**Additional Backup Information:**

HOST is a partnership of IC, the Austin Police Department, Emergency Medical Services, Downtown Austin Community Court, and the Downtown Austin Alliance. HOST identifies individuals who are homeless and the impediments preventing each individual from reaching their full potential. HOST then connects the individuals to appropriate services to address those impediments, such as medical care, behavioral care, case management, and housing.

Currently, IC provides three full-time staff to HOST: one Program Lead and two Qualified Mental Health Professionals. IC also provides access to a relief Advanced Practice Psychiatric Clinical Nurse. The amendment will fund a Certified Peer Specialist/Peer Recovery Coach to address the needs of individuals with mental health conditions or substance abuse disorders. The amendment will also include limited funding to allow staff to address immediate needs of the individuals, such as bus passes and fees to obtain official identification documents.
