April 11, 2018 - Early Childhood Council approved an endorsement of the High-Quality Child Care and Pre-K 3 Report developed in response to Council Resolution 20170928-057, which included fee waivers, on a 7-0 vote, with Chair Elsner recused and Members Sanchez, Garcia, Paver and Semple absent.

Additional Backup Information:

A "qualified high quality child care center" will be defined as a child care center that accepts child care

subsidies, is licensed by the State of Texas, and is certified by one or more of the following agencies: National Association for the Education of Young Children, National Accreditation Commission for Early Care and Education Programs, or a Four-Star rated Texas Rising Star program.

Currently, Austin is home to 50 child care centers that fall within the definition of a qualified high quality child care center. Based on the City's Fiscal Year 2018-2019 Fee Schedule, a \$110 annual general environment/licensing inspection fee applies to each of the 50 qualified high quality child care centers. Additionally, 35 of the 50 qualified high quality child care centers require food establishment permits at a cost of \$445 for each center.

Consistent with the policy direction set forth in Resolution No. 20181004-036, approval of this item will exempt all qualified high quality child care centers from having to pay the general environment/licensing inspection fee and food establishment permit fee. Approval of this item, however, will not change the frequency or manner in which the qualified high quality child care centers are inspected or permitted. The waiver of both fees will reduce the City's annual recovery of general fund revenues by approximately \$21,075 (50 centers at \$110 per center plus 35 centers at \$445 per center).
