Item 33 – Austin Strategic Mobility Plan

MOTION SHEET #4

1. Timetable for implementation of bike facilities

Modify Action Item 95 (construct bicycle facilities) by adding the following sentences:

“Establish new time tables for implementation of facilities recommended in the Bicycle Plan, -
~~Prioritize build-out of the all-ages-and-abilities network,~~ and identify funding amounts currently
needed for timely completion.”

2. Bicycle and pedestrian detours during construction projects.

Modify Action Item 139 (Multimodal temporary traffic controls) by adding the following sentence: ~~“Incorporate bicycle and pedestrian detours as a requirement within the scope of work for all projects that affect bicycle routes and any multi-use trails, if the cost of those detours would add less than 20% of the project costs.”~~ Evaluate temporary traffic control process for bicycle and pedestrian detours for all projects that affect bicycle routes and any multi-use trails. An element of such an evaluation would be the cost of the temporary detour and its reasonableness relative to the scope of the project.”
