### **Additional Backup Information:**

The subject property is located in Travis County in Austin's 2-mile ETJ and belongs to the Pflugerville Independent School District (PISD). The 22-acre property functions as the PISD School District Support Services and Transportation Center and is adjacent to a PISD-owned 14.92 acre vacant lot in Austin full purpose jurisdiction immediately to the south. The owner is requesting annexation to Austin full purpose to simplify the development process in order to build a new transportation center on the 14.92 acre site and make additions to the Support Services Facility on the 22 acre site.

Before a municipality may adopt an ordinance annexing an area on request of the owner, the governing body must negotiate and enter into a written agreement with the property owner for the provision of services in the area. State law also requires a municipality to conduct a public hearing to provide persons interested in annexation the opportunity to be heard. The City Council may adopt an ordinance annexing the area for full purposes at the conclusion of the public hearing.

Staff recommends that the City Council set the public hearing and authorize negotiation and execution of an agreement required by Texas law for the owner-initiated full purpose annexation of approximately 22 acres of land in Travis County, known as the PISD Transportation Center site.
