Against:

Abstain: Commissioner Lavani

Absent: Commissioner Evans, Commissioner Denkler and Tatkov (Off the dais)

Vacancy: 1

Attest: Commission Liaison

Andrew D. Rivera

August 7, 2018

To: Mayor, City Council, and City Manager,

The Zoning and Platting Commission supports the termination of the CodeNext project.

We believe that learning from mistakes is critical to avoid repeating them. Therefore, we recommend that the City engage an independent evaluation team to determine how the CodeNext project went wrong. No alternative process or reboot of CodeNext should be considered until the evaluation is complete and any recommendations for changes are implemented.

Sincerely,

A handwritten signature in black ink, appearing to read "J. Kiolbassa", written over a horizontal line.

Jolene Kiolbassa
Chair, Zoning and Platting Commission
