

**Recommendation for  
Water & Wastewater Commission**

<b>Commission Meeting Date:</b>	August 14, 2019
<b>Council Meeting Date:</b>	August 22, 2019
<b>Department:</b>	Capital Contracting Office
<b>Client:</b>	Beverly Mendez, Kevin Koeller, Bill Stauber
<b>SUBJECT</b>	
<p>Authorize negotiation and execution of a professional services agreement with the following 11 staff recommended firms (or other qualified responders) for Request for Qualifications Solicitation No. CLMP262: CAS Consulting &amp; Services, Inc.; (MBE/MA), Freese &amp; Nichols, Inc.; CP&amp;Y, Inc., Lockwood, Andrews &amp; Newman, Inc.; Atkins North America, Inc.; Jacobs Engineering Group, Inc.; AECOM Technical Services, Inc.; Dannenbaum Engineering Company – Austin LLC; Pape-Dawson Consulting Engineers, Inc.; dba Pape-Dawson Engineers, Inc.; BGE, Inc./Brown &amp; Gay Engineers, Inc. and K Friese &amp; Associates, Inc., (WBE/FW); for engineering services for the 2019 Large Diameter Water &amp; Wastewater Pipeline Engineering Rotation List in an amount not to exceed \$12,000,000.</p>	
<b>AMOUNT AND SOURCE OF FUNDING</b>	
Funding is available in the Fiscal Year 2018-2019 Capital Budget of the Austin Water.	
<b>Purchasing Language:</b>	Staff recommendation is selection of the 11 most qualified firms out of 33 firms evaluated through the City's qualification-based selection process.
<b>Prior Council Action:</b>	
<b>Boards and Commission Action:</b>	August 14, 2019 – To be reviewed by the Water and Wastewater Commission.
<b>MBE/WBE:</b>	This contract will be awarded in compliance with City Code Chapter 2-9B (Minority Owned and Women Owned Business Enterprise Procurement Program) by meeting the goals with 15.80% MBE and 15.80% WBE participation.

As a standard business practice, the City routinely engages the services of professional engineering firms to perform analysis, design and support services associated with construction or improvement of City capital assets. Rotation List contracting allows the City to always have a group of qualified consultants available to perform a specific type of recurring work in a timely manner to meet the project and operational needs of the City.

Prior to issuing, this solicitation was reviewed by the City's Rotation List Advisory Committee, which is made up of staff from the Capital Contracting Office, Small and Minority Business Resource Department, Public Works Department, and other user departments. The total authorization amount, the number of firms to be recommended for selection, and the authorization amount per firm were discussed and reviewed by the Committee. The Capital Contracting Office expects that user departments will require these services to meet current and future large diameter water and wastewater pipeline engineering services and capital improvements. These projects will require external professional engineering services to properly plan, evaluate, design, and implement.

The selected firms will provide planning, studies, feasibility engineering, preliminary engineering, design, construction, project delivery support and other engineering services as necessary for any of the projects that are identified as part of the Austin Water Capital and O&M Budgets. Large diameter pipeline projects under this rotation list will generally range in total project cost from \$250,000 to \$5,000,000.

This request allows for the development of a professional services agreement with each of the 11 recommended firms until financial authorization is expended. Initial project assignments will be based on the firm's final ranking as determined during the Request for Qualifications evaluation (highest to lowest), the maximum cumulative contracted amount in comparison to the estimated task budget for that firm, and the firm's qualifications and availability of expertise at time of project need. Per firm authorizations may be increased or decreased, through the life of the contract, based on the needs of a particular assignment and will follow the established rotation list policies and procedures. If the City is unsuccessful in negotiating a satisfactory agreement with a recommended firm(s), if a selected firm ceases practice during the contract period, or if the City elects to terminate its agreement with one of the selected firms, the remaining assignments will be assigned to the remaining firm(s) for the duration of the contract period.

A delay in establishing the 2019 Large Diameter Engineering Rotation List would negatively impact future Water and Waste Water pipeline projects.

**RECOMMENDED FIRMS:**

CAS Consulting and Services, Inc., (MBE/MA) is located in Austin, Texas

Freese and Nichols, Inc., is located in Austin, Texas

CP&Y, Inc., is located in Austin, Texas

Lockwood, Andrews & Newnam, Inc., is located in Austin, Texas

Atkins North America, Inc., is located in Austin, Texas

Jacobs Engineering Group, Inc., is located in Austin, Texas

AECOM Technical Services, Inc., is located in Austin, Texas

Dannenbaum Engineering Company – Austin LLC, is located in Austin, Texas

Pape-Dawson Consulting Engineers, Inc., dba Pape-Dawson Engineers, Inc., is located in Austin, Texas

BGE, Inc./Brown & Gay Engineers, Inc is located in Austin, Texas

K Friese & Associates, Inc. (WBE/FW), is located in Austin, Texas

Information on this solicitation is available through the City's Austin Finance Online website. Link: [Solicitation Documents](#)

## **M/WBE Summary**

Participation subgoals stated in the solicitation were 1.90% African American; 9.00% Hispanic; 4.90% Native Asian; 15.80% WBE. The recommended firms provided a MBE/WBE Compliance Plan that met the goals of the solicitation and was approved by the Small and Minority Business Resources Department.

Public notice was given for this solicitation CLMP262 – 2019 Large Diameter Water & Wastewater Pipeline Engineering Rotation List through the City’s Vendor Connection web portal. Thirty-Three (33) firms submitted qualifications statements and submittals were opened on April 26, 2019. Of the thirty-three submittals received three (3) submittals were from MBE/WBE certified firms.
