### **Additional Backup Information:**

This item is to approve a newly updated list of projects approved for Quarter Cent funding.

In January of 2016, Council passed Resolution No. 20160128-050, which adopted a list of projects approved for Quarter Cent funding (the "2016 Quarter Cent Project List"). The list was amended to add new, feasible projects and remove cancelled projects on December 13, 2018 (Resolution No. 20181213-024).

To continue implementing Quarter Cent Funded projects, we have worked with Council Offices to identify new projects to approve for funding.

Exhibit A is a list of new, district-specific projects that staff recommends Council approve for funding with Quarter Cent funds. All of the projects on this list meet the criteria identified in the Interlocal Agreement with Capital Metro and address the purposes outlined in Council's June 2015 Resolution (20150618-093). Additionally, the projects have already been coordinated with staff for feasibility and cost estimates, unless otherwise noted.

Exhibit B lists projects, if any, that had been intended for Quarter Cent funding and implementation, but that are now recommended for removal from consideration due to feasibility or other issues. If no projects are recommended for

removal at this time, then Exhibit B will be marked as “Intentionally Left Blank.”

Exhibit C is the newly updated Quarter Cent Projects List proposed for adoption by this action. If adopted, Exhibit C will update and supersede the last list approved by Council- the “January 31 Quarter Cent Project List” (Resolution No. 20190131-021). Exhibit C incorporates previously approved projects that are complete, ongoing, or on hold, as well as new projects listed on Exhibit A that staff is proposing be added to the Quarter Cent Projects List by this action.

By approval of the newly updated list attached here as Exhibit C, Council will also be approving that certain projects remain on the list of approved projects because the additional funding needed to execute them appears to be available in a given District’s balance, and because staff has discussed keeping the project on the list with the appropriate Council Offices.

Staff will continue to work with the Mayor and each Council Office to identify new projects that meet the required criteria and address the purposes outlined for Quarter Cent funding. Staff will be presenting these projects in subsequent meetings for approval by the full Council. The goal is to appropriate all remaining Quarter Cent funds to eligible projects no later than April 2020.
