ORDINANCE AMENDMENT REVIEW SHEET C20-2019-012

Description:

Discuss and consider an ordinance amending Title 25 of the City Code to correct a Downtown Density Bonus boundary mapping discrepancy for the property at 827 West 12th Street.

Background:

The <u>Downtown Austin Plan (DAP)</u> was adopted with amendments by the Austin City Council in December 2011 by <u>Ordinance No. 20111208-093</u>. The DAP established fundamental principles relating to a Downtown Density Bonus Program (DDBP) to address and provide:

- 1. Maintaining existing height and density limits as a baseline with some adjustments based on the surrounding context;
- 2. Establish a Density Bonus Program for downtown;
- 3. Employ additional density incentives to achieve specific community objectives; and
- 4. Establish specific scale-compatibility standards that are tailored to the downtown context.

Per 25-2-586 (B), floor area ratio (FAR) and height maps were created to describe where the DDBP applies while assigning maximum floor-to-area (FAR) and heights across multiple portions of downtown. (See Attachment "A").

A possible mapping discrepancy was brought to Staff's attention with the intent to understand how the boundary affecting the property at 827 W. 12th Street was derived.

Staff researched the following:

1. Existing lot configuration per filed notes (See Attachment "B")
The existing plat depicts one lot with multiple buildings on the site dating to 2006 and prior to the DAP and the DDBP.

2. Existing lot attributes

- Existing lot is approximately 24,393 ft²;
- Approximately 14,866 ft² of the existing lot is currently included in the DDBP boundary (approximately 61% of the lot); and
- The current DDBP boundary apparently bisects two structures on the site and does not adhere to existing lot lines. (See Attachment "C").

3. Existing zoning

Under Ordinance No. 20190620-124, The existing zoning on the site is Downtown Mixed-use Conditional Overlay (DMU-CO) combining district. The conditional overlay imposed on the site sets a maximum height of a building or structure on the property to not exceed 60 feet. (See Attachment "D").

Item C-11 2 of 12

C20-2019-012

4. Building permit data

Building permit data for the property depicts small alterations, rehabilitations, and interior work to existing structures dating to 1985 without evidence of major construction on the site. (See Attachment "E").

Staff Recommendation:

Staff recommends the proposed code amendment as depicted in the proposed draft maps. (See Attachment "F")

City Council and Board and Commission Actions:

- June 19, 2019 Codes and Ordinances Joint Committee Recommended code amendment to the Planning Commission on a 5-0 vote (Commissioners Kazi and Barrera-Ramirez absent).
- June 20, 2019 City Council approved Ordinance No. 20190620-124 on Third Reading rezoning the subject property from Commercial Services (CS) to DMU-CO.
- July 9, 2019 Planning Commission: Recommended initiation of the code amendment on a 11-0 vote.

Council Action on Code Amendment: Pending

Jorge Rousselin Development Services Division Manager City of Austin 505 Barton Springs Rd, Suite 575 Austin, Texas 78704

Dear Mr. Rousselin,

As the owner of 827 W. 12th Street, I support the proposed code amendment that would modify the Downtown Density Bonus map to include the entirety of the property. We appreciate the City's willingness to address this mapping error.

All best!
