

RESTRICTIVE COVENANT AMENDMENT REVIEW SHEET**CASE:** C14-85-288.43(RCA)– 6901 Old Bee Caves Road**P.C. DATE:** November 13, 2018**ADDRESS:** 6901 Old Bee Caves Road**AREA:** 18.308 Acres**NEIGHBORHOOD PLAN AREA:** West Oak Hill**OWNER/APPLICANT:** SRE/MRE Oak Hill, LTD. (Jeff Lahr)**AGENT:** Drenner Group, PC (Amanda Swor)**SUMMARY STAFF RECOMMENDATION:**

To approved Restrictive Covenant as requested, with the conditions that the RCA incorporate the Environmental Commission recommendation and Neighborhood Traffic Analysis requirements.

ENVIRONMENTAL COMMISSION RECOMMENDATION:

October 17, 2018: TO RECOMMEND APPROVAL OF THE RCA AS REQUESTED (8-0) [h. Smith- 1st, K. Coyne-2nd, M. Neeley, L. Guerrero- Absent]

PLANNING COMMISSION RECOMMENDATION:

November 27, 2018:

November 13, 2018: *TO GRANT POSTPONEMENT TO NOVEMBER 27, 2018 AS REQUESTED BY NEIGHBORHOOD, ON CONSENT (10-0). [P. Seeger- 1st, R. Schneider- 2nd, J. Schissler, F. Kazi- Abstain, A. DeHoyos Hart- Absent]*

ISSUES:

The subject property is located in the Barton Springs Zone of the Williamson Creek watershed. An existing restrictive covenant (RC) currently establishes certain entitlements to 1981 ordinance standards. The entitlements associated with the new covenant will be limited to the next application series (site plan and building permit(s)) and not to future redevelopment projects. The RC also limits land uses, building height, FAR, and other site development regulations. The RCA increases the degree of compliance with current water quality and other environmental regulations, prohibits some land uses, and increases permitted FAR and height. A rezoning request (C14-2018-0056) is under review concurrent with the RCA. The proposed rezoning and RCA are intended to allow development of the property with multifamily land use.

DEPARTMENT COMMENTS:

The subject property is located on the west side of Old Bee Caves Road north of the intersection with West US Highway 290. Old Bee Caves Road intersects US 290 approximately 1200 feet west of the William Cannon/US 290 intersection and approximately 1000 feet east of the “Y” in Oak Hill. The property is currently mostly undeveloped; the site was previously used as a dog kennel and a few structures remain. The proposed use is 315 unit, 60 ft. tall multifamily apartment complex. *Please see Exhibits A and B- Zoning Map and Aerial Exhibit.*

The proposed conditions of the RCA are provided below. A redlined copy of the RC is attached as well. ***Please see Exhibit C- Restrictive Covenant.***

Environmental. The property is in the Williamson Creek watershed and is over the Edwards Aquifer Recharge Zone. The RC approved in 1987 locks in 1981 environmental regulations that have a 40 percent impervious cover limit based on the gross site (up to 65% with parkland dedication), no restrictions regarding cut and fill, limit water quality treatment by filtration to the first half-inch of runoff, allows 25 percent construction on slopes greater than 20 percent, has no heritage tree protections and 1981 erosion control protection requirements. The Applicant proposes bringing the site into compliance with all current environmental regulations, reduce impervious coverage to 35%, as well as dedicate 5-8 acres of public parkland to the City. The Environmental Commission voted to support these changes. ***Please see Exhibits D and E- Environmental Commission Presentation and Environmental Commission Memorandum.***

Transportation. Transportation improvements were required as part of the existing RC but were undefined, requiring a "pro-rata share of the cost of necessary roadway improvements to Old Bee Caves Road." Staff has conducted a Neighborhood Traffic Analysis (NTA) as well as reviewed planned TxDOT improvements for US Highway 290. Specific improvements are to be provided (by the Applicant) as part of this site development. In addition to improvements to Old Bee Caves Road, the Applicant will pay for the design and installation of a traffic signal at the intersection of Old Bee Caves Road and US Highway 290. These items will be recorded with a separate new RC. ***Please see Exhibit F- Transportation Memorandum.***

Zoning. The RCA proposes some benefits to the Applicant that will make it possible to develop the site with a 315 unit multifamily development. The items requested include increasing the maximum height from 35' to 60' and increasing floor-to-area ratio (FAR) from .25:1 to .5:1. Applicant proposes removing some of the most intense permitted uses on the site and adding Multifamily residential as permitted. As stated previously, maximum impervious coverage will be reduced from 40% - 65% of gross site area to 35%.

