### DISCUSSION ITEMS

3. Approve adoption of Water Forward, Austin's Integrated Water Resource Plan.
- The motion approving adoption of Water Forward, Austin's Integrated Water Resource Plan with the following direction to staff was approved on Mayor Pro Tem Tovo's motion, Council Member Flannigan's second on a 10-0 vote. Council Member Troxclair was absent.**

**The following direction was given to staff by Mayor Pro Tem Tovo and Council Member Kitchen and accepted without objection.**

1. **The City Manager is directed to work with city staff and the Water Forward Task Force to accelerate, to the greatest extent feasible, the implementation timeline for these specific strategies:**
  - **Dual Plumbing**
  - **Landscape Transformation**
  - **Development-Focused Water Benchmarking and Budgeting, and**
  - **Alternative Water Ordinances.**
2. **The City Manager is also directed to work with staff to ensure substantive stakeholder outreach and involvement regarding the location of any future Aquifer Storage and Recovery Facility.**
3. **The City Manager is further encouraged to explore the benefit of coordinated stakeholder outreach for the development of multiple ordinances, both to maximize staff time and resources as well as to expedite the timeline for implementation.**

**The following direction was given to staff by Council Member Alter and accepted without objection.**

- Council directs the City Manager to have Austin Water coordinate an effort for each City of Austin Department to assess its building and structures, including city pools, with a goal to reduce or eliminate water loss due to leaks and inefficiencies.
- Council directs the City Manager to consider using cost-saving Texas Water Development Board funding options, or other outside funding sources such as loans or grants for water projects whenever possible.
- Concurrent to ordinance development, consider advancing educational materials, training and facilitation of demonstration projects, particularly with regard to dual plumbing.
- Council directs the City Manager to consider a stage in the City's permitting process to discuss with large developments how to incorporate water conservation strategies early in the design phase.
- Council directs the City Manager to consider methods for interdepartmental collaboration to work to help ensure we have a skilled and developed workforce, including but not limited to plumbing professionals, ready to implement alternative water strategies for buildings and development and to identify whatever resources the City may need to bring to bear to support the necessary training.

The following direction was given to staff by Mayor Adler and accepted without objection.

- The City Manager should expedite the timeline of all codes and ordinances recommended by Water Forward, where feasible, to increase the City's resilience to the next drought.
- The City Manager and Austin Water should consider orienting impact fees and rates to promote Water Forward so that any change to fees and rates is done with the lens of advancing of Water Forward.
- The City Manager should align Austin Water and Watershed Protection Department to advance Water Forward through reporting structures and performance metrics to drive continued and enhanced integrated water management between the Utility and Watershed Protection.
- When considering ordinances related to on-site strategies, the City Manager should consider opportunities to extend these strategies to entire master planned developments, including PUDs and other special districts.
- The City Manager should consider creating a Research & Development unit with the water utility to advance business model innovations, leveraging new developments as an opportunity to test and deploy new technologies, operational strategies, and revenue structures.

The following direction was given to staff by Council Member Pool and accepted without objection.

- To the extent possible, to find other sources other than the Carrizo-Wilcox Aquifer that would be closer to Austin.
