

ZONING CHANGE REVIEW SHEET**CASE:** C14-2018-0079 (11713 Jollyville Road)**Z.A.P. DATE:** October 2, 2018
November 6, 2018**ADDRESS:** 11713 Jollyville Road**DISTRICT AREA:** 10**OWNER/APPLICANT:** Asian American Cultural Center, LLC (Amy Wong Mok)**AGENT:** Armbrust and Crown, PLLC (Michael Whellan)**ZONING FROM:** LO**TO:** GR-MU**AREA:** 2.74 acres**SUMMARY STAFF RECOMMENDATION:**

The staff's recommendation is grant GO-MU-CO, General Office-Mixed Use-Conditional Overlay District, zoning. The conditional overlay will prohibit access to the residential street, Rain Forest Cove, to the north.

ZONING AND PLATTING COMMISSION:

10/02/18: Postponed to November 6, 2018 at the applicant's request by consent (10-0, A. Tatkow-absent); B. Evans-1st, S. Lavani-2nd.

DEPARTMENT COMMENTS:

The property in question is currently developed with a community recreation use and a day care facility. There are single family residences, SF-2 zoning, to the north. To the east, there is an office complex and single family/duplex residential uses (LO-MU-CO, SF-2 and SF-3 zoning) along Bell Avenue. There is a medical office use, LO-CO zoning, to the west. The tracts of land to the south, across Jollyville Road, are developed with a day care facility and office uses (W/LO and LO-CO zoning). The applicant is requesting GR-MU zoning because they would like to expand the existing cultural center on the property. The applicant is requesting the Mixed Use Combining District to allow for the addition of senior housing at this location in the future (please see the applicant's request letter – Attachment A).

The staff is recommending GO-MU-CO, General Office-Mixed Use-Conditional Overlay Combining District, zoning for this property. The proposed location meets the intent of the GO-MU district as the General Office district will permit office uses, civic uses and some low intensity commercial uses at this location fronting onto Jollyville Road, an arterial roadway. The Mixed Use designation will allow for a combination of those uses with residential development on the site providing for services to meet community and city-wide needs.

The staff cannot support the applicant's request of GR zoning at this location because the Community Commercial District would allow for intensive commercial uses/site development standards and this property backs up to a single family neighborhood and residential zoning (SF-2, SF-3) to the north and east. In addition, this tract of land is located within the US 183/Jollyville Road Study which recommends a 120-foot office buffer along the eastern side of Jollyville Road to provide for a transition from the commercial uses fronting US Highway 183 to the office and residential uses on

western side of Jollyville Road. The 120-foot office buffer has been applied consistently in this area to date. The staff's recommendation of GO-MU zoning will allow for uses that are consistent with the surrounding office zoning patterns and will provide for a transition in the intensity of uses facing Jollyville Road to the residential uses to the north (Rain Tree Estates Neighborhood). This property will be subject to Compatibility Standards along the north and east property lines adjacent to the SF-2, SF-3 zoning and existing single family residential uses.

EXISTING ZONING AND LAND USES:

	ZONING	LAND USES
<i>Site</i>	LO	Community Recreation (Asian American Cultural Center), Day Care Facility (The Magic Dragon Pre School and After School Program)
<i>North</i>	SF-2	Single-Family Residences (Rain Tree Estates Neighborhood)
<i>South</i>	W/LO, LO-CO, SF-2	Day Care (Arbor Montessori Academy), Office Structures (The Timothy Center, Austin House Calls, Cook Advertising Specialties, Inc., Lone Star Floors, Jman Fitness, eFueling Technologies)
<i>East</i>	SF-3, LO-MU-CO	Office (Ann Webb Skin Clinic & Institute, AW Wellness Studio)
<i>West</i>	LO-CO, SF-2	Office (Austin Orthodontics), Single-Family Residence

