Brett,

See attached photos,

On the ELP 276, I need a shade lighter and will request a ELP 274.

The PEP 503 checks out and is a close match

The ELP 190 checks out and is a close match

I need to sample a PEP 502 that is a little lighter as there are some tans in the wall that I did not hit.

The PEP 504 is too dark.

The DTP 100F doesn't fit in the wall and will sample a DTP 105F

I am also going to sample a PEP 132 and 412.

Still working on a close match on this one. I think we can get there.

Thanks.

Shawn McElroy
