Subject: Proposed demolition of 307 Leland

Dear Chair Galindo and Commission Members,

I write you to oppose the demolition of 307 Leland.

Many of us in Travis Heights love this area because of the charm and character of this old working class neighborhood. It gladdens our hearts to live here.

My understanding is that the Leland house is not a tear down. It could be restored to maintain the character of the neighborhood. Tearing it down would be another step in "Bouldinizing" our Travis Heights/ Fairview Park neighborhood.

Please do whatever you can to keep the place where we live historic and charming.

Sincerely,

William Calvert

503 East Mary Street
