SUBJECT: Staff Update to Resolution No. 20180510-052 Regarding Tenant Protections for Properties in the Repeat Offender Program

Neighborhood Housing and Community Development (NHCD) is extending the deadline to respond to Resolution No. 20180510-052, which included direction to draft a code amendment that would add tenant protections similar to those outlined in the City's Rental Housing Development Assistance Program, to November 28, 2018.

The Law, Austin Code, and Neighborhood Housing and Community Development Departments are working to finalize the details of this amendment. We are extending the deadline to ensure that the draft amendment can be properly vetted prior to being released for public comment.
