re: Case #C14-2019-0078; 4511 Vinson Drive

The case manager has scheduled this case for your September 19th meeting. I am requesting a postponement to October 17th for two reasons:

- (1) I will be out of the country. I am the primary speaker for the SMNP contact team
- (2) We have met with some council members, but will be unable to meet with all before September 19th. Our goal is to meet with everyone before the hearing for first reading.
