

CAMINOS BOARD REPORT for 08/2019:

In August our Caminantes began the month hosting the Opening Party for the *Caminos Foto Atx Youth Exhibit* featuring work by Teen photographers from Austin. The exhibit features work from 10 young photographers and was curated and produced 100% by the Caminos Teens. 68 guests were in attendance.

(Caminos Teens getting Musical!)

Five of our Caminantes have begun to put dedicated musical rehearsal time each Saturday as they prepare performances for the ESB_MACC this Fall; at our Dia de Los Muertos Festival and at the 2nd annual Mexamericon; both in November.

-Our caminantes Ariel Sandoval, Lizeth Espino and Diana Milk-Batista finished their work with Gensler Architects. In October's Board of Advisors' meeting we will be presenting the final results of this exciting collaboration in where our Teens were able to work with a team of young architects to visualize the MACC's future and expansion.

-Currently, our caminantes are working on the youth wing of our upcoming 'Viva Mexico'.

They will be working at our Information Table; they will be creating Social Media content and

engagement and they will also be hosting a number of activities for the community including screenprinting; button making; mosaics workshop; face painting and more; all highlighting the themes of our traditions and our culture.festivities.

The BRONZE COMMUNITY BAND:

The Bronze Community Band continues to hold its meetings and community rehearsals on Sundays; 1-5PM. They will be performing for our community next at Viva Mexico alongside other terrific acts.

Thank you
Frederico Geib
Program Coordinator
