Wendy – after thinking about this and to ensure that we provide proper notice when this case is back on the agenda, the Applicant would like to instead seek an indefinite postponement. The Applicant acknowledges that the City will have to re-notify by mail once we are ready to proceed (at Applicant's cost) and that we will have to do so within 6 months.

Please accept this indefinite postponement request.

Thank you.

MJW.

Applicant would like to postpone until August 23, 2018 to continue their exploration of options for this site and the adjacent property. Applicant also needs to get survey done to reflect Planning Commission recommendation.

Applicant understands that it will have to pay for re-notification.

Michael Whellan.
