

ZONING CHANGE REVIEW SHEET**CASE NUMBER:** C14H-1981-0018**HLC DATE:**

August 27, 2018

PC DATE:

September 25, 2018

APPLICANT: Mike McHone**HISTORIC NAME:** Kenney House**WATERSHED:** Shoal Creek**ADDRESS OF PROPOSED ZONING CHANGE:** 611 W. 22nd Street**ZONING FROM:** Removal of historic zoning from a portion of the lot; GO-MU-H.

SUMMARY STAFF RECOMMENDATION: Staff recommends the proposed removal of historic zoning as appropriate for the construction of the adjacent high-rise building, and recommends the enactment of safeguards to protect the integrity of the historic building and its environment.

The area sought for removal of historic zoning is currently a parking lot or other vacant land that does not contribute to the context of the historic house. The major issue here is the compatibility of the new with the existing, and providing safeguards that if the proposed project falls through for some reason, that the context of the Kenney House will remain intact. The environment of the existing house will certainly change drastically with the construction of the proposed or any proposed new high-rise building, but staff believes that the current proposed design of the new building provides a sensitive treatment of the historic house with the incorporation of tall glass walls on the ground floor of the new building that do not hinder or obliterate the traditional views of the house along 22nd Street. If the Commission is comfortable with the proposed distance between the historic and new buildings, the juxtaposition of the buildings on the lot, and the safeguards for the preservation of the building, then the application to remove the historic zoning should be approved.

HISTORIC LANDMARK COMMISSION ACTION: August 27, 2018: No recommendation due to lack of a quorum vote. In favor of the partial removal of historic zoning: Brown and Hibbs; opposed to the partial removal of historic zoning: Galindo, Koch, Little, and Myers. Absent: Reed, Papavasiliou, Tollett, and Valenzuela.

PLANNING COMMISSION ACTION:

DEPARTMENT COMMENTS: The applicant proposes to remove historic zoning from a portion of the back and east side of the parcel, leaving a 5-foot historic zoning buffer around the building that would require the approval of a Certificate of Appropriateness for any changes. The area proposed for the removal of historic zoning contains a parking area and vacant land.

The applicant seeks this reduction in the area of historic zoning in order to construct an adjacent high-rise residential building. The design of the proposed new building will have glass walls on the first floor, with supporting structural columns and pylons beyond to support the remainder of the building. The columns will be approximately 10 feet from the wall of the historic house, and the glass wall of the first story of the new building will be approximately 9 feet in from the placement of the columns. The design of the new structure

is intended to allow and maintain existing street views of the historic building, especially from 22nd Street looking west.

The applicant proposes to maintain 5,581 square feet as historic out of the current approximately 12,240 square-foot parcel. The remaining historic zone on this parcel would encompass the footprint of the existing house (with the removal of non-historic additions already approved with a Certificate of Appropriateness), and a 5-foot buffer on the east and south sides of the existing house. The historic areas to the west and north sides of the house will remain unchanged by this proposal.

Historic Precedent Narrative 8-16-2018

1. Rutherford House; 2105 Nueces (adjacent to Hill House 2107 Nueces C14H-1981-0002); This historically zoned house had the H overlay removed and the house was relocated out of the COA at the request of the owner who was a descendent of Rutherford.
2. Beriah-Graham House; 2605 Salado (C14H-1977-0028); Professor Naismith who owned the house did research that revealed the house was designed and built by Abner Cook and had been moved to this location by previous owners. The House was zoned "H".
3. White-Springfield; 2112 Rio Grande (C14H-1980-0019); Property was subdivided and north portion with the House was rezoned to office and mixed use and "H" overlay. The south half with the garage and rose garden was later redeveloped as a condominium project.
4. Kuehne-Moore House; 2303 Rio Grande (C14H-2000-2268); porches removed and the house moved from its original location at 23rd Street where Pearl Street dead ends. House was rezoned to office mixed use and "H"
5. Burt House; 612 W. 22nd (C14H-1981-0017); Land added by subdivision to the site from the rear of 608 W. 22nd (Mc Sween House not considered to be historic). Site was rezoned to office mixed use and "H".
6. Roy Thomas House; 1510 San Antonio St. (C14H-2001-0015); House moved from 2700 Blk. of Hemphill Street to San Antonio. House was restored and rezoned to office and "H". this effort received award from historical society.

