

**NEW BUSINESS: CODE AMENDMENT INITIATION REVIEW SHEET****Amendment:**

Downtown Density Bonus. Consider initiation of an amendment to Title 25 of the City Code related to [25-2-586 \(B\) Downtown Density Bonus Map and Table](#) to correct a mapping discrepancy.

**Description:**

Clarify Downtown Density Bonus boundary mapping discrepancy along 12<sup>th</sup> Street west of West Ave.

**Proposed Language:** N/A**Background:**

The [Downtown Austin Plan \(DAP\)](#) was adopted with amendments by the Austin City Council in December 2011 by [Ordinance No. 201111208-093](#). The DAP established fundamental principles relating to a Downtown Density Bonus Program (DDBP) to address and provide:

1. Maintaining existing height and density limits as a baseline with some adjustments based on the surrounding context;
2. Establish a Density Bonus Program for downtown;
3. Employ additional density incentives to achieve specific community objectives; and
4. Establish specific scale-compatibility standards that are tailored to the downtown context.

Per 25-2-586 (B), floor area ratio (FAR) and height maps were created to describe where the DDBP applies while assigning maximum floor-to-area (FAR) and heights across multiple portions of downtown. (See Attachment “A”).

A possible mapping discrepancy was brought to Staff’s attention with the intent to understand how the boundary affecting the property at 827 W. 12<sup>th</sup> Street was derived.

**Staff researched the following:****a. Existing lot configuration per filed notes** (See Attachment “B”)

The existing plat depicts one lot with multiple buildings on the site dating to 2006 and prior to the DAP and the DDBP;

**b. Existing lot attributes**

- Existing lot is approximately 24,393 ft<sup>2</sup>;
- Approximately 14,866 ft<sup>2</sup> of the existing lot is currently included in the DDBP boundary (approximately 61% of the lot); and
- The current DDBP boundary apparently bisects two structures on the site and does not adhere to existing lot lines. (See Attachment “C”).

**c. Existing zoning**

The existing zoning on the site is Commercial Services (CS) and corresponds to lot lies (See Attachment “D”); and

**d. Building permit data**

Building permit data depicts small alterations, rehabs, and interior work to existing structures dating to 1985 without evidence of major construction on the site.

**Staff Recommendation:**

Staff recommends initiation of this code amendment and adjustment to the DDBP boundary to include the remaining approximately 10,027 ft<sup>2</sup> of the property and encompass the entire lot at 827 W. 12<sup>th</sup> St. as there is evidence of a potential map error. This map correction will achieve consistency in following lot lines and based on the findings of the above research that predated the DAP and DDBP. (See Attachment “E”).