Staff supports the requested amendments to the RC. In addition to several environmental benefits to the community, the RCA has identified significant transportation improvements that the Applicant will construct. The increased FAR and building height will allow the developer to build up instead of build out.

Staff has received correspondence related to the rezoning and RCA requests. ***Please see Exhibit G – Correspondence.***

Property: All that certain tract, piece or parcel of land, lying and being situated in the County of Travis, State of Texas, described in Exhibit "A" attached hereto and made a part hereof for all purposes, to which reference is here made for a more particular description of said property.

Consideration: One and No/100 Dollars (\$1.00) and other good and valuable consideration paid by the City of Austin in hand to the Owner, the receipt and sufficiency of which is acknowledged.

Owner of the Property, for the consideration, impresses the Property with these covenants and restrictions running with the land:

1. If development occurs, the ~~maximum~~ impervious coverage of the Property shall be ~~40 percent~~ decrease to 35% calculated on the entire Property. ~~If parkland, in the amount of not less than 5 acres and not more than 8 acres, is dedicated for public use, then the maximum impervious coverage of the Property shall be 65 percent, calculated on the entire Property.~~
2. If development occurs, the Property shall be limited to maximum of .25 to 1 floor to area ratio increase to .5 to 1 FAR as defined by Section 1212 of Chapter 13-2A of the Austin City Code.
3. Development of the Property shall be in compliance with Sections 9-10-171 through 9-10-230 and Sections 13-3-401 through 13-3-475 of the Austin City Code of 1981 except for the following sections:

The part of Section 9-10-191 which reads "or to a development within a recorded subdivision which was finally approved or finally disapproved by the Planning Commission prior to December 18, 1980."
Section 9-10-208, subsections (c), (d), and (e).
Section 13-3-408(a).
Section 13-3-433, subsections (c), (d), and (e).

4. The Property shall be limited to the following use types, defined in the Austin City Code:

Commercial Uses

~~DELETED~~ Administrative and Business Offices
~~DELETED~~ ~~Agricultural Sales and Services *~~
Arts and Craft Studio (Limited)
Arts and Craft Studio (General)
Building Maintenance Services

5. The following use types are permitted if approved by the Conditional Use Procedure described in Sections 6200 through 6290 of Chapter 13-2A of the Austin City Code:

Commercial Uses

Outdoor Entertainment

Civic Uses

Club or Lodge

Parking Facilities

6. Redevelopment on the part of the Property zoned "CS" Commercial Services, as defined in the Austin City Code shall be limited to a maximum of ~~two stories not to exceed a total of 35 feet~~ in height. 60 feet
7. Before the site plan is approved, Owner shall contribute its pro-rata share of the cost of necessary roadway improvements to Old Bee Caves Road, subject to review of the Owner's pro-rata share by the Transportation section of the Office of Land Development Services and the Transportation and Public Services Department. or other improvements identified,
8. If any person or entity shall violate or attempt to violate the foregoing agreement and covenant, it shall be lawful for the City of Austin, a municipal corporation, its successors and assigns, to prosecute proceedings at law or in equity, against such person or entity violating or attempting to violate such agreement or covenant, to prevent the person or entity from such actions, and to collect damages for such actions.
9. If any part of this agreement or covenant shall be declared invalid, by judgment or court order, the same shall in no way affect any of the other provisions of this agreement, and such remaining portion of this agreement shall remain in full effect.
10. If at any time the City of Austin, its successors or assigns, fails to enforce this agreement, whether or not any violations of it are known, such failure shall not constitute a waiver or estoppel of the right to enforce it.
11. This agreement may be modified, amended, or terminated only by joint action of both (a) a majority of the members of the City Council of the City of Austin, or such other governing body as may succeed the City Council of the City of Austin,

and (b) the owner(s) of the Property at the time of such modification, amendment or termination.

