# Late Backup

## CM Alter Budget Direction #1

1. Direct the City Manager to use existing clean community fee funds within the Austin Code Department and Austin Resource Recovery to fund allowable costs associated with clean-up of encampments on public property in an amount not to exceed \$\_\_\_\_\_.
2. Direct the City Manager to conduct a fee study during this upcoming budget year related to the clean community fee and costs associated with increased litter abatement, including encampment clean ups, increased street sweeping, and the use of this fee for brush removal that will reduce nuisance conditions.