AREA STUDY: U.S. 183/Jollyville Road Area Study

(The U.S. 183 Study was approved by the City Council in November of 1978. The Area Study recommended that a 120-foot deep strip of land along Jollyville Road be zoned "O" Office zoning (which was converted to LO, Limited Office, in 1985) and that a 200 foot strip of land along the west side of Jollyville Road be zoned "A" Residence (which was converted to SF-3, Family Residence, in 1985). The policy of a 120-foot strip buffer of LO zoning along the east side of Jollyville Road has been consistently applied to date. The policy of SF-3 on the west side of Jollyville Road was never approved or implemented, and today the west side of Jollyville Road is primarily zoned office and multi-family, with the majority of office zoning being LO zoning. The recommendation for a 120-foot strip of LO zoning along the eastern portion of Jollyville Road was incorporated into the Jollyville Road Study, which was adopted in 1984).

STAFF RECOMMENDATION

The staff's recommendation is grant GO-MU-CO, General Office-Mixed Use-Conditional Overlay District, zoning. The conditional overlay will prohibit access to the residential street, Rain Forest Cove, to the north.

BASIS FOR RECOMMENDATION

- 1. The proposed zoning should be consistent with the purpose statement of the district sought.*

General office (GO) district is the designation for an office or commercial use that serves community and city-wide needs. A building in a GO district may contain one or more different uses.

The purpose of a mixed use (MU) combining district is to allow office, retail, commercial, and residential uses to be combined in a single development.

- 2. The proposed zoning should promote consistency and orderly planning.*

The proposed GO-MU zoning will allow for uses that are consistent with the surrounding office zoning patterns and will provide for a transition in the intensity of uses facing Jollyville Road to the residential uses to the north (Rain Tree Estates Neighborhood). This property will be subject to Compatibility Standards along the north and east property lines adjacent to the SF-2, SF-3 zoning and existing single-family residential uses.

- 3. The proposed zoning should allow for a reasonable use of the property.*

The GO-MU zoning district will permit the applicant to develop senior housing (Multifamily Residence) at this location in combination with the expansion of the existing conditional Community Recreation use and Day Care Facility on the site.

EXISTING CONDITIONS**Site Characteristics**

The site under consideration is currently developed with a community recreation use with a day care facility. There are single family residences to the north. To the east, there is an office complex and single family/duplex residential uses along Bell Avenue. There is a medical office use to the west. The tracts of land to the south, across Jollyville Road, are developed with a day care facility and office.

Hill Country Roadway

The site is not within a Hill Country Roadway Corridor.

Comprehensive Planning

Monday July 23, 2018

LO TO GR-MU

This property is located on the east side of Jollyville Road, on a 2.74 acre property, which contains the Asian American Cultural Center LLC, which is used for cultural classes, recreation uses, and a day care, which is contained in one large building and several smaller buildings on the site. Surrounding land uses includes single family housing and commercial uses (along US 183) to the north; single family housing, a Montessori School, and medical office buildings to the south; office buildings; a temple, and single family housing to the west; and several office buildings, single family housing, a commercial gym, and a large auto dealership to the east. The proposed use is to continue the existing uses (day care, recreation center), but expand the cultural center, and add a tea house and senior living housing.

Connectivity

There are bike lanes on both sides of Jollyville Road in this area but the public sidewalks system is intermittent in this area, with the majority of the lots having no public sidewalks, mostly due to the large open swale system along Jollyville Road. There is a CapMetro transit stop located a half a mile away on US 183 frontage road. The Walkscore for this area is 41/100, Car-Dependent, meaning most errands require a car. There is no existing urban trail within a mile of this property.

