

# INTERLOCAL COOPERATION AGREEMENT BETWEEN THE AUSTIN INDEPENDENT SCHOOL DISTRICT AND THE CITY OF AUSTIN FOR PROGRAMS PROVIDED BY THE PARKS AND RECREATION DEPARTMENT AT AUSTIN INDEPENDENT SCHOOL DISTRICT SCHOOLS

## **Agreement Overview**

The Parks and Recreation Department (PAR) has well-established programs in which PAR staff travels to local schools and provides leadership, technology, arts, science, and nature-based outreach programs to students. The PAR outreach programs support and reinforce AISD curriculum and provide students, whose schools may not have field trip funds available, access to PAR educational programs.

Providing outreach programs on AISD campuses allows PAR the opportunity to reach a diverse audience and a wide demographic and geographic swath of the community. Outreach programs on AISD campuses support PAR's goal of program equity by providing access to programs to youth that might not otherwise visit a PAR facility. Through these programs, participants are connected with services that help increase the likelihood that students will visit a park, recreation center, cultural center, or nature center.
