preserve, rehabilitate, and operate rental housing that is affordable for extremely low-income households.</li> <li>▪ Staff the Historic Preservation Department with professionals qualified to: make historical assessments of demolition permits, furnish historical data about demolition permits, and research other Historic Preservation Departments.</li> <li>▪ Direct the African-American Resource Advisory Commission, the City Manager, representatives on National Association for the Advancement of Colored People (NAACP), and stakeholders to identify needs and opportunities for financial investment the City's African-American community, and direct the City Demographer to publish an updated African-American quality of life scorecard for FY 2014-2015.</li> <li>▪ Ensure a more inclusive future for downtown by adopting goals for creating homes affordable to a full range of income groups.</li> </ul>
<b>Community Development Commission</b>	<p>Made 55 recommendations to Council related to financing strategies, creating and preserving affordable housing, discrimination in housing, and supporting other City strategies. Examples include:</p> <p><u>General recommendations:</u></p> <ul style="list-style-type: none"> <li>▪ Set aside property as a Community Land Trust.</li> <li>▪ Develop strategies to lower costs of building accessory dwelling units, and develop resources to help owners that will build accessory dwelling units for low-income tenants.</li> <li>▪ Include in the City's FY17-18 budget a \$1 million contingency fund to be used to preserve service delivery capacity if the federal Community Services Block Grant (CSBG) funding is not received and ensure the City manager seek broader funding for City neighborhood centers.</li> <li>▪ Utilize Community Development Block Grant funds and Housing Trust funds to provide assistance to mobile/manufactured home residents being displaced.</li> <li>▪ Identify potential negative consequences (in every new city code, ordinance, plan or policy) for people of color, as well as any potential for improvement to proactively make reparations for those negatively impacted. The review and approval must include</li> </ul>

Commission	Summary of Recommendations
	<p>analysis of CodeNEXT.</p> <ul style="list-style-type: none"> <li>▪ Ensure developments seeking CURE zoning meet the requirements of the affordable housing density program.</li> <li>▪ Support use of public land and areas with height restrictions as opportunity to create affordable housing.</li> <li>▪ Limit housing subsidies to people below 80 percent of the Median Family Income (MFI) and use density bonuses to create housing affordable for people up to 120 percent of the MFI.</li> <li>▪ Support affordability benefits on site over in-lieu fees in order to promote affordable housing opportunities for lower income people throughout Austin.</li> <li>▪ Use the Equity Tool to review the pattern of granting variances in neighborhoods where the majority of residents are people of color.</li> <li>▪ Use funds for development of affordable housing to create additional homes, not replace existing ones.</li> <li>▪ Enact a temporary moratorium on rezoning and demolition of any structure deemed to either be individually eligible or contributing to the historic nature of the East Austin area covered in the City of Austin Historic Resources Survey of 2015.</li> <li>▪ Prioritize a moratorium on all rezoning cases and demolition permits for single family and multi-family homes within East Austin Homestead Preservation Districts and the African-American Cultural Heritage District.</li> </ul> <p><u>Recommendations relating to the 2016 draft Austin Strategic Housing Plan:</u></p> <ul style="list-style-type: none"> <li>▪ Set more ambitious goals overall for affordable units and levels of affordability with goals broken out for each income level (0-30, 30-50, 50-80) below 80% Median Family Income.</li> <li>▪ Add preservation goals to the plan to include strategies for preserving the ability of lower income people to continue living in gentrifying areas such as those in Council districts 1 and 3. Include these goals in the discussion of Equity and Inclusion.</li> <li>▪ Make changes to S.M.A.R.T. Housing program so that affordability is longer term, or clarify in the plan.</li> <li>▪ Make 25% of homeownership units be two bedroom units; set a preference for selling these units to families with children.</li> </ul>
<b>Economic Prosperity Commission</b>	Made two recommendation to Council related to funding cooperative development and support.
<b>Hispanic/Latino Quality of Life Resource Advisory Commission</b>	<p>Made three recommendations to Council related to funding small and minority-owned businesses. Specifically:</p> <ul style="list-style-type: none"> <li>▪ Fund Las Comadres building support systems for seniors on fixed incomes in zip code 78702 project for \$37,520.</li> <li>▪ Fund the Economic Growth Business Incubator (EGBI) project for \$180,000 for ongoing efforts in Latino-owned small business development services.</li> <li>▪ Fund the Strategic Planning and Capacity Building Grant for Latino and other minority-owned scalable enterprises.</li> </ul>
<b>Historic Landmark Commission</b>	<p>Made five recommendations to Council related to preserving of older historic buildings while increasing density. Specifically:</p> <ul style="list-style-type: none"> <li>▪ Encourage Accessory Dwelling Units as a tool to retain older, historic residential buildings (50+ years) while increasing density.</li> <li>▪ Discourage demolitions of older commercial and residential buildings.</li> <li>▪ Allocate full funding for a comprehensive citywide historic resources survey.</li> <li>▪ Make local historic district designation easier for community members with additional and clearer support materials and provide more staff support for applications.</li> <li>▪ Develop a comprehensive preservation plan for the City to guide future preservation policy.</li> </ul>