Imagine Austin

The property is located along an ‘Activity Corridor’, (Jollyville Road) as identified on the Imagine Austin’s Growth Concept Map. Activity Corridors are characterized by a variety of activities and types of buildings located along the roadway — shopping, restaurants and cafés, parks, schools, single-family houses, apartments, public buildings, houses of worship, mixed-use buildings, and offices. The following policies apply to this request:

- **LUT P3.** Promote development in compact centers, communities, or along corridors that are connected by roads and transit that are designed to encourage walking and bicycling, and reduce health care, housing and transportation costs.
- **LUT P5.** Create healthy and family-friendly communities through development that includes a mix of land uses and housing types and affords realistic opportunities for transit, bicycle, and pedestrian travel and provides both community gathering spaces, parks and safe outdoor play areas for children.
- **HN P10.** Create complete neighborhoods across Austin that have a mix of housing types and land uses, affordable housing and transportation options, and access to schools, retail, employment, community services, and parks and recreation options.

Based upon this property: (1) being located along an Activity Corridor that supports a mixture of uses, including housing, recreation, civic, and commercial uses; and (2) the Imagine Austin policies above that supports a mix of uses along corridors, the proposed project appears to support the policies and Growth Concept Map of the Imagine Austin Comprehensive Plan. It is hoped in the future that a complete public sidewalk system is installed along Jollyville Road to access retail uses and the Cap Metro stops located within a half a mile of this site.

Environmental

Wednesday July 25, 2018

The site is located over the Edwards Aquifer Recharge Zone. The site is located in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

This site is required to provide on-site structural water quality controls (or payment in lieu of) for all development and/or redevelopment when 5,000 sq. ft. cumulative is exceeded, and detention for the two-year storm. At this time, no information has been provided as to whether this property has any pre-existing approvals which would preempt current water quality or Code requirements.

According to flood plain maps, there is no flood plain within the project area.

Numerous trees will likely be impacted with a proposed development associated with this rezoning case. Please be aware that an approved rezoning status does not eliminate a proposed development's requirements to meet the intent of the tree ordinances. If further explanation or specificity is needed, please contact the City Arborist at 512-974-1876. At this time, site specific information is unavailable regarding other vegetation, areas of steep slope, or other environmental features such as bluffs, springs, canyon rimrock, caves, sinkholes, and wetlands.

Standard landscaping and tree protection will be required in accordance with LDC 25-2 and 25-8 for all development and/or redevelopment.

Impervious Cover

The maximum impervious cover allowed by the GR zoning district would be 90%. The site is located in the Walnut Creek Watershed of the Colorado River Basin, which is classified as a Suburban Watershed by Chapter 25-8 of the City's Land Development Code. It is in the Desired Development Zone.

Impervious cover is limited in this watershed class; therefore the zoning district impervious cover limits will apply.

Site Plan

Any new development is subject to Subchapter E. Design Standards and Mixed Use. Additional comments will be made when a site plan is submitted.

The site is subject to compatibility standards along the north and east property lines:

No structure may be built within 25 feet of the property line.

No structure in excess of two stories or 30 feet in height may be constructed within 50 feet of the property line.

No structure in excess of three stories or 40 feet in height may be constructed within 100 feet of the property line.

No parking or driveways are allowed within 25 feet of the property line.

A landscape area at least 25 feet wide is required along the eastern property line. In addition, a fence, berm, or dense vegetation must be provided to screen adjoining properties from views of parking, mechanical equipment, storage, and refuse collection.

Stormwater Detention

At the time a final subdivision plat, subdivision construction plans, or site plan is submitted, the developer must demonstrate that the proposed development will not result in additional identifiable flooding of other property. Any increase in stormwater runoff will be mitigated through on-site stormwater detention ponds, or participation in the City of Austin Regional Stormwater Management Program, if available.

Transportation

No additional right-of-way is needed at this time.

A traffic impact analysis was not required for this case because the traffic generated by the proposed zoning does not exceed the threshold of 2,000 vehicle trips per day. [LDC 25-6-113]

Per Ordinance No. 20170302-077, off-site transportation improvements and mitigations may be required at the time of site plan application.

Janae Spence, Urban Trails, Public Works Department, Mike Schofield, Bicycle Program, Austin Transportation Department may provide additional comments regarding bicycle and pedestrian connectivity per the Council Resolution No. 20130620-056.

