Approval of this item will authorize Austin Public Health to negotiate and execute an agreement with Payor Alliance for AT Home LLC, a wholly owned subsidiary of Social Finance, Inc., for a Pay for Success project. This project will deliver wrap-around services in conjunction with permanent supportive housing (PSH) for up to 250 individuals who have experienced chronic homelessness and are among the highest cost utilizers of public services, including criminal justice interactions, emergency response encounters, and healthcare services. The City of Austin will be one of several end-payors for this project and will make payments to Payor Alliance for AT Home LLC based on positive outcomes demonstrated through housing stability for each formerly homeless individual participating in the program.

Payor Alliance for AT Home LLC is a limited liability company which partners with participating health care entities and municipalities to secure public/private funds towards the goal(s) of the project. Social Finance, Inc. is a 501(c)(3) nonprofit organization, which partners with governments, nonprofits, foundations, impact investors, and financial institutions to create innovative financing solutions to improve social outcomes.

As outlined in Austin Public Health memos to Mayor and Council on May 23, 2017, September 1, 2017 and August 17, 2018, multiple City departments have worked in response to Resolution No. 20170126-043 to develop a Pay for Success