EXECUTED this the 2ND day of NOVEMBER, 1987.

Property Details

- 18.308 acres
- Currently undeveloped
- Full purpose jurisdiction
- Williamson Creek Watershed
- Edwards Aquifer Contributing Zone
- Oak Hill Combined Neighborhood Planning Area

Existing Restrictive Covenant (RC)

- 1987 Restrictive Covenant with Austin
- Locks in 1981 environmental regulations:
 - 40% impervious cover gross site area (up to 65% with parkland dedication)
 - No restrictions on cut/fill
 - ½ inch water quality treatment by filtration
 - 25% construction on slopes > 20%
 - No heritage tree protection
 - 1981 erosion controls

Proposed RC Modification

- Change use from Commercial to Mixed Use
- Increase height from 35 ft to 60 ft
- Change floor-area ratio from 0.25:1 to 0.5:1

Proposal consistent with Future Land Use Map

OAK HILL APARTMENTS

Scale: 1"=100'-0"
Date: October 2018

Draft for display purposes, subject to change

Proposed Environmental Benefits

- Provide additional water quality treatment
- Reduce allowable impervious cover
- Limit cut/fill
- Reduce construction on slopes
- Current tree protections
- Current erosion controls (and erosion hazard zone)
- Remove industrial uses
- Parkland dedication, shared use path, trail easements
- Remove 'grandfathering'

	Current Code	Existing Restrictive Covenant	Proposed Modifications
Impervious Cover	25% net site area, 1.77 acres	40 – 65% gross area, 7.32 – 11.9 acres	35% gross area, 6.4 acres
Water Quality Treatment	SOS Water Quality (0.79 inch capture depth, re-irrigation)	Filtration (0.5 inch)	Sedimentation/Filtration (0.79 inch capture, > 0.39 inch-re-irrigation)

ENVIRONMENTAL COMMISSION MOTION 20181017 008a

Date: October 17, 2018

Subject: Restrictive Covenant Amendment for an 18.308-acre parcel at 6901 Old Bee Caves Road

Motion by: Hank Smith

Seconded by: Katie Coyne

RATIONALE:

WHEREAS, this tract is currently undeveloped, is in the full purpose jurisdiction, is in the Williamson Creek Watershed, is over the Edwards Aquifer Recharge Zone and is in the Oak Hill Combined Neighborhood Planning Area; and

WHEREAS, there is a 1987 restrictive covenant with the City of Austin that locks in the 1981 environmental regulations that have a 40 percent impervious cover limit based on the gross site area, no restrictions regarding cut and fill, limit water quality treatment by filtration to the first half-inch of runoff, allows 25 percent construction on slopes greater than 20 percent, has no heritage tree protections and establishes erosion control protection design at the 1981 level of protection; and

WHEREAS, the proposed modification will change the use from commercial to mixed use, increase the height restriction from 35 feet to 60 feet and change the floor-area ratio from 0.25:1 to 0.5:1, all of which are consistent with the Oak Hill Combined Neighborhood Planning Area Future Land Use Map; and

WHEREAS, the proposed environmental benefits of the proposed modification include:

- providing additional water quality treatment
- reducing allowable impervious cover
- limiting cut/fill
- reducing construction on slopes
- enforcing current tree protection regulations
- enforcing current erosion control criteria, including the erosion hazard zone requirements
- removing industrial uses
- requiring parkland dedication, shared use paths, and trails easement, and
- removing future "grandfathering" limitations

THEREFORE, the Environmental Commission recommends support of the request amending the restrictive covenant as presented.

MEMORANDUM

TO: Heather Chaffin, Case Manager
Development Services Department

CC: Upal Barua, P.Eng., P.E.
Austin Transportation Department

FROM: NR Natalia Rodriguez, CNU-A
Scott A. James, P.E., PTOE
Development Services Department/Land Use Review - Transportation

DATE: November 6, 2018

SUBJECT: Neighborhood Traffic Analysis for 6901 Bee Caves Road
C14 – 2018 – 0056

The Land Use Review/Transportation staff has performed a Neighborhood Traffic Analysis (NTA) for the above referenced rezoning application and offers the following comments.

