

PUBLIC HEARING INFORMATION

This zoning/rezoning request will be reviewed and acted upon at two public hearings: before the Land Use Commission and the City Council. Although applicants and/or their agent(s) are expected to attend a public hearing, you are not required to attend. However, if you do attend, you have the opportunity to speak FOR or AGAINST the proposed development or change. You may also contact a neighborhood or environmental organization that has expressed an interest in an application affecting your neighborhood.

During its public hearing, the board or commission may postpone or continue an application's hearing to a later date, or may evaluate the City staff's recommendation and public input forwarding its own recommendation to the City Council. If the board or commission announces a specific date and time for a postponement or continuation that is not later than 60 days from the announcement, no further notice is required.

During its public hearing, the City Council may grant or deny a zoning request, or rezone the land to a less intensive zoning than requested but in no case will it grant a more intensive zoning.

However, in order to allow for mixed use development, the Council may add the MIXED USE (MU) COMBINING DISTRICT to certain commercial districts. The MU Combining District simply allows residential uses in addition to those uses already allowed in the seven commercial zoning districts. As a result, the MU Combining District allows the combination of office, retail, commercial, and residential uses within a single development.

For additional information on the City of Austin's land development process, visit our website: www.austintexas.gov/planning.

Written comments must be submitted to the board or commission (or the contact person listed on the notice) before or at a public hearing. Your comments should include the board or commission's name, the scheduled date of the public hearing, and the Case Number and the contact person listed on the notice.

Comments: I highly object to the change of the zoning of our addition. There is an EMS and fire station in the addition which use our streets. If it was changed by the zoning our streets would be too crowded to drive down in a safe manner. There is also a church and a school already here where the cars parked obstruct traffic. I object.

If you use this form to comment, it may be returned to:

Austin, TX 78767-8810

Too much traffic already.

Comments: We moved into our home in 1973. We were attracted to this area because of the schools, park, and families living here.

Our neighborhood is changing for the worse, with more duplexes, and more traffic on Cannon League Drive.

Building more duplexes or other multi-family housing will only exacerbate this problem.

Comments: The reason I object is: ① We already have too many apartment + duplexes; ② Cannon League cannot have anymore cars on it. ③ Cannon League + Berkeley are a "cut thru" from Wm. Cannon to Manchaca - most of them speeder do not even stop at the stop sign on Berkeley + Cannon League. We have small children on Berkeley, so speeding is bad. One morning I counted 14 cars while making my coffee. Would it be possible to put the things across to check traffic?

Comments: We have been living in our home for 46 years. We love our neighborhood, Garrison Park and the close proximity to schools. Multi-Family housing will ruin our neighborhood.
