RE: Hayah Subdivision, Resub of Lot 3, Blk E, Eubank Acres, Sec 1
C8-2017-0283.0A

Please accept this note as a letter of SUPPORT to the above referenced project.

Upon meeting the owner, and / or learning more about the project and the intentions for the resubdivision, we find that the request is reasonable, that the project will have lot sizes greater than 10,000 s.f. minimum, which conforms to many of the lot sizes in the area of our subdivision.

A postponement may be necessary to work through details to address concerns raised by others and we support that postponement. Absent a postponement we support the request as has been presented.

Respectfully,

TO: Zoning & Platting Commission