## Appendix D

### Recommendations Relating to Gentrification and Displacement from the Office of the City Auditor

Audit Report	Summary of Recommendations
Austin Energy Low-Income Weatherization Program Audit (2015)	<p>This report contains four recommendations. Specifically, Austin Energy management should:</p> <ol style="list-style-type: none"> <li>1. Ensure adequate monitoring and oversight over the eligibility process to ensure expending of program funds are optimized and that only eligible customers are served.</li> <li>2. Clarify the goals of the weatherization program with the stakeholders and track relevant and reliable performance measures for evaluating the success of the program.</li> <li>3. Continue to implement the changes noted in the additional observation section including marketing the program to increase awareness of available weatherization services.</li> <li>4. Review and structure weatherization contracting, operations, and measurements to ensure that funding allocated to the program is used.</li> </ol>
Prioritization of Affordable Housing Development Audit (2015)	<p>This report contains five recommendations. Specifically, the Neighborhood Housing and Community Development (NHCD) Director should:</p> <ol style="list-style-type: none"> <li>1. Initiate a policy discussion with the City Council to: evaluate whether City policies and programs which support the creation of affordable housing are effective in achieving the City's affordable housing core values and in meeting the affordable housing needs of the community; and seek direction on the role of NHCD for programs involving developer incentives for affordable housing.</li> <li>2. Organize affordable housing efforts to ensure that City policies and programs which support the creation of affordable housing are clearly prioritized, and are linked to the achievement of the established affordable housing values and community needs.</li> <li>3. Regularly report to the public and decision-makers outcomes related to achievement of core values to ensure accountability.</li> <li>4. Coordinate with other City departments to ensure accurate tracking, monitoring, and reporting of projects that result in affordability restrictions on housing developments.</li> <li>5. Allocate appropriate resources to ensure that compliance and monitoring of affordability restrictions occurs timely and in a manner that is consistent with policy requirements.</li> </ol>
Austin Energy Customer Assistance Programs Audit (2012)	<p>This report contains two recommendations. Specifically, Austin Energy management should:</p> <ol style="list-style-type: none"> <li>1. Work with Council to identify a funding source to pay for assistance provided through the Discount Program.</li> <li>2. Work with the Plus 1 Program partners and community representatives to define what is meant by "having difficulty in paying utility bills" and determine the feasibility of establishing consistent minimum criteria for the end-recipients of the Plus 1 Program.</li> </ol>
Affordable Housing: Rental Housing and Acquisition & Development Monitoring Audit (2011)	<p>This report contains two recommendations. Specifically, the Neighborhood Housing and Community Development Director should:</p> <ol style="list-style-type: none"> <li>1. Continue efforts to ensure the completeness and accuracy of project information collected and maintained in the monitoring database by the Compliance Division; and facilitate coordination between the Project Administration and Compliance Divisions.</li> <li>2. Improve existing procedures and controls for monitoring activities in order to have an efficient and effective monitoring process and ensure that staff is trained to implement those procedures and controls.</li> </ol>
E 11th & 12th Street Redevelopment Project Audit (2009)	<p>This report contains six recommendations. Specifically, City Manager and Neighborhood Housing and Community Development (NHCD) Director should:</p> <ol style="list-style-type: none"> <li>1. Re-vision the Redevelopment Project, incorporate input from recent plan amendments, and determine the individual steps required to fully implement the Master Plan.</li> <li>2. Ensure that a detailed implementation plan, that outlines the steps to be taken to ensure that goals of the Redevelopment Project as envisioned in the Master Plan and the Urban Renewal Plan are met, is created.</li> <li>3. Ensure that all contracts and associated agreements are updated to clearly define the roles and responsibilities of each of the partners, especially with regard to providing leadership and</li> </ol>