Existing Street Characteristics:

Name	ROW	Pavement	Classification	Sidewalks	Bicycle Route	Capital Metro
Jollyville Road	96'	MAD-4	Major Arterial	Yes	Yes, Bike Lane	Yes

Water and Wastewater

Friday July 13, 2018

The landowner intends to serve the site with City of Austin water and wastewater utilities. The landowner, at own expense, will be responsible for providing any water and wastewater utility improvements, offsite main extensions, utility relocations and or abandonments required by the land use. The water and wastewater utility plan must be reviewed and approved by Austin Water for compliance with City criteria and suitability for operation and maintenance. Depending on the development plans submitted, water and or wastewater service extension requests may be required. All water and wastewater construction must be inspected by the City of Austin. The landowner must pay the City inspection fee with the utility construction. The landowner must pay the tap and impact fee once the landowner makes an application for a City of Austin water and wastewater utility tap permit.

Re: Rezoning of 11713 Jollyville Road, Asian American Cultural Center

Dear Greg:

Please find attached a copy of our zoning application for the Asian American Cultural Center, LLC, which owns 11713 Jollyville Road, Austin, Texas 78759. This 2.74 acre tract is currently zoned LO and used by our community for cultural classes, Japanese dance, martial arts, yoga, Asian language classes, workshops, and a childcare center. The request is for GR-MU zoning to allow for an expansion of the cultural center. This redevelopment effort will provide services for a wider spectrum of individuals and include a variety of activities for all. In addition, the long-term plan is to also provide housing for seniors, so the community can support and embrace our elders.

We appreciate your consideration of our application and are available to answer any questions you may have. Should you have any question, please feel free to contact me at 512-336-5069.

Very truly yours,

Amy Wong Mok
President & CEO

Enclosure

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:
www.austintexas.gov/planning.

Comments: *Increased traffic impacts access to Hollister Rd. Delivery Residential area. Height of new structure not compatible with residential zoning. Height & density not compatible with reasonable expectation of peace & quiet of residential neighbors.*

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

Comments: This project will increase traffic, both on Tallyville and our neighbouring streets, Bell and Sevest. More traffic means a greater risk to those children and adults that live/work/play and exercise outside. Additionally there will be little control over who can reside in these Section 8 properties, there is increased risk of theft and vandalism.

Comments: The increase in traffic will be one of the things that come with putting a 4-story building at the end of a neighborhood. Traffic is dangerous and leads to accidents, especially in a neighborhood with kids. An increase in taxes is also a problem. Some people might not have enough to deal with increased taxes.

Sirwaitis, Sherri

From: Michael Pellegrini <pellegrinimf@gmail.com>
Sent: Wednesday, October 10, 2018 7:09 PM
To: Sirwaitis, Sherri; Rivera, Andrew
Subject: Asian-American Cultural Center Expansion

I'm a resident of the neighborhood (11500 Buttonwood Dr) and was in attendance when the owners held an onsite planning meeting several months ago. I strongly support this type of development along Jollyville Rd and would much prefer it to other retail type development. As a geriatrician I absolutely love the idea of combining senior housing with childcare and a cultural center all on one site. I see growth along the Jollyville corridor as inevitable and prefer this type of growth.

While I'm at it...I'm a bicycle commuter and would feel much safer with a slower speed limit or protected bike lanes on Jollyville.

Thanks.

Comments: I am concerned with zoning changes as this could have potentially concerning

Future impact to the community. It is wonderful having the Asian Cultural Center in the Neighborhood and we fully support the center, however we oppose any change in the zoning.

With the rapid growth and development all over Austin, changing the zoning could allow future growth that this parcel of land cannot support.

