Subject: Demolition at 3308 Hampton Road, Austin, Texas

Thank you for your voice mail concerning the Demolition Notice we received Monday, Aug 20, 2018.

We own the house at 3208 Beanna St., Austin, Texas and would like to respond as being against this project on the basis of conflicting accounts of what exactly will be demolished and that the notice was not received in a timely manner to check out the project.

We lived in 3208 Beanna from 1970-1975 while my husband, Fred Head, served part of the 14 years he served in the Texas House of Representatives. Our three older children attended Lee Elementary School and our grand daughter lives in that house at this time. We would like to have the property stay as it is.

The notice should have been sent to the owner of the property instead of the property address, because we still have not seen the actual letter. The appraisal district has our address in Athens as we get our tax bills at this address every year. If the house had been empty or gone, we would have received no notice.

Mr. LaRocca returned my call today and said the white house was NOT to be demolished..
Because of the confusion about the matter, please record us as being against any action at this time!

Sincerely,
Fred and Marsha Head
