NOTE: Respondents to this solicitation, and their representatives, shall continue to direct inquiries to the solicitation's Authorized Contact Person: John Hilbun, at 512-974-1054 or [john.hilbun@austintexas.gov <mailto:john.hilbun@austintexas.gov>](mailto:john.hilbun@austintexas.gov).

Additional Backup Information:

The contract is for the supply of parts and repair services for City owned International brand trucks. The City currently has approximately 350 International trucks in its fleet inventory with Austin Water, Austin Energy, Public Works and Austin Resource Recovery as the main users. The contractor will provide repair services to

supplement the work performed by City technicians and parts will be purchased for maintenance and repairs handled in-house.

The recommended contractor is the current provider for these parts and services. This contract will replace two existing contracts, one for repairs which expires October 18, 2019 and the other for parts expiring April 24, 2020. The requested authorization amount is based on historical spend and allows for a small annual growth for parts and repair services associated with future acquisitions and aging vehicles.

If the City is unable to secure a contract, Fleet Services will not have a reliable source for parts and repair services. This will force the City to procure these requirements on the open market, which could result in higher prices for parts, higher operational costs and increased vehicle down time.