Sirwaitis, Sherri

Subject: FW: In Support of AACC Zoning Change

-----Original Message-----

From: Sarah Oldmixon <>
Sent: Sunday, October 21, 2018 9:08 AM
To: District10 <District10@austintexas.gov>
Cc: Sirwaitis, Sherri <Sherri.Sirwaitis@austintexas.gov>
Subject: In Support of AACC Zoning Change

Given the very vocal crowd of NW Austin residents speaking out against the AACC zoning change request, I wanted to reach out to let you know that they do not represent the views of many residents. I live near the proposed project in precinct 331 and would welcome the development of more affordable senior housing in our community. Thank you.

Sarah Oldmixon
11110 Oak Knoll Dr
Austin, TX 78759

PUBLIC HEARING INFORMATION

This zoning rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarded by its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austinTexas.gov/planning/.

Comments:
 Valleyville Road is being
 over built. Too many
 projects have already been
 approved. This project will
 likely effect other areas that
 area of people here around here
 for example living in the city
 will not want a 60 east wall
 but live in your back yard

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

Checking "I object" (opposite column) means that you are AGAINST a zoning change that will allow 60-feet-tall buildings to be built along Jollyville Rd at AACC. This does not necessarily mean that you are against the expansion of the Center under its current ("LO") zoning, which allows 30-feet-tall buildings along the road).

Comments: / am /00% against allowing tall buildings to exceed 30' along Jollyville Rd. / have the idea of suggesting expansion as defined by the zoning though disagree w/ code enforcement, but certainly buildings over 30' in height will kill the current feel of our neighborhood.

If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website:

Sirwaitis, Sherri

Subject: FW: Strongly Against Asian American Cultural Center Rezone

From: Vivian Holtorf <>
Sent: Wednesday, October 24, 2018 2:28 PM
To: Sirwaitis, Sherri <Sherri.Sirwaitis@austintexas.gov>
Cc: District10 <District10@austintexas.gov>
Subject: Strongly Against Asian American Cultural Center Rezone

Hi District 10,

We have kids so we can't make it to tonight's meeting but we are strongly against the rezoning request. We live across from AACC and we know how bad Jollyville can be.

We are concerned about the usage of the building. There are a lot more possibilities. How would I know that they won't apply for a city-fund Asian Senior Daily activity program that accommodates 700 people from 8-5, the same as they are having @ Asian American Resource Center? Plus, all the employees for the 100 rooms, family visitors, doctors, nurses, Uber, Lyft, Taxis, and transportation for senior activities to Asian American Resource Center on a daily basis.

One day, we will come out from Bell, Ladera Vista, Sierra Nevada, Q-ranch, Taylor Draper, and find we can't turn left on Jollyville anymore due to heavy traffic.

Item C-20

Comments: We object!!!

We live right across ATTC. The 60-foot building will generate a lot of traffic, noise, short spots & parking issues around our quiet neighborhood. Austin's traffic is bad enough. Now ATTC wants to take our sunshine as well. Please Stop! Don't let ATTC turn Johnsville into

Austin, TX 78759

Comments: I strongly object to this change. I support our Asian-American citizens and the expansion of the Center, but feel that 30 feet is appropriate. Sixty feet would completely change the overall ambiance and environment in our community. More specifically, it would also increase traffic problems that are already horrific on Jollyville/183 area. I have encouraged our neighbors to check out: facebook.com/JollyvilleRoad regarding expansion of Asian-American building. Note: signature at the end of this email.

Checking "I object" (opposite column) means that you are AGAINST a zoning change that will allow 60-feet-tall buildings to be built along Jollyville Rd at AACC. This does not necessarily mean that you are against the expansion of the Center under its current ("LO") zoning, which allows 30-feet-tall buildings along the road).

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

Checking "I object" (opposite column) means that you are **AGAINST** a zoning change that will **allow 60-feet-tall buildings** to be built along Jollyville Rd at AACC. This does not necessarily mean that you are against the *expansion* of the Center under its current ("LO") zoning, which allows 30-feet-tall buildings along the road).

