

Oakwood Cemetery and Annex Fence Replacement and Gate Rehabilitation

City of Austin Parks and Recreation
June 11, 2018

Project Location and Background

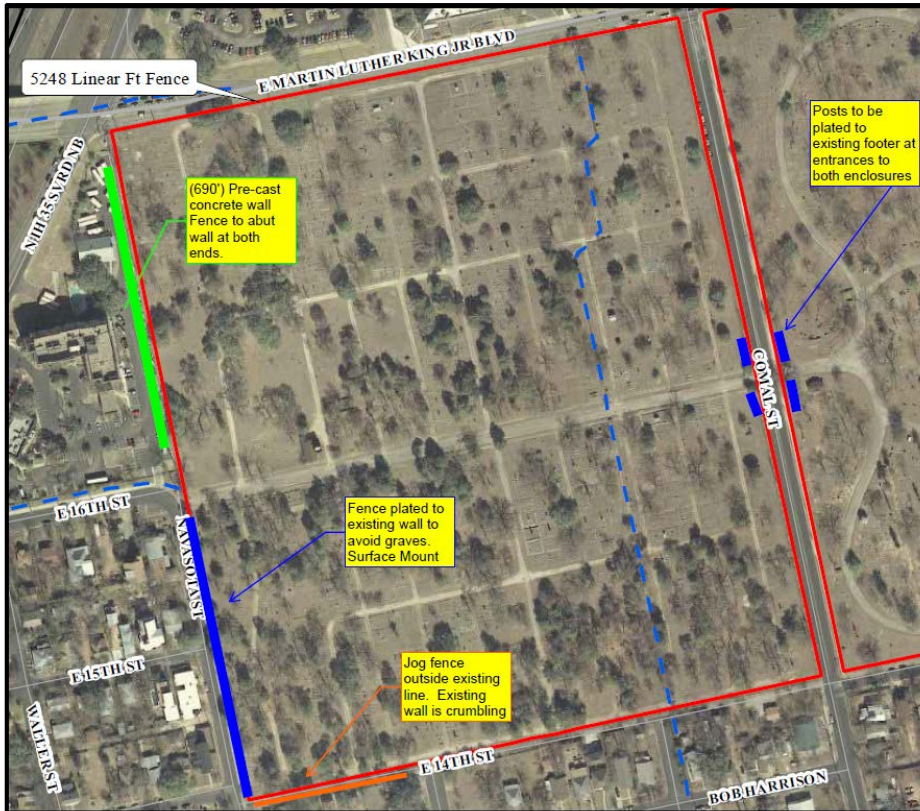

Oakwood Cemetery was established in 1839 and is the city's oldest municipal cemetery. The cemetery is the final resting places for thousands of early Austinites. The cemetery is a City of Austin Historic Landmark, Historic Texas Cemetery and on the National Register of Historic Places.

The replacement of the perimeter fencing around the cemetery and the rehabilitation of the entry gates at Oakwood Cemetery and Oakwood Annex is a priority project in the Historic Cemeteries Master Plan. The Master Plan was approved by Austin City Council September 17, 2015.

Fence Replacement Project Overview

- 9,209 LF of existing chain-link fence
- All chain-link fencing to be removed and replaced with 6' iron fencing