	<p>development of implementation plans.</p> <ol style="list-style-type: none"> <li>4. Ensure that a project coordinator at NHCD is tasked with monitoring and ensuring that the Redevelopment Project implementation plan is properly executed.</li> <li>5. Evaluate redevelopment options and associated financial risks prior to entering into new contractual agreements for the Redevelopment Project.</li> <li>6. Clarify or modify the expectations for ARA's self-sufficiency.</li> </ol>
Austin Energy Deferred Payment Agreements Audit (2007)	<p>This report contains seven recommendations. Specifically, the Austin Energy Senior Vice President of Customer Care should:</p> <ol style="list-style-type: none"> <li>1. Communicate the need for data entry verification (e.g., constraints on date fields) to the team developing specifications for the Customer Information System (CIS) upgrade.</li> <li>2. Ensure that written notification is sent to a customer who establishes a Deferred Payment Agreement (DPA), and communicate the need for inclusion of DPA terms, payment amounts, and payment due dates on bills once CIS is upgraded.</li> <li>3. Update the DPA policy to reflect the number of DPAs a customer can actually receive, and clarify the requirements related to down payments from customers receiving 24-hour notices.</li> <li>4. Review data on commercial accounts and develop a separate policy for Commercial DPAs.</li> <li>5. Identify appropriate warning messages to display to warn Customer Service Representatives of potential deviations from the DPA policy and communicate these needs to the team developing specifications for the CIS upgrade.</li> <li>6. Ensure that Customer Care staff identify and attempt to collect delinquent balances or transfer balances from delinquent inactive accounts to active accounts at the time a DPA is set up.</li> <li>7. Ensure that managers and supervisors regularly review available reports to identify DPA errors and policy violations and provide necessary coaching to reduce such errors in the future.</li> </ol>
City of Austin Long-Term Planning Audit (2006)	<p>This report contains three recommendations. Specifically, the City Manager should:</p> <ol style="list-style-type: none"> <li>1. Revisit the comprehensive planning process to ensure that the process is set up to implement the long-term planning vision.</li> <li>2. Ensure that City planning documents are made easily available to all stakeholders.</li> <li>3. Assign a central oversight group to monitor progress of comprehensive planning efforts on an ongoing basis. This should include utilizing indicators and updating plans to reflect progress.</li> </ol>
Rental Housing Development Assistance Audit (2003)	<p>This report contains 12 recommendations. Specifically, the Community Development Officer should:</p> <ol style="list-style-type: none"> <li>1. Continue to strengthen the role for the accounting for housing-related single-purpose entities and ensure accountability through continuous monitoring.</li> <li>2. Ensure the establishment of a centrally located filing system that includes: an indexing system, allows access to any file within a short period of time, and complies with Neighborhood Housing and Community Development (NHCD)/Austin Housing Finance Corporation (AHFC) internal policy VII.A.1 for reporting.</li> <li>3. Monitor deployment of the newly piloted Oracle information management system and ensure that staff is trained to effectively use the system.</li> <li>4. Continue to ensure that file deficiencies are identified and corrected for all open rental housing contracts still within the affordability period.</li> <li>5. Ensure that staff responsible for long-term NHCD/AHFC rental housing inventory monitoring continue to design, implement, and maintain a system to systematically check contract compliance with lien documents and detect lost or ineligible units.</li> <li>6. Ensure that staff responsible for long-term monitoring continue to notify project developers of documentation deadlines for contracts within their affordability period.</li> <li>7. Ensure that loan contracts with Community Development Housing Organizations (CHDOs) specify the acceptable uses and time frames for expenditure of program income realized on City-funded projects and that income be spent on Austin housing development.</li> </ol>

Audit Report	Summary of Recommendations
	<ol style="list-style-type: none"> <li>8. Require loan officers to apply the methodology for borrower payoff as stated in the note and to document the calculation of those payoffs within project files.</li> <li>9. Assign and align accountability roles according to the recently drafted AHFC Project Underwriting, Development, and Management system.</li> <li>10. Continue efforts to ensure the reliability and completeness of the following information systems within the scope of their designated purpose: Northridge, IDIS, and the long-term monitoring database; ensure that all future projects from inception through their affordability period, whether funded by federal, state, local, or private funds, are entered into the Oracle database.</li> <li>11. Reexamine the current family of performance measures for rental housing development and determine whether those measures appropriately reflect the activities of the program and provide useful information to stakeholders.</li> <li>12. Negotiate a contract, in collaboration with RHDA program staff and developers, in the next calendar year that pilots the collection of data on tenants' housing type and quality prior to becoming housed in an RHDA-funded unit.</li> </ol>
<p>Safe, Mixed-Income, Accessible, Reasonably-Priced, Transit-Oriented (S.M.A.R.T.) Housing Audit (2002)</p>	<p>This report contains 12 recommendations. Specifically:</p> <ol style="list-style-type: none"> <li>1. The Community Development Officer should collaborate with the directors and staff of Watershed Protection Review, Water Wastewater, and Public Works to develop and implement cost-reduction strategies other than fee waivers and expedited review for affordable housing development in Austin, and remove barriers to development of low-moderate housing in the Austin market.</li> <li>2. In the event of non-performance by S.M.A.R.T. Housing-certified projects, the Community Development Officer should work with the City's Law Department to create and implement a binding contract, to be executed as a condition of receiving waivers, advocacy, and additional S.M.A.R.T. Housing benefits.</li> <li>3. NHCD staff should set up an agreement with the departments that waive fees to report actual fee waiver amounts to S.M.A.R.T. housing staff, reconcile authorized waivers to actual waivers, measure costs associated with fees waived, and report total fees waived in the S.M.A.R.T. Housing report to the City Manager's Office.</li> <li>4. The Community Development Officer and Neighborhood Housing and Community Development staff should review the current use of affordability controls to protect the City's interest and make recommendations to Council to the effect of strengthening affordability control requirements.</li> <li>5. The Community Development Officer should identify and implement a family of performance measures that accurately reflect what S.M.A.R.T. Housing staff are expected to achieve.</li> <li>6. The Community Development Officer should adopt and monitor a measure for the Housing Development division reflecting the stock of affordable housing available to each income category in Austin.</li> <li>7. The Community Development Officer should promote S.M.A.R.T. Housing from a service to a budgeted activity.</li> <li>8. The City Manager should reemphasize that other City departments involved in housing development should plan and cooperate with the S.M.A.R.T. Housing staff to ensure that affordable housing issues are addressed in new subdivisions, extensions of existing services, analysis of excess service capacity, and annexations.</li> <li>9. The Community Development Officer should direct the S.M.A.R.T. Housing staff to develop and document written internal policies and procedures for S.M.A.R.T. Housing.</li> <li>10. The S.M.A.R.T. Housing staff should revise affordability and transit-oriented criteria to be more flexible and develop and implement a matrix to evaluate a project's eligibility for program participation according to its contribution to S.M.A.R.T. Housing objectives.</li> <li>11. The S.M.A.R.T. Housing staff and the Neighborhood Housing and Community Development Public</li> </ol>