Comments: *I do not want developers to have the ability to build any developments over 40ft on Jollyville Road. This sets a bad precedent for other developers to do the same on Jollyville. I attended the neighborhood meeting last night.*

Subject: *** AGAINST *** Case Number C14-2018-0079; Zoning Change; Public Hearing: TBA, 2018, Zoning and Platting Commission, TBA, 2018, City Council

This correspondence is to notify the City of Austin's Planning and Zoning Department that I strongly **OBJECT** to the proposed zoning change that would allow 60-feet-tall buildings to be built along Jollyville Road by the Asian American Cultural Center. While not part of this proposal, I also object to any change to the current ("LO") zoning allowing up to 30-feet-tall buildings along Jollyville Road.

I am not at all opposed to the Cultural Center's expanding, but I do feel it can best do so under the zoning now in effect. Jollyville Road is so zoned because of its extremely close proximity to several neighborhoods. Traffic along Jollyville Road is already under acute conditions. To preserve the cohesion and safety of those neighborhoods, the current zoning should remain in effect.

I appreciate the opportunity to voice my opinion, and sincerely hope all involved can come to an amicable agreement under the current zoning.

Sincerely,

Saundra L. Roark

Subject: FW: Please do not allow >30ft buildings on Jollyville Road!

From: Roxanne Faulds <>
Sent: Thursday, October 25, 2018 7:49 AM
To: sherri.sirwatis@austintexas.gov
Cc: District10 <District10@austintexas.gov>
Subject: Please do not allow >30ft buildings on Jollyville Road!

Dear Ms. Sirwatis,

Please do not allow the destruction my lovely neighborhood with giant, obstructive buildings of greater than 30 feet. My neighborhood streets are already in extreme disrepair due to the current levels of truck traffic and the haphazard employee parking along the grass. I need my children to be able to safely enter and exit the school bus. Speed limits and stop signs are currently ignored and dramatically changing the volume of business traffic will take away what's left of the natural beauty in my beloved neighborhood, decrease safety, and increase damage to the public roads.

Sirwaitis, Sherri

Subject: FW: Timo Xzavier - <Case # #C14-2018-0079> Postponement Request

From: KeepAustinRented.Com <>
Sent: Tuesday, October 16, 2018 12:45 PM
To: Sirwaitis, Sherri <Sherri.Sirwaitis@austintexas.gov>
Cc: Cadena-Mitchell, Kurt <Kurt.Cadena-Mitchell@austintexas.gov>; MIKE Topel (Home) <>; Mike Doyle (RTE) <>; Rob Ripperda (RTE) (Kristen) (Arabian) <>; Rivera, Andrew <Andrew.Rivera@austintexas.gov>
Subject: Timo Xzavier - <Case # #C14-2018-0079> Postponement Request

Hello Ms. Sirwaitis,

The Raintree Estates neighborhood is requesting a postponement of case #C14-2018-0079, which is scheduled to be held on Tuesday, November 6th.

We attempting to work things out with Ms. Mok and the Asian American Cultural Center, but we feel we need a bit more time. Ms. Mok is holding another open house to the community on Wednesday, October 24th.

Our contact with Alison Alter's Office/District 10 (Kurt) has been extremely helpful with his assistance in navigating thru many of the zoning details; Alison's office has also offered to hold an additional meeting after the AACC meeting.

CAN YOU PLEASE LET US KNOW:

1. If our postponement request has been accepted.
2. The new date of the ZAP hearing.
3. The new date of the City Council hearing.
4. Please send me an UPDATED "Public Hearing Information" form with the correct dates, so I may distribute that for more community input.

There has been some confusion about the "Public Hearing Information" form, because of the expiration dates listed on the form have expired. I have been telling neighbors it is ok to still send that form in, however we would find it very helpful to have an updated form listing up-to-date information of when to return the form by, hearing dates, etc...

Also, thank you for your continued help to the Raintree Estates Neighborhood as we value your input and recommendations with the project as well.

Timo Xzavier
Co-president of the Raintree Estate Neighborhood