The 18.308 acre site is located in south Austin along Old Bee Caves Road, north of its intersection with US Highway 290/State Highway 71. The request is to rezone from CS – NP to CS – MU – NP to allow for the construction of up to 309 residential dwelling units. A previous zoning case, C14-85-288.43(RCA) also applies to this location.

Table 1 – list of proposed land uses	
Land Use	Intensity
Multi-family apartments	309 dwelling units

Roadways

Old Bee Caves Road is classified as a local collector roadway and measures 20 feet in width. The land uses along Old Bee Caves are primarily residential. There are no sidewalks on either side and access is proposed to Old Bee Caves Road. The posted speed limit is 40 miles per hour (MPH).

Trip Generation and Traffic Analysis

The City Council may deny an application if the neighborhood traffic analysis demonstrates that the traffic generated by a project combined with existing traffic, exceeds the desirable operating level established on a residential local or collector street in the study area.

Based on the Institute of Transportation Engineer's Trip Generation Manual, 10th Edition, the proposed mixed use development would generate approximately 2,295 daily trips (summarized in Table 2).

Table 2 – Estimated Daily Trip Generation					
TRACT NUMBER	TRACT ACRES	ZONING	INTENSITY	LAND USE (ITE Code)	TRIPS PER DAY
1	18.31	CS – MU – NP	309 DU	Multifamily Housing (Code 220)	2,295

Table 3 presents the expected distribution of the 2,295 daily trips:

Table 3 – Trip Distribution	
Street - Direction	Vehicle Trips
Old Bee Caves Road – southbound to US Hwy 290	1721 (75%)
Old Bee Caves Road – westbound to SH 71	574 (25%)

According to the traffic count data collected on April 25, 2018 and on September 25, 2018, an average of 2,368 vehicles travel along Old Bee Caves Road daily. As shown in Table 4, the projected daily trips from the site would increase the observed volumes on Old Bee Caves Road by up to 51%.

Table 4 – Estimated increase in daily traffic volumes				
Street	Existing Traffic (VPD)	Site Traffic	Total Traffic	Percentage Increase
Old Bee Caves Road	2368	2295	4663	51%

Desirable Operating Levels

According to Section 25 – 6 – 116 of the Land Development Code, neighborhood residential streets are operating at a desirable level if the daily volumes do not exceed the following thresholds:

Table 5 – LDC Thresholds	
Pavement Width	Vehicles Per Day
Less than 30'	1,200
30' to less than 40'	1,800
40' or wider	4,000

Conclusion and Recommendations

The estimated number of daily trips generated by this site, in combination with the existing traffic on Old Bee Caves Road will exceed the thresholds set forth in the LDC 25 – 6 – 116. Therefore, mitigation is required for development of this site. According to the previous terms (note #7) of the Restrictive Covenant, improvements to Old Bee Caves Road will be required as part of the site plan development.

Therefore, in accordance with Section 25 – 6 – 116 and the prior RCA, review staff recommends the following conditions of approval for this rezoning application.

- 1) Prior to the 3rd reading at City Council, the applicant shall post fiscal in the amount of \$530,793 for the cost to provide the following transportation infrastructure improvements:
 - a. \$163,423 for the cost to resurface and install pavement markings and signage along the frontage of Old Bee Caves Road for improved travel and visibility of the roadway.
 - b. \$17,370 to furnish and install one (1) LED streetlight on an existing pole to provide additional illumination of Old Bee Caves Road.
 - c. \$350,000 for the cost to design and construct a traffic signal for the intersection of Old Bee Caves Road and US Highway 290. This signal will be within TxDOT right-of-way, and will be maintained by the City of Austin Transportation Department.
- 2) Prior to 3rd reading at City Council, the applicant shall dedicate up to 32 feet of right-of-way from the existing centerline of Old Bee Caves Road to provide the required 64 feet of right-of-way in accordance with the Transportation Criteria Manual.
- 3) At the time of the site plan application, the applicant shall construct items identified above in #1 in accordance with City of Austin standards.
- 4) At the time of the subdivision and site plan applications, the site shall comply with the Urban Trails Master Plan and Bicycle Master Plan.
- 5) A traffic impact analysis shall be required at the time of the site plan application if triggered per LDC 25 – 6 – 113, which may identify further mitigation measures.
- 6) Development of this property should not vary from the approved uses, nor exceed the approved intensities and estimated traffic generation including land uses, trip generation, trip distribution, traffic controls and other identified conditions.
- 7) The findings and recommendations of this staff memorandum remain valid until November 6, 2023, after which a revised NTA or staff memorandum may be required