Audit Report	Summary of Recommendations
	<p>Information Officer should revise S.M.A.R.T. Housing guidelines to include clear descriptions of mutual expectations with regards to processes and products, maximum benefits of fee types eligible for waiver, timeliness expectations, and other rules and requirements.</p> <p>12. The S.M.A.R.T. Housing staff should confer with management, Council, and citizens on their information needs and customize reports accordingly; reports should include measures and tables that clearly reflect service activities.</p>
Cultural Arts Funding Process Audit (2002)	<p>This report contains four recommendations. Specifically, the City Council should:</p> <ol style="list-style-type: none"> <li>1. Utilize the expertise of the consultant currently working on arts funding and governance structures to: assess possible funding models or frameworks for funding the creative/cultural arts in Austin, determine the model that is the best fit for Austin, and provide the means to implement the chosen model; derive a short-term solution for funding the arts in fiscal year 2004 while the long-term solution is being implemented.</li> <li>2. Direct the City Manager to draft a resolution or revised ordinance that includes the following issues as appropriate: <ul style="list-style-type: none"> <li>▪ Council's funding policy priorities and a mechanism for periodic review of the policy priorities.</li> <li>▪ A mechanism that distributes available funds among policy priorities.</li> <li>▪ A single appeals mechanism which includes measures to uphold its integrity, such as limiting recourse seeking more money.</li> <li>▪ A strict conflict-of-interest policy including a document that all parties to the funding process sign, which indicates their understanding of the policy. Refer alleged violations to an authority, such as the Ethics Commission.</li> <li>▪ Contracting criteria that are congruent with policy priorities and City purchasing standards.</li> <li>▪ A standard model for advocating for changes to the application guidelines, such as 30-day advance publication, comment periods, or final approval.</li> </ul> </li> <li>3. Encourage and fund facilitation sessions to assist the new or reorganized arts organization for allocating funding to the arts and its leaders and volunteers on effective communication and managing the new processes.</li> <li>4. Direct the City Manager to employ a grant writer within the City organization to pursue grants for cultural arts funding.</li> </ol>

## Why We Did This Report

The report responds to a request from Council Members in Council Resolution #2017082017-053. The resolution directed the City Auditor to review City work to date involving policy and program recommendations related to displacement and gentrification and to determine their implementation status, and provide the results to the Citizen's Anti-Displacement Task Force.

---

## Scope

The scope of the work includes Council-approved resolutions, as well as recommendations related to displacement and gentrification in the City of Austin issued during the period of January 2000 through August 2017.

To satisfy this scope, we reviewed recommendations from audits, task forces, commissions, and community reports, as well as City Council resolutions.

---

## Methodology

To accomplish our project objective we performed the following steps:

- reviewed various reports developed by City Task Forces, Commissions, and the Office of the City Auditor, as well as the community reports maintained by the Neighborhood Housing and Community Development Department (NHCD). From these sources, we compiled the recommendations relating to displacement and gentrification in the City;
- searched the City Clerk's website and identified the Council resolutions related to displacement and gentrification in the City;
- categorized the identified displacement and gentrification-related recommendations and resolutions into eight categories;
- categorized the identified displacement and gentrification-related recommendations and resolutions by whether they had a direct or indirect effect on gentrification and displacement;
- categorized the identified displacement and gentrification-related recommendations that had a direct effect on displacement and gentrification by whether they were actionable or not actionable; and
- obtained the implementation status (from City staff and based on our judgment) for the identified displacement and gentrification-related recommendations and resolutions that had a direct effect on gentrification and displacement and were immediately actionable.

---

## Project Type

Special request projects conducted by the Office of the City Auditor are considered non-audit projects under Government Auditing Standards and are conducted in accordance with the ethics and general standards (Chapters 1-3).

The Office of the City Auditor was created by the Austin City Charter as an independent office reporting to City Council to help establish accountability and improve City services. Special requests are designed to answer specific questions to assist Council in decision-making. We do not draw conclusions or make recommendations in these reports.