RECENT HISTORICAL COMMISSON PRECEDENTS

1. Dabney-Horne House; 507 W. 23rd (C14H-1989-0010) In 2015 and continuing into 2016 this House was moved to 901 Shoal Cliff and the H was removed from the original site.
2. Pompee-Clark-Cook House; 506 W 22nd (C14H-2000-2051); This house was originally located adjacent to the alley and in 1999 it was moved to the west where a former house had been removed which the located this structure on the NE corner of 22nd and Nueces. It was zoned office mixed use and by metes and bounds granted "H". The 1st Villas on Nueces were built around the house. In 2017 the site area zoned H was reduced to allow for the current under construction Villas on Nueces.
3. Franzetti Store; 2402 San Gabriel (C14H-1977-0015); In 2017 the rear portion of the historic site had the H removed for the Hilltop UNO project which includes the property to the north and south.

POMPEE CLARK COOK HOUSE**ZONING CHANGE REVIEW SHEET****CASE:** C14-2017-0025 – Pompee-Clarke-Cook House**H.L.C. DATE:** May 22, 2017**P.C. DATE:** May 23, 2017**ADDRESS:** 2203 Nueces Street**DISTRICT AREA:** 9**OWNER/APPLICANT:** 2203 Nueces, L.P. (Brad Zucker)**AGENT:** Mike McHone Real Estate (Mike McHone)**ZONING FROM:** GR-MU-H-CO-NP **TO:** GR-MU-CO-NP**TOTAL AREA:** 0.030 acres (1,307 sq. ft.)**SUMMARY STAFF RECOMMENDATION:**

Staff recommends Community Commercial – Mixed Use – Conditional Overlay – Neighborhood Plan (GR-MU-CO-NP) combining district zoning. The Conditional Overlay is existing and not proposed to change; and prohibits certain uses as referenced in Exhibit C.

HISTORIC LANDMARK COMMISSION ACTION:April 24, 2017 *Postponed to 5/22/17*May 22, 2017 *Scheduled for Historic Landmark Commission***PLANNING COMMISSION ACTION:**April 25, 2017 *Postponed to 5/23/17*May 23, 2017 *Scheduled for Planning Commission***ISSUES:**

The Central Austin Neighborhood Plan Advisory Committee (CANPAC) requested a postponement to May 22, 2017 for Historic Landmark Commission and to May 23, 2017 for Planning Commission (see Exhibit F). CANPAC has now met with the applicant, and voted to not oppose the proposed zoning change (see exhibit G).

DEPARTMENT COMMENTS:

The subject tract is a 0.03 acre (1,307 square foot) site, a portion of two lots which are located on the northeast corner of West 22nd Street and Nueces Street in the West University Neighborhood Planning Area. The tract is part of a zoning district which contains the Pompee-Clarke-Cook House, a historic wood frame house that now serves as a bed and breakfast.

This house was originally located approximately 45 feet northeast. In 2000, the single owner of the lots on the east side of Nueces Street, including the subject tract, the historic house, and two other lots to the north, obtained a certificate of appropriateness to relocate the house to its present location, applied to rezone the tract around the house as historic, and submitted a site plan for a 3-story apartment complex to the east of the house.

The applicant is requesting removal of the Historic (H) designation from the driveway and parking lot – located behind the historic house, and the sidewalk which is located between the historic house and the apartment complex. This rezoning would allow the applicant, at the time of site plan submittal, to go through a review process without a visit to Historic Landmark Commission. The applicant has a basic concept to remove the existing 3-story apartment and construct a mid-rise apartment building, within the standards of the University Neighborhood Overlay (UNO).

The tract proposed for rezoning is currently used as a driveway and parking lot for an apartment complex to the east, and for the bed and breakfast. The tract is situated to the rear (north) of the historic building, approximately 20 feet from the building; the tract is situated in front (west) of a 3-story apartment complex. The tract also includes a 2-foot wide strip of sidewalk which runs north-south between the historic building and the apartment complex (see Exhibit E – photos). At the time of site plan, fire codes will require a 10-foot spacing between the historic building and any future structure. Although no structures will be permitted in this strip, this area may be within the limits of construction of a future site plan.

The tract is now zoned Community Commercial – Mixed Use – Historic – Conditional Overlay – Neighborhood Plan (GR-MU-H-CO-NP); the Conditional Overlay limits certain uses on the tract. The NP was applied via the West University Neighborhood Plan Ordinance adopted in 2004, which lays out general standards for the neighborhood plan, but does not refer to this tract specifically.

The tract is designated as High Density Mixed Use on the West University future land use map. The tract is within the University Neighborhood Overlay (UNO). UNO is intended to “promote high density redevelopment in the area generally west of the University of Texas campus, provide a mechanism for the creation of a densely populated but livable and pedestrian friendly environment, and protect the character of the predominantly single-family residential neighborhoods adjacent to the district.”

