### NOTES:

- No lot shall be occupied until the structure is connected to the City of Austin water and wastewater utility system.
- All water and wastewater improvements must be in accordance with City of Austin water and wastewater design criteria and specifications. All plans must be presented to the City of Austin Water and Wastewater Utility Department for review and approval. All construction must be inspected by the City of Austin.
- Building Setback Lines shall be in conformance with the City of Austin Zoning ordinance requirements.
- No buildings, fences, landscaping, or other obstructions are permitted in drainage easements except as approved by the City of Austin.
- All drainage easements on private property shall be maintained by the property owner or his assigns.
- Properly owner shall provide for access to drainage easements as may be necessary and shall not prohibit access by governmental authorities.
- The owner of this subdivision, and his or her successors and assigns, assumes responsibility for plans for construction of subdivision improvements which comply with applicable codes and requirements of the City of Austin. The owner understands and acknowledges that plat vacation or replatting may be required, at the owner's sole expense, if plans to construct this subdivision do not comply with such codes and requirements.
- Prior to construction, except detached single family on any lot in this subdivision, a Site Development Permit must be obtained from the City of Austin.
- All streets, drainage, sidewalks, erosion controls, and water and wastewater lines are required to be constructed and installed to City of Austin Standards.
- Austin Energy has the right to cut and trim trees and shrubbery and remove obstructions to the extent necessary to keep the easements clear of obstructions. Austin Energy will perform all tree work in compliance with the City of Austin Land Development Code.
- The owner/developer of this subdivision/lot may provide Austin Energy with any easement and/or access required for the installation and ongoing maintenance of overhead and underground electric facilities within or along the perimeter of this subdivision/lot. These easements/access are required to provide electric service to the buildings and will not be located as to cause the site to be out of compliance with the City of Austin Land Development Code.
- The owner shall be responsible for installation of temporary erosion control, revegetation and tree protection. In addition, the owner shall be responsible for any initial pruning and tree removal that is within ten feet of the center line of the proposed overhead electrical facilities designed to provide electric service to this project. The owner shall include Austin Energy's work within the limits of construction for this project.
- This subdivision plat was approved and recorded before the construction and acceptance of streets and other improvements. Pursuant to the terms of a Subdivision Construction Agreement between the subdivider and the City of Austin, dated \_\_\_\_\_, 20\_\_\_\_, the subdivider is responsible for the construction of all streets and facilities needed to serve the lots within the subdivision. This responsibility may be assigned in accordance with the terms of that agreement. For the Construction Agreement pertaining to this subdivision, see the separate instrument recorded in Document No. \_\_\_\_\_ in the Official Public Records of Travis County, Texas.
- Public sidewalks, built to City of Austin standards, are required along the following streets and as shown by a dotted line on the face of the plat: Blue Bird Lane and Red Bird Lane. These sidewalks are required to be constructed by the property owner after the abutting roadway is improved and concrete curbs are in place. Failure to construct the required sidewalks may result in the withholding of Certificates of Occupancy, building permits, or utility connections by the governing body or utility company.
- The landowner is responsible for providing the subdivision infrastructure, including the water and wastewater utility improvements.
- No portion of this subdivision is within the boundaries of the 100-year flood plain of any waterway that is within the limits of study of the Federal Flood Administration FIRM panel 48453C 0585 H, dated September 26, 2008.
- Erosion/Sedimentation controls are required for all construction on each lot, including single family and duplex construction, pursuant to the City of Austin Land Development Code and the Environmental Criteria Manual (ECM).
- Lot 23A, Lot 23B and Lot 23C of this subdivision shall have separate sewer laps, separate water meters, and their respective private water and sewer service lines shall be positioned or located in a manner that will not cross lot lines.
- The owner of the property is responsible for maintaining clearances required by the National Electric Safety Code, Occupational Safety and Health Administration (OSHA) regulations, City of Austin rules and Texas state laws pertaining to clearances when working in close proximity to overhead power lines and equipment. Austin Energy will not render electric service unless required clearances are maintained. All costs incurred because of failure to comply with the required clearances will be charged to the owner.
- All restrictions and notes from the previous subdivision, Pleasant Hill Addition, according to the map or plat of record in Volume 4 Page 7, of the Travis County Plat Records, shall apply to this resubdivision plat.
- Prior to construction on lots in this subdivision, drainage plans will be submitted to the City of Austin for review. Rainfall run-off shall be held to the amount existing at undeveloped status by pending or other approved methods. All proposed construction or site alteration on Lots 23A, 23B, 23C requires approval of a separate Development Permit.
- Access to and from Lot 23B and Lot 23C is hereby restricted to Blue Bird Lane.
- A fee-in-lieu of parkland dedication and park development has been paid for 6 dwelling units due to SF-3 zoning.
- 1000 gallons of rain harvesting cistern[s] is required to collect roof runoff on each lot.
