¹Expense Refunds are from Austin Resource Recovery for materials diversion (a.k.a. Tonnage) of obsolete Library material as well as books and materials donated from the public. Austin Resource Recovery has an annual financial commitment to pay Austin Recycled Reads \$250 per ton of material diverted through recycling and reuse. Background and Purpose: In addition to giving books a second chance, Austin Recycle Reads is an active participant in the City's Zero Waste Plan by ensuring obsolete materials are handled in an environmentally responsible way by keeping these materials out of landfills. In this way, the Library contributes to a socially responsible cause by ensuring that knowledge and learning is passed along to others in need. Books that are unusable as reading material are responsibly recycled for reuse.
