

RE: PR 10-004873-807 W Johanna St, HDP-2019-0024

I live behind the property at 807 W Johanna. My address is 2006 S 3rd St, Austin, TX 78704. I object strenuously to the total demolition of the property on Johanna. The home that is there is a sturdy wood frame home, one of the last 1930s homes in the area that is in such good condition. I encourage the Commission to ask the builders to reconsider demolition and look into designs that would best preserve the vernacular of the neighborhood. Bouldin Creek neighborhood's history is being dismantled by builders who have nothing but profit on their agendas.

Respectfully submitted,