Re: 6901 Old Bee Caves Road. – Rezoning application and restrictive covenant amendment application for the 18.308 acre piece of property located at 6901 Old Bee Caves Road in Austin, Travis County, Texas (the “Property”)

Dear Mr. Guernsey:

As representatives of the owner of the Property, we respectfully submit the enclosed rezoning application and restrictive covenant amendment packages. The project is titled 6901 Old Bee Caves Road, consists of 18.308 acres, and is located on the south side of Old Bee Caves Road, approximately 330 feet north of the intersection of Old Bee Caves Road and U.S. Highway 290 West/Texas Highway 71 West. The Property is currently undeveloped. The site is currently zoned CS-NP, General Commercial Services – Neighborhood Plan. The requested rezoning is from CS-NP to CS-MU-NP, General Commercial Services – Mixed Use – Neighborhood Plan, zoning district. The purpose of this rezoning is to allow for residential uses on the Property.

The existing restrictive covenant on the property provides for site development regulations and applicable regulations that are not consistent with current regulations. The restrictive covenant currently restricts maximum floor to area ratio (FAR) to 0.25:1, building height to 35 feet, and maximum impervious cover to 65%, provided that between 5 and 8 acres of land is dedicated for public parkland. Additionally, residential uses are not permitted by the current zoning or the restrictive covenant. The requested amendment to the restrictive covenant will increase maximum FAR to 0.5:1, increase building height to 60 feet, decrease the maximum allowed impervious cover to 35% and add residential uses as a permitted use. Additionally, the project will come into compliance with current City of Austin tree regulations and water quality regulations.

The Property is located within the Oak Hill Combined Neighborhood Planning Area. The Future Land Use Map shows the Property as Mixed Use, therefore a Neighborhood Plan Amendment is not required with this rezoning. A Traffic Impact Analysis (“TIA”) has been waived via a TIA waiver from Mehmaz Mehraein, P.E. dated March 6, 2018 with the requirement that necessary transportation improvements for safe vehicular access from Old Bee Caves Road and U.S. Highway 290 West are to be provided at the time of development. This request is consistent with the land uses surrounding the Property, which include residential and a variety of retail and general commercial uses.

Sent: Thursday, October 25, 2018 2:47 PM
To: Chaffin, Heather <Heather.Chaffin@austintexas.gov>; Troxclair, Ellen <Ellen.Troxclair@austintexas.gov>
Subject: traffic light proposal at Old Bee Caves and 290

Thank you for your service to our community and for considering proposals on various needs of the community.

That being said, I am hearing there is a proposal to add a light at Old Bee Caves Rd and 290. The traffic at "the Y" at 290 and 71 is awful to begin with. I can sit there 20 minutes some days to get from Hwy 71 to Hwy 290. As it is I have had to adjust my work schedule to accommodate for that traffic.

I don't think the light at Old Bee Caves and 290 would help this situation at all, but will only make it worse. It would help a minority of people to have a minor convenience and would hurt a majority of people with a major inconvenience.

Please do not consider this proposal.

Thank you!

Shari

Subject: concerns about development on old bee caves

Dear Ms. Chaffin,

Thank you for speaking with me this morning.

I am writing to express my concerns about the proposed development immediately adjacent to my home on Old Bee Caves.

I do like it that they have reduced the buildable area, however, I would prefer a type of building that is single family, and/or homeowner occupied, as opposed to an apartment complex with lots of transient occupants coming and going, bright lights, and lots of traffic generated. If a park area is created, what steps will be taken to keep noise away and preserve my privacy in my back yard? Will everything become mowed down so the nature is gone? There are so many beautiful wild animals that use the Williamson Creek corridor.

What steps will be taken to preserve the rural character of the road and its natural beauty? 60 feet of height really seems like a lot for this country lane. Has there been any thought about making it beautiful? The current stretch of graffiti covered fencing is not promising.

