

ENVIRONMENTAL COMMISSION MOTION 20190619 007b

Date: June 19, 2019

Subject: Safety improvements above Barton Springs Pool for inner-tubers and boaters

Motion by: Linda Guerrero

Seconded by: Mary Ann Neely

RATIONALE:

WHEREAS, safety concerns and improvements are shown to be needed above the Barton Springs Pool for recreational users of inner-tubing and boating; and

WHEREAS, a previous drowning incident occurred, and potentially other safety issues are at a high risk for recreational aquatic users.

THEREFORE, the Environmental Commission recommends that City Council initiate a study to address safety concerns and issues brought forward by concerned citizens due to a drowning incident and the need to improve safety problems at the end of the bypass tunnel.
