

## **CAMINOS BOARD REPORT for 07/2019:**

In July our Caminantes worked really hard to produce, curate, promote and install the Caminos FotoAtx Photography Exhibit currently on display at the Community Gallery. All the elements of the Exhibit and the Opening Party were brought into fruition due to their teamwork and dedication towards professionalism in the arts.

(Caminos Teens getting Musical!)

This year, our Caminos class has a number of talented musicians in its group thus we can expect some performances from them as it was the case this last Saturday at our Community Gallery.

-Our caminantes Ariel Sandoval, Lizeth Espino and Diana Milk-Batista continued to work with Gensler Architects. Tomorrow we will be going to see the final results and designs for the ESB-MACC's future coming from the youth's perspective.

Next, our caminantes will be working on the youth wing of our upcoming 'Viva Mexico' festivities and will also be involved in redesigning our conference room.

### **The BRONZE COMMUNITY BAND:**

The Bronze Community Band continues to hold its meetings and community rehearsals on Sundays; 1-5PM. They will be performing for our community next at Viva Mexico alongside other terrific acts.

Thank you

Frederico Geib  
Program Coordinator