This area has no sidewalks, no bike lane, and no speed humps of any kind, despite being conspicuously abused for cut through traffic. The road itself can't support more traffic.

I know everyone in my area would like to keep it homeowner and family occupied.

They should at a minimum be asked to negotiate with their neighbors.

Thank you for your attention.

Sincerely,
Jacqueline May

Subject: FW: Proposed Traffic Light at Old Bee Caves Road and 290/71 - FOR!!!

From: Andria B
Sent: Monday, October 15, 2018 11:27 AM
To: A Brannon <andriaebay@gmail.com>
Subject: Proposed Traffic Light at Old Bee Caves Road and 290/71 - FOR!!!

To Whom It May Concern:

As a resident of Aviara in Oak Hill, the closest neighborhood to the planned apartment development on Old Bee Caves Road, as a neighbor of and commuter on Old Bee Caves Road, and as a new step-mom to two fantastic kids, I SUPPORT the Old Bee Caves Rd/Oak Hill Apartments plan to install a light at what is a dangerous, congested and confusing intersection.

The intersection of OBC and 290/71 has long been a source of frustration to me and to my neighbors. Now that I am responsible for the transportation of my two step-children on a daily basis - I will drive FAR out of my way to avoid this very dangerous part of our route to and from home.

I believe that the construction of apartments on Old Bee Caves Road serves as the best land use alternative - as opposed to another commercial entity - and will positively impact the surrounding neighborhoods, as well as Oak Hill as a whole. It is equally important to me that the developer and the city fulfill their promise to install the approved stop and go signal light at the intersection of Old Bee Caves Rd and US 290, along with separate additional ingress and egress lanes for this planned apartment community development. These transportation features, in combination, will relieve the extraordinarily stressed Old Bee Caves Road shared by our neighborhood, surrounding neighborhoods, churches, commuters and businesses.

Sincerely,

Andria Brannon

Dear Heather,

I am writing regarding a proposed development on Old Bee Caves Rd.

I live directly next to where this development is proposed, (7101 Old Bee Cave Rd.) and yet I did not receive any rezoning letter; I heard about it from the neighbors. So I think I need to get registered somehow as one of the affected parties.

It is of tremendous concern to me that my home, zoned Rural Residential, might come to abut an enormously dense apartment complex. I did not move to a rural area, plant trees and gardens, and tenderly bring a historic structure back to life, to be next to a giant, unattractive apartment complex with light pollution, constant car alarms, traffic, and oceans of hot concrete. As you can imagine, I need to get more information and see what I can do to preserve the value of my home and my quality of life. We desperately need parkland, not concrete.

Thank you for your work on this,

Jacqueline May

Subject: Concern - Case # C14-2018-0056

Hello Heather,

I just received notice of the filing of application for rezoning - for apartments. I am extremely concerned about this filing.

- Traffic on Old Bee Caves Road
- Dangerous windy roads with no shoulder
- that curve where the property entrances are located are VERY dangerous
- The continuous flow lanes at the Y at Oak Hill already prevent us from leaving the neighborhood at 71 and Old Bee Caves Road. The single line to get out takes 10 min or more due to the small amount of time between the next flow of cars. At most 10 seconds.
- Williamson Creek Environmental issues and concern
- No street lights
- Multiple fatalities on this road already
- no other entrance out of this property besides this single lane road.

Please come out here and see for yourself at rush hour times and all weekend long. Really most of the time. Please advise on these issues.

Thank you,
Carri

Subject: 6901 Old Bee Caves Rd C14-2018-0056

Hello,

I am the Chair of the Oak Hill Neighborhood Planning Contact Team, and although this property does not involve a land use change I have a couple of questions about the rezoning.

Why was the TIA waived? How can you know if the transportation improvements will be enough without a TIA? What transportation improvement have they committed to? Old Bee Caves is a narrow, country road that really should not be burdened with too much traffic. High traffic volumes could be dangerous and not in line with the Vision Zero goals the city has set forth.

Will the dedication of 5-8 acres of parkland in the current restrictive covenant be affected by this rezoning? Adding additional residents should not result in any less requirement to dedicate parkland since this area is relatively park-poor (the closes park being a small pocket park not even within walking distance).

I am interested in being notified when the public hearing for this will be.

Thanks.

Tom Thayer