## **RESOLUTION FOR LOW INCOME HOUSING TRUST FUND AND APPROPRIATIONS**

**WHEREAS**, the market in Austin is not preserving or producing affordable housing for low income families, which are households making 60% of median income or less; and

**WHEREAS**, Austin's low income residents by the thousands are being forced to move from Austin; and

**WHEREAS**, U.S. Census data shows that in the five-year period from 2011 through 2015 the number of Austin households making 60% of median income or less decreased by 4,411 despite a net growth of 34,893 households within the City; and

**WHEREAS**, the private housing market cannot produce affordable housing for Austin's low income families because the high cost of construction and land exceed their ability to pay; and

**WHEREAS**, existing low income housing, both for ownership or rental, will always be less expensive than new housing; and

**WHEREAS**, the Austin Strategic Housing Blueprint Plan estimates a need by 2025 for 47,000 additional housing units for residents making 60% of median income or less, which will cost approximately \$4 billion to fully address; and

**WHEREAS**, housing is a fundamental human need and right; and

**WHEREAS**, on 11/19/2009 the City Council of the City of Austin passed Resolution #20091119-063 Using City owned land on Levander Loop for various uses, including affordable housing; and

**WHEREAS**, on 4/17/2015 the City Council passed Resolution #20140417-049 Using City owned land for affordable housing; and

**WHEREAS**, on 10/16/2014 the City Council passed Resolution #20141016-026 Retaining families and school; and

**WHEREAS**, on 6/16/2016 the City Council passed Resolution #20160615-035 Inclusionary zoning in Homestead Preservation Districts; and

---

**WHEREAS**, on 4/11/2017 the City Council passed Resolution #20170411-05 from the Community Development Commission on Mobile home regulations, supporting their continued use throughout the City; and

**WHEREAS**, on 4/14/2017 the City Council set the Affordable Housing Goals for the City of Austin; and

**WHEREAS**, it will require Austin to make large capital investments to preserve, construct, and subsidize housing for workforce families; and

**WHEREAS**, Austin still has no permanent, consistent source of funds to invest in housing; **NOW, THEREFORE**,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Council directs the City Manager to develop a comprehensive plan, budget and ordinance in the next 60 days to present to the Council for adoption that shall:

1. Establish a separate, dedicated Low Income Housing Trust Fund (LIHTF) into which all City housing funds, including those specified below, are placed.
  2. Establish a Low Income Housing Fund Management Agent to administer the LIHTF. The Agent shall have diverse membership and shall include lower income residents, both homeowners and renters, and community representatives.
  3. Begin each annual budget process by first allocating \$16 million to the LIHTF to preserve, construct or subsidize housing for low income families, defined as households making 60% of less of median income, this being the amount the City of Austin spent in fiscal year 2015 – 2016 on fee waivers.
  4. Establish a policy that all future general obligation bond elections include at least 20% of the bonds for low income housing.
  5. Establish a policy similar to the City of Houston's that all new Tax Increment Zones or other quasi-governmental entities created by the City be required
-

to dedicate at least 1/3 of their revenue to the LIHTF for both preservation and construction of low income housing.

6. Amend all density bonus programs so that developers have the mandatory option to pay a fee in lieu equal in an amount to the economic value of the required on-site affordable units.
  7. Require that all City public employee pension funds investigate and consider investing in low income housing within the Austin city limits.

## **RESOLUTION TO ADOPT RIGHT TO STAY AND RIGHT TO RETURN PROGRAMS FOR EAST AUSTIN**

**WHEREAS**, the City of Austin has promoted for decades destructive, racist policies in East Austin resulting in segregation, economic marginalization, environmental injustice, and neglected infrastructure; and

**WHEREAS**, the City has designated East Austin as a “desired development zone”, and the City has failed to take action to prevent wholesale gentrification or to stop massive displacement of lower income residents of color, devastating their neighborhoods, community relationships and culture; and

**WHEREAS**, Right to Stay and Right to Return programs would begin to alleviate and make reparations for Austin’s years of racist zoning, inequitable development, and total disregard of the residents of the Eastside; and

**WHEREAS**, Right to Stay programs exist in many cities, including Houston, Texas, and contain specific strategies and concrete tools to help both renters and homeowners who are historically residents of lower income communities of color to remain in their historic homes, such as:

- 1) working with nonprofits and other local government entities to develop policies to reduce or freeze property taxes for low income residents and seniors in the target districts;
  - 2) outreach to all seniors in the target districts to ensure they apply for and receive homestead and senior property tax exemptions;
  - 3) creating well-funded home repair programs to enable elderly and disabled district homeowners to receive needed repairs, even without clear legal title, and a legal program to help clear titles;
  - 4) funding and staffing fully an on-line housing application process, such as in Portland, Oregon, that lists all available affordable units in one location accessible to the target populations; and this database would include unit size, number of bedrooms, bathrooms, rent and costs; and
  - 5) enforcing strictly the building codes for multi-family apartments to ensure that affordable housing remains habitable, with a focus on housing that has received government subsidies; and
-

**WHEREAS**, Right to Return programs include specific strategies and tools to assist people of color who grew up in or are otherwise members of generations of families of color of East Austin to return to East Austin; and.

