Interests & Experiences

Please tell us about yourself and why you want to serve on a board or commission

Why are you interested in serving on a board or commission?

The healthcare district was approved in 2004 with a promise to build a system of care for the un and underinsured. Fourteen years later even though we have made progress more remains to be done. I would like to be involved in writing the next chapter from a governance perspective. It is clear that the State is not likely to appropriate additional resources to meet the needs of our citizens so it will fall on local jurisdictions like Central Health and its partners to meet these needs.
