Hi, Andrew.

As per our telephone conversation of this morning, I am writing to request that the Landmark Commission carefully review the proposed changes to the front of this house because it is a **contributing** structure in the National Register Historic District. Any changes to the front of the house should not cause the house to lose its contributing status. If the changes will cause a loss of the house's contributing status, we request that the Commission deny a Certificate of Appropriateness.

It is my understanding that you will convey this email to Commission members prior to tonight's hearing.

Thank you,

John