**WHEREAS**, Portland, Oregon's "right-to-remain or return" policy is a model that Austin should look to and that contains these essential features:

- 1) funding and staffing to fully support bringing former residents back to a gentrified area (with people displaced or at risk of displacement having priority access to housing developed through this initiative);
- 2) supporting production of units that can lead to home ownership for returning working families, including different housing types such as modular-manufactured-mobile-tiny units, condominium apartments with multiple bedrooms, and rent-to-own options; and
- 3) using public-owned property to build new land-banked and land trust homes for lower-income former East Austin residents of color who want to return, with a variety of housing; **NOW, THEREFORE**

**BE IT RESOLVED:**

The City Council directs the City Manager to develop within 60 days a comprehensive plan, budget, and ordinance for the Council's consideration to adopt and fund an effective, robust Right to Return and Right to Stay Program for East Austin.

## **RESOLUTION FOR THE USE OF CITY OWNED LAND FOR LOW INCOME HOUSING**

**WHEREAS**, the City of Austin currently faces a critical shortage of housing for purchase and for rent that is affordable to low income families; and

**WHEREAS**, in 2015 in zip code 78702 median household income is \$41,016, so affordable rent is \$1,025 a month, or an affordable mortgage of \$166,537, while housing in that zip code is selling at the median list price of \$399,000, more than twice the amount the median income household can afford; and

**WHEREAS**, in 2015 median household income for zip code 78721 is \$37,234, so affordable rent is \$931 a month, or an affordable mortgage of \$151,181 but the median list price is \$323,000; and

**WHEREAS**, in 2015 median household income for zip code 78741 is \$31,658, so affordable rent is \$791 a month, or an affordable mortgage of \$128,537 but the median list price is \$371,000; and

**WHEREAS**, in 2015 median household income for zip code 78744 is \$42,400, so affordable monthly rent is \$1,061, or an affordable mortgage of \$172,319 but the median list price is \$252,000; and

**WHEREAS**, the Neighborhood Housing and Community Development staff has estimate that between 48,000 and 60,000 units of affordable housing represents the current housing shortage, yet the city's Density Bonus program only expects to provide 1,100 units over the next ten years, meaning that the shortage may well have doubled by the end of the next decade; and

**WHEREAS**, the City of Austin has funded projects in the past (Rosewood/Glen Oaks Neighborhood and the neighborhood near Brooke Elementary School in the 1980s, and Govalle and Montopolis Neighborhoods in the 2000s) to help low income families purchase single family homes by using land that is city owned to reduce construction costs; and

---

**WHEREAS**, the City of Austin has within its power to promote the general welfare of the community and to mitigate the adverse family impacts of involuntary residential displacement; and

**WHEREAS**, the City of Austin's Homestead Preservation District boundaries are based on the severity in which the residents within the boundaries are "extremely cost-burdened," a term used to describe households that allocate more than the recommended 50% of household income towards housing costs; and

**WHEREAS**, families play a critical role in maintaining strong communities, directly impacting a broad range of issues from jobs to public schools to the local economy to the environment and our future as a city; and

**WHEREAS**, families and children are a protected class under the Fair Housing Act; and

**WHEREAS**, Imagine Austin, the city's comprehensive planning document, specifically recognizes the need for family-friendly development citywide; and

**WHEREAS**, the City of Austin owns land parcels throughout its jurisdiction; and

**WHEREAS**, using publicly owned lands for affordable housing is an effective strategy for creating affordable housing; and

**WHEREAS**, many cities leverage opportunities for affordable housing by utilizing city-owned properties for this purpose; and

**WHEREAS**, the Community Development Commission has recommended the promotion of manufactured housing as a way to reduce costs of single family housing for low income families; and

**WHEREAS**, the Neighborhood Housing and Community Development staff have repeatedly identified the use of city-owned land for affordable housing as an essential affordable housing strategy; and

**WHEREAS**, the City Council approved goals to address housing needs in Austin April 14, 2017, including preventing households from being priced out of Austin,

---

fostering equitable communities, investing in housing for those most in need, creating new and affordable housing choices for all Austinites in all parts of town, and helping Austinites reduce their household costs; NOW THEREFORE,

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Council directs the City Manager to identify no less than four properties owned by the City of Austin that can be quickly made available for building by March, 2018.

**BE IT FURTHER RESOLVED:**

The City Council directs the City Manager to release a Request for Proposals (RFP) to local non-profits to place manufactured and/or construct single family homes on those properties adequate to house no less than 100 low income families by May, 2018.

**BE IT FURTHER RESOLVED:**

The City Council directs the City Manager to release four additional properties through the same process by August 2018.