Staff recommends GR-MU-CO-NP (removal of the H), because the driveway, parking lot, and sidewalk on the tract are not historic in character; any proposed future site plan would need to abide by all applicable sections of the Land Development Code – e.g. fire code setbacks; and the rezoning will reduce administrative resources at such a time that the tract is proposed for redevelopment.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	GR-MU-H-CO-NP	Driveway and parking area; Bed and Breakfast
<i>North</i>	MF-4-NP / GO-NP	Multifamily
<i>South</i>	MF-4-NP	W 22 nd St, then Multifamily
<i>East</i>	MF-4-NP / GO-NP	Multifamily, then Meeting and Assembly
<i>West</i>	MF-4-NP	Nueces St, then Multifamily

Per Ordinance No. 20170302-077, off-site transportation improvements and mitigations may be required at the time of site plan application.

Additional right-of-way may be required at the time of subdivision and/or site plan.

According to the Austin 2014 Bicycle Plan approved by Austin City Council in November, 2014, a shared lane is recommended for Nueces Street.

Per the UNO ordinance off-street parking on a surface lot is prohibited. All UNO regulations shall be reviewed at the time of Site Plan Application.

ORDINANCE NUMBER:

CASE MANAGER: Scott Grantham

PHONE: 512-974-3574

EMAIL: scott.grantham@austintexas.gov

BASIS FOR RECOMMENDATION

1. *The proposed zoning should be consistent with the purpose statement of the district sought.*
2. *Zoning should allow for reasonable use of the property*
3. *Zoning changes should promote compatibility with adjacent and nearby uses*
4. *The request should serve to protect and preserve places and areas of historical and cultural significance*

The tract in question does not include the historic portion of the property – the house. The tract proposed for rezoning is currently used as a driveway, parking lot, and sidewalk – areas which are not historic in character. Staff recommends removal of the H from the tract to allow the applicant reasonable use of the portion of his property that is not historic. This rezoning will also enable any future site plans involving the tract to move forward without a Historic review or requests to the Historic Landmark Commission.

EXISTING CONDITIONS***Site Characteristics***

There is a very slight elevation change on the site, rising from west to east, entering the driveway from Nueces. The tract is comprised of a driveway, and is the only driveway access to the two lots on which it is situated.

Impervious Cover

The tract is located in an Urban Watershed and therefore the zoning district will determine the impervious cover limits. The GR zoning district allows up to 90% impervious cover. In scenarios where conflicting regulations are presented, the most restrictive impervious cover limit applies.

Comprehensive Planning

The property is located in the Central Austin Combined Neighborhood Planning Area in the West University NP.

Central Austin Combined Neighborhood Planning Area (CACNP)

The Central Austin Combined Neighborhood Plan Future Land Use Map identifies the subject area as being classified as “Mixed Use.” Mixed Use is meant to encourage more retail and commercial services within walking distance of residents. The subject property is also located in the University Area Overlay (UNO) District, which allows for denser, pedestrian oriented, commercial and multi-family development.

The CACNP supports historic zoning where appropriate. The plan also supports high density student housing in the designated UNO area where this tract is located.

Site Plan - Ramon Rezvanipour - 512-974-9148

- SP 1. Site plans will be required for any new development other than single-family or duplex residential.

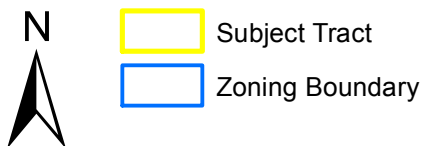

- SP 2. Any development which occurs in an SF-6 or less restrictive zoning district which is located 540 feet or less from property in an SF-5 or more restrictive zoning district will be subject to compatibility development regulations.
- SP 3. Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when the site plan is submitted.

Environmental - Mike McDougal - 512-974-6380

1. The site is not located over the Edwards Aquifer Recharge Zone. The site is located in the Shoal Creek Watershed of the Colorado River Basin, which is classified as an Urban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.
2. Zoning district impervious cover limits apply in the Urban Watershed classification.
3. According to floodplain maps there is no floodplain within or adjacent to the project location.
4. Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.
5. Trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.
6. This site is required to provide on-site water quality controls (or payment in lieu of) for all development and/or redevelopment when 8,000 s.f. cumulative is exceeded, and on site control for the two-year storm.

Water Utility – Neil Kepple – 512-972-0077

FYI: The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, water or wastewater easements, utility relocations and or abandonments required by the proposed land use. Depending on the development plans submitted, water and or wastewater service extension requests may be required. Water and wastewater utility plans must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fees once the landowner makes an application for Austin Water utility tap permits.
