#### **Additional Backup Information:**

These contracts will provide a continuous and reliable source for interior and exterior painting services such as wall preparation, taping/floating, and texturing, for various City facilities. These contracts will provide labor, supplies, related equipment, and paint (when requested by the City) for regularly scheduled maintenance and repair work.

The previous solicitation was awarded to a single vendor. These contracts with four qualified contractors allow for greater minority and women owned business enterprise participation, greater competition and greater contractor availability to provide services for over 300 City-owned facilities. During the contract term, individual projects will be awarded based upon the lowest fixed-price quotation meeting the project scope of work requirements.

These contracts replace a previous contract that expired in February 2018. Interim services were provided by City staff or delayed. Estimates are based upon historical expenditures and anticipated projects. The recommended contractors were not the previous providers for these services. Three of the four vendors are certified by the City as Minority owned Business Enterprises.

An evaluation team with expertise in this area evaluated the offers and determined these four offerors as the best to provide these services based on applicable experience, technical program and proposed solution, sample project, price, local business presence, and service-disabled veteran business enterprise presence.