## **RESOLUTION TO ESTABLISH INTERIM DEVELOPMENT REGULATIONS IN AREAS WITH INADEQUATE DRAINAGE**

**WHEREAS**, recent increases in redevelopment, coupled with undersized, collapsed and nonexistent storm water infrastructure has exacerbated flooding in residential areas within the Onion Creek, Williamson Creek, Walnut Creek and Boggy Creek watersheds

**WHEREAS**, current development regulations and storm water infrastructure are insufficient to prevent drainage systems from exceeding capacity or to address storm water issues associated with infill development;;

**WHEREAS**, Section 11.086 of the Texas Water Code generally prohibits diverting or impounding surface waters in a manner that damages the property of another through overflow;

**WHEREAS**, the interim development regulations adopted by the ordinance that results from passage of this resolution help to ensure greater compliance with state law and to protect the health, safety, and welfare of residents by limiting development that would further overburden existing storm water infrastructure, while studies can proceed to measure the impact of redevelopment of older properties and the effect of redevelopment on aging infrastructure;

**WHEREAS**, the City of Austin is currently engaged in a comprehensive rewrite of its land development code, which among other things, will address appropriate regulations for redevelopment and other more permanent solutions to improve storm water infrastructure;

**WHEREAS**, the regulations adopted by the ordinance that results from passage of this resolution are intended as an interim measure, until more permanent solutions are set in place;

**WHEREAS**, this resolution proposes the following definitions and measurements for use in development of the regulations:

---

- Commercial Use Building means a structure used for one or more of the commercial uses defined under Section 25-2-4 of the Land Development Code, including without limitation a vertical mixed use structure defined under Section 25-2, Subchapter E of the Land Development Code;
- Director means the Director of the Watershed Protection Department and Development Services Department;
- Flood Prone Zone shall refer to all properties located within the Onion Creek, Williamson Creek, Walnut Creek, Boggy Creek watersheds as more particularly defined under Section 25-8-2 of the Land Development Code;
- Gross Floor Area means the total square feet of all enclosed space within a structure, regardless of its dimensions, that is not otherwise exempted from the calculation of gross floor area under an explicit provision of the Land Development Code; and
- Residential Use Building means a structure used for one or more of the residential uses defined under Section 25-2-3 of the Land Development Code;

WHEREAS, for all properties located within the Flood Prone Zone, applications for building and demolition permits for a commercial use or residential use building must comply with the following to be accepted for filing:

- An application for a demolition or relocation permit for a Commercial Use or Residential Use Building must be filed concurrently with a application for a either of the next two types of permit ;
- For a building permit for a Residential Use Building or a site plan for a Commercial Use Building on a lot where a structure has been or will be demolished or relocated, the new structure's size is limited to a maximum Gross Floor Area equal to one hundred fifteen percent (115%) of the Gross Floor Area of the existing or pre-existing structure located on the lot; in the case that a lot is combined with an adjacent lot or lots, the new structure's size is limited to maximum Gross Floor Area equal to one hundred fifteen percent (115%) of total, combined Gross Floor Area of any existing or pre-existing structures on such combined lots;
- For a remodel permit to increase the size of a Residential Use Building or a Commercial Use Building, the structure's size after the remodel is

limited to a maximum Gross Floor Area equal to one hundred fifteen percent (115%) of the Gross Floor Area of the existing structure; and

WHEREAS, the City Council may waive by ordinance the moratoria imposed by adoption of this resolution as ordinance if the City Council determines and makes specific, detailed findings by 3/4<sup>th</sup> vote of the entire council that:

- The development regulations in the ordinance resulting from implementation of this resolution imposes undue hardship on the applicant;
- The development proposed by the applicant will not adversely affect, directly or indirectly, the public health, safety, and welfare; and
- The Director determined that the development proposed by the applicant will reduce the flooding impact to other properties, as compared to pre-development conditions; **NOW, THEREFORE**

**BE IT RESOLVED:**

The City Council directs the City Manager to prepare administrative rules deemed necessary for implementation of this resolution. The requirements of this resolution control in the event of a conflict with any administrative rules; The City Council waives the requirement for Planning Commission review of the ordinance adopting this resolution;

The City Council finds that the flooding impacts resulting from development in the Flood Prone Zone constitutes an emergency. Because of the emergency, the City Council further directs the City Manager to prepare the ordinance for City Council to adopt immediately for the immediate preservation of the public peace, health, and safety.

## **RESOLUTION TO EXPAND USE OF NEIGHBORHOOD CONSERVATION COMBINED DISTRICTS AND HISTORIC DISTRICTS**

**WHEREAS**, the Neighborhood Conservation Combining District (NCCD) is a well-known tool sanctioned by the State of Texas and used by numerous cities across the country to create conservation districts to preserve neighborhoods; and

**WHEREAS**, the NCCD tool may be used in tandem with the City's Historic District tool throughout Austin, Texas to alleviate gentrification, displacement, economic and racial segregation, and demolition of low income affordable housing, as well as to promote lower income neighborhoods affordability, preservation, and conservation, particularly in East Austin; and

**WHEREAS**, the NCCD tool may specify district zoning requirements to achieve these purposes by limiting floor to area ratio (F.A.R), square footage, building height, setbacks, compatibility, and site area requirements along with other specific property requirements that prevent demolition and displacement, and the Historic District tool's design guidelines would complement the zoning requirements for the NCCD's conservation purposes; and

