Street Impact Fees

Council Mobility Committee Meeting | August 21, 2019
Austin Transportation Department

Public Hearing

- Conduct Public Hearing Consider & Adopt:
 - Land Use Assumptions
 - Roadway Capacity Plan

Public Information

The screenshot shows the City of Austin website's navigation and content for the Street Impact Fee Study. At the top, there is a navigation bar with links to various city services and a search bar. Below this, a breadcrumb trail reads: Department » Transportation » Divisions » Transportation Systems Development » Programs » Street Impact Fee. A left-hand sidebar lists several menu items, with 'Street Impact Fees' highlighted. The main content area features a large image of a street scene with a cyclist and pedestrians, titled 'Transportation'. Below the image is the heading 'STREET IMPACT FEE' and a paragraph explaining the program. To the right, a 'TOP CONTENT' section lists five items with star icons. Below the main text is a logo for the 'CITY OF AUSTIN STREET IMPACT FEE STUDY SIF' and a section titled 'Street Impact Fee Study Review Materials' with a link to a map. The map is titled 'Street Impact Fee Study - Roadway Capacity Plan'. At the bottom, there is a section titled 'About Street Impact Fees' with a paragraph of text. A blue arrow points from the 'Public Information' text to the 'Street Impact Fee Study Review Materials' section.

STREET IMPACT FEE
The City of Austin is proposing to develop and implement a Street Impact Fee Program. A Street Impact Fee would be a charge assessed on new development to pay for the construction or expansion of roadway facilities that are necessitated by and benefit that new development.

Street Impact Fee Study - Roadway Capacity Plan

About Street Impact Fees
Impact fees are a mechanism for funding public infrastructure necessitated by new development. Across the country, impact fees are used to fund police and fire facilities, parks, schools, streets and utilities. In Texas, the legislature has allowed their use for water, wastewater, street and drainage facilities. The City of Austin has used impact fees to fund water and wastewater improvements since the 1990s.

Prior Meetings & Actions

Council Actions:

- **June 9, 2016:** ATD authorized to procure consultant to develop Street Impact Fees (SIF)
- **October 19, 2017:** City Council Public Hearing
