January 8, 2019 - Recommended by the Airport Advisory Commission on an 8-0 vote, with Commission Members Walewski, Tegeler, and Owens absent at this vote.

Additional Backup Information:

The contract is for replacement tires to be used on passenger boarding bridges, which are used for boarding

and deplaning of passengers from commercial aircraft at Austin-Bergstrom International Airport.

This contract will replace a contract expiring on September 11, 2019. Estimated quantities for the contract are based on historical usage. The recommended contractor is the current provider for these goods.

Failure to have these replacement tires on-hand and immediately available to repair the passenger boarding bridges will have a negative impact on airline operations and services to the traveling public. Furthermore, airport personnel will not be able to effectively and efficiently maintain the passenger boarding bridges to meet the department goal to ensure facility systems are functioning and available at all times.
