APRIL 22, 2019
DEMOLITION AND RELOCATION PERMITS
HDP-2019-0181
2012 E. CESAR CHAVEZ STREET**

PROPOSAL

Demolish a ca. 1927 house.

ARCHITECTURE

One-story, rectangular-plan front-gabled frame bungalow with a projecting front gable; enclosed, partial-width shed-roofed independent porch; replacement fenestration.

RESEARCH

A water service permit for this address dates from 1927, which coincides with the first listings for this address in city directories. The 1927 city directory shows Martin E. Johnson, a shipping clerk at a wholesale fruit and produce business, as a renter here, as well as Andrew and Charlotte Mabry. Andrew Mabry was an assistant book-keeper for Capitol Chevrolet; Charlotte Mabry was a telephone operator. The Mabrys moved from this house to 1506 San Jacinto Street within a year.

Martin E. Johnson got married; he and his wife, Elsie, bought this house around 1928, when Martin was a salesman for the wholesale fruit and produce firm he had been working for as a shipping clerk. Another couple is listed as renters of this house while the Johnsons owned the property – Raymond H. Anderson was a clerk for the Texas Company, and is listed at this address in the 1935 city directory.

The Johnsons lived here until around 1938, when they moved to a house on E. 15th Street; Thor and Maurine Hallen rented the house in the late 1930s. Thor Hallen was a machinist who worked in the machine shop of his father.

The house had a series of short-term renters in the late 1930s and early 1940s; around 1946, it was rented by Joseph and Prudencia Arriaga. Members of the Arriaga family rented this house until around 1959; some worked in the family businesses such as the store on E. 6th Street and El Jalisco Restaurant. Delfina Godoy, the wife of Vicente Godoy, was one of the Arriaga sisters. Vicente and Delfina Godoy rented this house in the 1950s while Vicente worked as the manager of El Jalisco and Delfina worked for the family grocery store on E. 6th Street.

Since the late 1960s, the house has seen a number of short-term tenants and has now been converted to commercial use.

STAFF COMMENTS

The house is recommended as contributing to a historic district along E. Cesar Chavez Street from San Marcos to Llano streets. Staff does not agree with the determination that the house is potentially contributing, as while it has maintained its form, the windows have been changed and the front porch enclosed, impugning the integrity of materials and design.

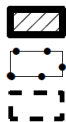

Staff has evaluated this house for designation as a historic landmark and has determined that the house does not meet the criteria for landmark designation as set forth in City Code:

- a. **Architecture.** The house is a bungalow, a common housing form; the house has had some significant modifications, principally the replacement of historic fenestration and the enclosure of the front porch, which have compromised the historic appearance and integrity of the house. Staff does not believe that the house qualifies for landmark designation under the criterion for architecture.
- b. **Historical association.** The house demonstrates the demographic shift in East Austin from European immigrants and their descendants to a primarily Hispanic neighborhood in the mid-1940s, but there do not appear to be significant historical associations with any of the occupants of this house.
- c. **Archaeology.** The house was not evaluated for its potential to yield significant data concerning the human history or prehistory of the region.
- d. **Community value.** The house does not possess a unique location, physical characteristic, or significant feature that contributes to the character, image, or cultural identity of the city, the neighborhood, or a particular demographic group.
- e. **Landscape feature.** The property is not a significant natural or designed landscape with artistic, aesthetic, cultural, or historical value to the city.

STAFF RECOMMENDATION

Encourage rehabilitation and adaptive re-use, then relocation over demolition, but release the permit upon completion of a City of Austin Documentation Package, consisting of photographs of all elevations, a dimensioned sketch plan, and a narrative history, for archiving at the Austin History Center. The house does not meet the criteria for individual designation as a historic landmark.
