Questions for Eureka Team

06.24.2019

When will the Eureka property maps for neighborhoods within the Urban Renewal Area be available and what are the next steps in the planning process that are slated for August/September?

What is the projected timeline for delivering completed projects on vacant land in the Urban Renewal Area, given the URB's 5-year check-in window?

Is Eureka planning to acquire more land in the Urban Renewal Area? If so, where?

How is Eureka going to prioritize projects? By land they have owned the longest? Largest holdings?

How do you define stakeholder? Are you keeping a log of stakeholder feedback that identifies the source of the input and the individual's or organization's relationship to the Urban Renewal Area?

Eureka has hired Gehl to develop planning principles and conceptual plans. What is the target date for those deliverables? What is James Lima's role in Eureka's planning process?

Does Eureka have any proposals in the works for which development feasibility is underway or completed? If so, where?

When do you anticipate a plan for restoration of the I. Q. Hurdle House will be presented to the Historic Landmark Commission?

Is Eureka committed to only doing projects that the adjacent community and the URB support?

What is the purpose of the fencing that Eureka has erected along the 1300 block and at the corner of East 12th and Salina Streets?

Is Eureka collaborating with Mission Possible or its leadership to acquire additional property from them or for them, or to plan/develop any projects? If so, where?