**WHEREAS**, previously the NCCD tool was misapplied in East Austin to promote urban "redevelopment" and displacement of low income people of color by the City, instead of being used as a conservation tool to maintain lower-income communities and diversity; and

**WHEREAS**, the NCCD and the Historic District tools would provide flexible, but more consistent standards for conservation and "redevelopment" that would suit the character of the districts' areas and neighborhoods; **NOW, THEREFORE,**

### **BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The City Council directs the City Manager to develop and present to the City Council for adoption within 60 days a comprehensive plan, budget, and ordinance to:

- To support vigorously and apply through specific requirements these two tools to help conserve and preserve our neighborhoods and prevent gentrification and displacement;
  - To provide immediately before it is too late the financial resources and professional assistance needed to neighborhoods, to create historic districts and NCCDs by no later than the end of calendar year 2018 to prevent further displacement and demolition, particularly in East Austin.;
  - To apply through the Equity Office a comprehensive equity analysis and tools by July 2018 to East Austin to alleviate gentrification and displacement, while protecting the people who live there now through additional affordability, conservation, and preservation programs.
-

## **RESOLUTION TO IMPLEMENT AUSTIN ENVIRONMENTAL QUALITY REVIEW**

**WHEREAS**, the City of Austin has the responsibility to examine the impacts of its discretionary activities upon the natural and cultural environment; and;

**WHEREAS**, the path to a sustainable future discussed in the Imagine Austin Plan and the Climate Protection Plan require us to consider the cumulative impacts our actions may have on our fragile environment; and;

**WHEREAS**, we must scrupulously examine the environmental justice implications of our decisions; and;

**WHEREAS**, analysis and disclosure of environmental impacts will improve quantitative and qualitative understanding of central and enduring public health concerns such as residential displacement, ground level ozone levels, neighborhood character effects, as well as many other impacts; and;

**WHEREAS**, analysis and disclosure of environmental impacts empowers citizens with information they can use to make important individual and family health decisions; and;

**WHEREAS**, the National Environmental Policy Act of 1969 stands as one of President Lyndon B. Johnson's greatest environmental achievements and its language and intent can be implemented locally; and;

**WHEREAS**, cities such as New York and others already perform routine environmental quality reviews; **NOW THEREFORE**,

### **BE IT RESOLVED BY THE City Council OF THE CITY OF AUSTIN:**

The City Council directs the City Manager to develop and present to the City Council for adoption within 60 days a comprehensive plan, budget and ordinance to:

- Establish an environmental quality review program.
-

- Develop an environmental quality review technical manual.
- Establish an environmental quality subcommittee of the Environmental Commission or the Joint Sustainability Committee.

# Exhibit G

**RESOLUTION NO. 20180308-010**

**WHEREAS**, intense development pressures and gentrification have led to the displacement of long-time Austin residents and families from their established communities; and

**WHEREAS**, Section 2.2.1. of the Institutional Racism and Systemic Inequities Task Force's report encourages the City of Austin to "adopt an Austin version of Portland's criteria for bringing former residents back to gentrified areas"; and

**WHEREAS**, the Task Force report encourages the City to work with the City Attorney's office and the Equity Office to formulate a policy that will encourage displaced households to have additional opportunities to return to Austin; and

**WHEREAS**, the Austin City Council approved Resolution No. 20170817-053, which created a residents' anti-displacement task force, to be referred to as "Anti-Displacement Task Force," to review and recommend specific strategies for displacement prevention.

**WHEREAS**, Council approved Resolution No. 20170817-055 to negotiate an interlocal with The University of Texas to conduct a study of gentrification within Austin, including the mapping of vulnerable neighborhoods; and

**WHEREAS**, Council approved the execution of the interlocal on September 28, 2017; and

**WHEREAS**, this study's data could inform the legal assessment and tenets of a "right to return" policy; **NOW, THEREFORE,**

**BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF AUSTIN:**

The Council directs the City Manager to propose a preference policy that relates to the distribution of affordable housing units for low- and moderate-income households based on generational ties to the City. The proposed policy must be designed to further the City's obligation to affirmatively further fair housing and should include a method to prioritize the waitlist for programs and resources, such as homeownership and rental assistance programs, for low- and moderate-income households who are displaced.

**BE IT FURTHER RESOLVED:**

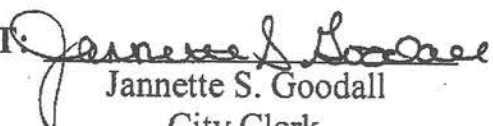

The Council directs the City Manager to propose a preference policy that relates to the distribution of affordable housing units for low- and moderate-income households based on household size. The proposed policy must be designed to further the City's obligation to affirmatively further fair housing.

**BE IT FURTHER RESOLVED:**

The Council directs the City Manager to analyze each proposed policy for operational and legal issues; and to provide Council and the Anti-Displacement Task Force with the analysis no later than May 25, 2018.

**ADOPTED:** March 8, 2018

**ATTEST:**
