C14-2017-0010 – 4500 Nuckols Crossing (Rezoning Case)
Request for Postponement by Staff

Staff requests a postponement of the above-referenced plan amendment and rezoning cases from the August 28, 2018 Planning Commission hearing to the **October 9, 2018** hearing date.

This will allow additional time for the Staff to look into vehicular access issues associated with an adjacent multi-family development to the west. The Applicant will also pursue safer access options to Nuckols Crossing Road through consultation with a Traffic Engineer.
